#### Request for Nominations for the National Park Service Alaska Region Subsistence Resource Commission Program

**AGENCY:** National Park Service, Interior.

**ACTION:** Request for nominations.

**SUMMARY:** The National Park Service (NPS) is seeking nominations for new members to represent subsistence users on the following Subsistence Resource Commissions (SRC): The Aniakchak National Monument SRC, the Cape Krusenstern National Monument SRC, the Denali National Park SRC, the Gates of the Arctic National Park SRC, the Kobuk Valley National Park SRC, and the Lake Clark National Park SRC.

**DATES:** Nominations must be postmarked by September 4, 2015.

**ADDRESSES:** Nominations should be sent to: Clarence Summers, Subsistence Manager, National Park Service, Alaska Regional Office, 240 W. 5th Avenue, Anchorage, AK 99501; or via email at [clarence\\_summers@nps.gov](mailto:clarence_summers@nps.gov).

**SUPPLEMENTARY INFORMATION:** The NPS SRC program is authorized under section 808 of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3118). The SRCs hold meetings to develop NPS subsistence program recommendations and advise on related regulatory proposals and resource management issues.

Each SRC is composed of nine members: (a) Three members appointed by the Secretary of the Interior; (b) three members appointed by the Governor of the State of Alaska; and (c) three members appointed by a Regional Advisory Council (RAC), established pursuant to 16 U.S.C. 3115, which has jurisdiction within the area in which the park is located. Each of the three members appointed by the RAC must be a member of either the RAC or a local advisory committee within the region who also engages in subsistence uses within the Park or Park Monument.

We are now seeking nominations for those three members of each of the SRCs listed above. These members are to be appointed by the Secretary of the Interior.

Members will be appointed for a term of three years. Members of the SRC receive no pay, allowances, or benefits by reason of their service on the SRC. However, while away from their homes or regular places of business in the performance of services for the SRC, and as approved by the Designated Federal Officer (DFO), members may be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in Government service are allowed such expenses under section 5703 of title 5 of the United States Code.

SRC meetings will take place at such times as designated by the DFO. Members are expected to make every effort to attend all meetings. Members may not appoint deputies or alternates.

Individuals who are federally registered lobbyists are ineligible to serve on all FACA and non-FACA boards, committees, or councils in an individual capacity. The term "individual capacity" refers to individuals who are appointed to exercise their own individual best judgment on behalf of the government, such as when they are designated Special Government Employees, rather

than being appointed to represent a particular interest.

### Seeking Nominations for Members

We are seeking nominations for members to represent subsistence users on each of the six SRCs listed above. All those interested in serving as members, including current members whose terms are expiring, must follow the same nomination process. Nominations should include a resume providing an adequate description of the nominee's qualifications, including information that would enable the Department of the Interior to make an informed decision regarding meeting the membership requirements of the SRC, and to permit the Department to contact a potential member.

### Notice of Inventory Completion: Museum of Anthropology at Washington State University, Pullman, WA

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

**SUMMARY:** The Museum of Anthropology at Washington State University has completed an inventory of human remains, in consultation with the appropriate Indian tribes or Native Hawaiian organizations, and has determined that there is a cultural affiliation between the human remains and present-day Indian tribes or Native Hawaiian organizations. Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request to the Museum of Anthropology at Washington State University. If no additional requestors come forward, transfer of control of the human remains to the lineal descendants, Indian tribes, or Native Hawaiian organizations stated in this notice may proceed.

**DATES:** Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to

request transfer of control of these human remains should submit a written request with information in support of the request to the Museum of Anthropology at Washington State University at the address in this notice by September 4, 2015.

**ADDRESSES:** Mary Collins, Director Emeritus, Museum of Anthropology Washington State University, Pullman, WA 99164-4910, telephone (509) 592-6929, email *collinsm@wsu.edu*.

**SUPPLEMENTARY INFORMATION:** Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains under the control of the Museum of Anthropology at Washington State University Pullman, WA. The human remains were removed from near the mouth of Crab Creek in Grant County, WA.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations in this notice.

### Consultation

A detailed assessment of the human remains was made by the Museum of Anthropology at Washington State University professional staff in consultation with representatives of the Confederated Tribes and Bands of the Yakama Nation, Confederated Tribes of the Colville Reservation, and the Wanapum Band, a non-federally recognized Indian group.

### History and Description of the Remains

In 1957, human remains representing, at minimum, one individual were removed from near the mouth of Crab Creek in Grant County, WA. No information about why or how the human remains were collected has been located. No known individuals were identified. No associated funerary objects are present. The human remains consist of a single lot of sand, ash, charcoal, and fragmentary human remains and are believed to be the remnants of a cremation feature. The human remains were found in a box labeled with the date and location from which the human remains were removed and the names of two students who are presumed to have done the removal. Attempts to locate and communicate with the students were not successful. Although not the most

common form of burial, cremation was practiced by a number of Native American groups along the Columbia River from very ancient to relatively recent times.

### Determinations Made by the Museum of Anthropology at Washington State University

Officials of the Museum of Anthropology at Washington State University have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and the Confederated Tribes and Bands of the Yakama Nation and the Confederated Tribes of the Colville Reservation. Additionally, a cultural relationship is determined to exist between the human remains and the Wanapum Band, a non-federally recognized Indian group.

### Additional Requestors and Disposition

Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to Mary Collins, Director Emeritus, Museum of Anthropology at Washington State University, Pullman, WA 99164-4910, telephone (509) 592-6929, email *collinsm@wsu.edu*, by September 4, 2015. After that date, if no additional requestors have come forward, transfer of control of the human remains to the Confederated Tribes and Bands of the Yakama Nation, the Confederated Tribes of the Colville Reservation, and, if joined to one or more of the culturally affiliated tribes, the Wanapum Band, a non-federally recognized Indian group, may proceed.

The Museum of Anthropology at Washington State University is responsible for notifying the Confederated Tribes and Bands of the Yakama Nation, Confederated Tribes of the Colville Reservation, and the Wanapum Band, a non-federally recognized Indian group, that this notice has been published.
