BILLING CODE 8011-01-P

DEPARTMENT OF STATE

[Public Notice 9210]

Determination Under Section 610 of the Foreign Assistance Act of 1961, As Amended

Pursuant to the authority vested in me by section 610 of the Foreign Assistance Act of 1961, as amended (the "Act"), and the President's Memorandum of Delegation dated April 16, 2015, I hereby determine it necessary for the purposes of the Act that pursuant to the relevant authorities of the Act, the following funds be transferred to, and consolidated with, funds made available under chapter 4 of part II of the Act, and such funds are hereby so transferred and consolidated:

- \$12,150,000 of Fiscal Year 2014 funds from the Nonproliferation, Antiterrorism, Demining and Related

Programs account to the Economic Support Fund account.

This determination shall be reported to Congress and published in the **Federal Register**.

John F. Kerry,

Secretary of State.

BILLING CODE 4710-AD-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. FAA-2014-0510]

Implementation of Legislative Categorical Exclusion for Environmental Review of Performance Based Navigation Procedures

AGENCY: Federal Aviation Administration, Transportation.

ACTION: Final Notice to Announce Implementation of Section 213(c)(2) CATEX and Disposition of Public Comments.

SUMMARY: On August 19, 2014, the Federal Aviation Administration (FAA) published in the **Federal Register** [79 FR 49141-49144] a notice regarding the FAA's consideration of how to implement Section 213(c)(2) of the FAA Modernization and Reform Act of 2012. Section 213(c)(2) directs the FAA to issue and file a categorical exclusion for any navigation performance or other performance based navigation procedure that would result in measureable reductions in fuel consumption, carbon dioxide emissions, and noise on a per flight basis as compared to aircraft operations that follow existing instrument flight rule procedures in the same airspace. To inform the FAA's consideration of interpretative guidance regarding Section 213(c)(2), the FAA's August 19 notice requested public comment on a Net Noise Reduction Method recommended by the NextGen Advisory Committee (NAC) and possible variations on this method. The FAA has reviewed and considered all comments and has decided to issue interpretative guidance to implement Section 213(c)(2) using the Net Noise Reduction Method with two variations to the NAC's recommendation, as described in this final notice.

DATES: The effective date of this implementation will be the date the FAA issues the interpretative guidance.

SUPPLEMENTARY INFORMATION:

Background

The National Environmental Policy Act (NEPA) establishes a broad national policy to protect the quality of the human environment and to ensure that environmental considerations are given careful attention and appropriate weight in decisions of the Federal Government. Regulations promulgated by the Council on Environmental Quality (CEQ) (40 CFR parts 1500-1508) to implement NEPA establish three levels of environmental review for federal actions. An environmental impact statement (EIS) is the detailed written statement as required by section 102(2)(C) of NEPA, and is prepared for those actions when one or more environmental impacts are potentially significant and mitigation measures cannot reduce the impact(s) below significant levels. 40 CFR 1508.11. An environmental assessment (EA) is a more concise document that provides a basis for determining whether to prepare an environmental impact statement or a finding of no significant impact. 40 CFR 1508.9. A categorical exclusion (CATEX) is used for actions which do not individually or cumulatively have a significant effect on the human environment. 40 CFR 1508.4. A CATEX is not an exemption or waiver of NEPA review; it is a level of NEPA review.

CEQ regulations require agency procedures to identify classes of actions which normally require an EIS or an EA, as well as those actions which normally do not require either an EIS or an EA (*i.e.*, a CATEX). 40 CFR 1507.3(b). In addition to identifying actions that normally are CATEXed, an agency's procedures must also provide for extraordinary circumstances in which a normally excluded action may have a significant environmental effect which would preclude the use of a CATEX. 40 CFR 1508.4.

The FAA has adopted policy and procedures for compliance with NEPA and CEQ's implementing regulations in Order 1050.1F, Environmental Impacts: Policies and Procedures, dated July 16, 2015 [80 **Federal Register** 44207, July 24, 2015]. Order 1050.1F lists FAA actions subject to a CATEX in accordance with CEQ regulations, including CATEXs for FAA actions involving establishment, modification, or application of airspace and air traffic procedures.
