SUPPLEMENTARY INFORMATION:

A. Purpose

The General Services Administration will be requesting the Office of Management and Budget to extend information collection 3090-0007, concerning GSA Form 527, Contractor's Qualifications and Financial Information. This form is used to determine the financial capability of prospective contractors as to whether they meet the financial responsibility standards in accordance with the Federal Acquisition Regulation 9.103(a) and 9.104-1 and also the General Services Administration Acquisition Manual 509.105-1.

B. Annual Reporting Burden

Respondents: 2,940.
Responses Per Respondent: 1.2.
Total Responses: 3,528.
Hours per Response: 1.5.
Total Burden Hours: 5,292.

The estimated annual burden has decreased since GSA's 2012 submission from 8,820 burden hours to 5,292 burden hours to reflect the widespread use of the option for potential contractors to submit financial statements and balance sheets in lieu of completing the applicable fields on GSA Form 527. The alternate submission of financial statements and balance sheets significantly reduces the burden on prospective contractors, as these documents are generally readily available. As such, the average estimated hours to complete a response has been reduced from 2.5 hours per response to 1.5 hours.

Obtaining Copies of Proposals: Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW., Washington, DC 20405, telephone 202-501-4755. Please cite OMB Control No. 3090-0007, Contractor's Qualifications and Financial Information (GSA Form 527), in all correspondence.

Public Comments: Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected.

Dated: July 30, 2015.

SUPPLEMENTARY INFORMATION:

A. Purpose

The GSA Mentor-Protégé Program is designed to encourage GSA prime contractors to assist small businesses, small disadvantaged businesses, women-owned small businesses, veteran-owned small businesses, service-disabled veteran-owned small businesses, and HUBZone small businesses in enhancing their capabilities to perform GSA contracts and subcontracts, foster the establishment of long-term business relationships between these small business entities and GSA prime contractors, and increase the overall number of small business entities that receive GSA contract and subcontract awards.

B. Discussion and Analysis

One comment was received from the Center for Equal Opportunity. The comment suggests that the GSA Mentor-Protégé Program use neither preferences nor classifications on the basis of race, ethnicity, or sex. The program does not distinguish firms on the basis of race or ethnicity. Women-owned small business firms may be distinguished as this is a small business category recognized by statute through the Small Business Act (15 U.S.C. Chapter 14a). This notice regards the information collection related to administering the GSA Mentor-Protégé Program. Any changes to the program itself would be handled separately through the rulemaking process.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

General Services Administration Acquisition Regulation; Submission for OMB Review; Preparation, Submission, and Negotiation of Subcontracting Plans

AGENCY: Office of Acquisition Policy, General Services Administration (GSA).

ACTION: Notice of request for comments regarding an extension to an existing OMB clearance.

SUMMARY: Under the provisions of the Paperwork Reduction Act, the Regulatory Secretariat Division will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a previously approved information collection requirement regarding preparation, submission, and negotiation of subcontracting plans.

This information collection will ensure that small and small, disadvantaged business concerns are afforded the maximum practicable opportunity to participate as subcontractors in negotiated procurements. The Preparation, Submission, and Negotiation of the Subcontracting Plans provision requires for all negotiated solicitations, having an anticipated award value over \$650,000 (\$1,500,000 for construction), the submission of a subcontracting plan with an offeror's proposal. A notice was published in the **Federal Register** at 80 FR 27308 on May 13, 2015. No Comments were received.

DATES: Submit comments on or before: September 4, 2015.

SUPPLEMENTARY INFORMATION:

A. Purpose

The GSAR provision at 552.219-72 requires all offerors, other than small business concerns, responding to a negotiated solicitation to submit a subcontracting plan with their respective offers so that a plan can be negotiated concurrently with other parts of the proposal, including price and any technical and management proposals. The respondents are potential GSA contractors. The provision may be used when the contracting officer believes that the potential contract provides significant opportunities for small businesses as subcontractors.

The contracting officer will use the information to evaluate whether GSA's expectation that subcontracting opportunities exist for small businesses is reasonable under the circumstances; negotiate goals consistent with statutory requirements and acquisition objectives; and expedite the award process. The provision is not applicable if an offeror submits a previously-approved commercial subcontracting plan.

B. Annual Reporting Burden

Respondents: 1,440.

Responses per Respondent: 1.

Total Annual Responses: 1,440.

Hours per Response: 12.
