SUPPLEMENTARY INFORMATION:

I. Introduction

The NRC is amending its regulations in parts 1, 37, 40, 50, 55, 74 and 75 of Title 10 of the *Code of Federal Regulations* (10 CFR) to make miscellaneous corrections. These changes include updating the name of the U.S. Government Publishing Office, updating the address for the National Technical Information Service, correcting typographical errors, correcting misspellings, and correcting and removing references. This document is necessary to inform the public of these non-substantive changes to the NRC's regulations.

II. Summary of Changes

10 CFR Part 1

Update Office Address. In § 1.3, this final rule removes the old office address for the "National Technical Information Service" and replaces it with the new address "5301 Shawnee Road, Alexandria, VA 22312."

10 CFR Part 37

Correct Reference. In § 37.23(b)(2), this final rule removes the incorrect reference "§ 37.25(b)" and replaces it with the correct reference "§ 37.25(c)."

10 CFR Part 40

Correct Typographical Error. In § 40.61(a)(2), this final rule removes the first use of the word "or" and replaces it with the word "of."

10 CFR Part 50

Update Office Title and Telephone Number. In Footnote 4 of § 50.49, this final rule removes the old office title for the "U.S. Government Printing Office" and replaces it with the new office title "U.S. Government Publishing Office." This final rule also removes the telephone number "202-275-2060" and replaces it with "202-512-1800."

Remove Reference. In § 50.54, this final rule removes the incorrect reference "(q)" from the introductory text.

Return Omitted Information, Update Access Information, Correct Reference. In § 50.55a, this final rule includes a document that was previously approved for incorporation by reference but inadvertently omitted from the list of incorporated documents in § 50.55a(a)(2). The document is the Institute of Electrical and Electronics Engineers (IEEE) Standard 279-1968, "Proposed IEEE Criteria for Nuclear Power Plant Protection Systems," which was approved for incorporation by reference in 1972 (37 FR 17021; August 24, 1972). The documents currently listed in § 50.55a(a)(2)(i)-(iii) are moved to § 50.55a(a)(2)(ii)-(iv), and IEEE Standard 279-1968 is added back as § 50.55a(a)(2)(i), so that the documents are listed in chronological order. The access information in new § 50.55a(2)(iv) has been updated. This final rule also updates § 50.55a(h)(2) to reference the correct standards.

10 CFR Part 55

Update Office Title and Address. In Footnote 1 of § 55.40, this final rule removes the old office title "U.S. Government Printing Office" and replaces it with the new office title "U.S. Government Publishing Office." This final rule also removes the old office address for the National Technical Information Service and replaces it with the new address "5301 Shawnee Road, Alexandria, VA 22312."

10 CFR Part 74

Correct Spelling. In § 74.4, this final rule corrects the definition of *Tamper-safing* by removing the misspelled word

“previously” and replacing it with the correct word “previously.”

Correct Typographical Error. In § 74.55(b)(2), this final rule removes the incorrect reference “Category BI items” and replaces it with the correct reference “Category IB items.”

10 CFR Part 75

Correct References. In § 75.6(d), this final rule revises the second column of the table by removing the incorrect references “75.11(c)(1),” “75.11(c)(2),” “75.11(c)(3),” “75.11(c)(4),” “75.11(c)(5),” “75.11(c)(6),” and “75.11(c)(7)” and replacing them with the correct references “75.11(b)(1),” “75.11(b)(2),” “75.11(b)(3),” “75.11(b)(4),” “75.11(b)(5),” “75.11(b)(6),” and “75.11(b)(7).”

III. Rulemaking Procedure

Under the Administrative Procedure Act (5 U.S.C. 553(b)), an agency may waive the normal notice and comment requirements if it finds, for good cause, that they are impracticable, unnecessary, or contrary to the public interest. As authorized by 5 U.S.C. 553(b)(3)(B), the NRC finds good cause to waive notice and opportunity for comment on the amendments, because notice and opportunity for comment are unnecessary. The amendments will have no substantive impact and are of a minor and administrative nature dealing with corrections to certain CFR sections related only to management, organization, procedure, and practice. Specifically, the revisions correct typographical errors, misspellings, and incorrect references.

The Commission is exercising its authority under 5 U.S.C. 553(b)(3)(B) to publish these amendments as a final rule. The amendments are effective September 2, 2015. These amendments do not require action by any person or entity regulated by the NRC. Also, the final rule does not change the substantive responsibilities of any person or entity regulated by the NRC.

IV. Environmental Impact: Categorical Exclusion

The NRC has determined that this final rule is the type of action described in 10 CFR 51.22(c)(2), which categorically excludes from environmental review rules that are corrective or of a minor, nonpolicy nature and do not substantially modify existing regulations. Therefore, neither an environmental impact statement nor an environmental assessment has been prepared for this rule.

V. Paperwork Reduction Act Statement

This final rule does not contain information collection requirements and, therefore, is not subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Public Protection Notification

The NRC may not conduct or sponsor, and a person is not required to respond to, a request for information or an information collection requirement unless the requesting document displays a currently valid Office of Management and Budget control number.

VI. Plain Writing

The Plain Writing Act of 2010 (Pub. L. 111–274) requires Federal agencies to write documents in a clear, concise, and well-organized manner. The NRC has written this document to be consistent with the Plain Writing Act as well as the Presidential Memorandum, “Plain Language in Government Writing,” published June 10, 1998 (63 FR 31883).

VII. Backfitting and Issue Finality

The NRC has determined that the corrections in this final rule do not constitute backfitting and are not inconsistent with any of the issue finality provisions in 10 CFR part 52. The revisions are non-substantive in nature, including correcting typographical errors, correcting misspellings, and correcting and removing references. They impose no new requirements and make no substantive changes to the regulations. The corrections do not involve any provisions that would impose backfits as defined in 10 CFR chapter I, or would be inconsistent with the issue finality provisions in 10 CFR part 52. For these reasons, the issuance of the rule in final form would not constitute backfitting or represent an inconsistency with any of the issue finality provisions in 10 CFR part 52. Therefore, the NRC has not prepared any additional documentation for this correction rulemaking addressing backfitting or issue finality.

NATIONAL CREDIT UNION ADMINISTRATION

12 CFR Part 701

RIN 3133–AE39

Federal Credit Union Ownership of Fixed Assets

AGENCY: National Credit Union Administration (NCUA).

ACTION: Final rule.

SUMMARY: The NCUA Board (Board) is amending its regulation governing

federal credit union (FCU) ownership of fixed assets. To provide regulatory relief to FCUs, the final rule eliminates a provision in the current fixed assets rule that established a five percent aggregate limit on investments in fixed assets for FCUs with \$1,000,000 or more in assets. With this elimination, provisions regarding waivers from the aggregate limit are no longer relevant, so the final rule also eliminates those provisions. Instead of applying the prescriptive aggregate limit provided by regulation in the current fixed assets rule, under the final rule, NCUA will oversee FCU
