

VA facility for the receipt of primary care, specialty care, and hospital care and medical services based on the general severity of the condition of the veteran. Whenever the wait-times for the scheduling of such an appointment change, the Act also requires the Secretary to publish the revised wait-times on a publicly-accessible Internet Web site of each VA Medical Center not later than 30 days after such change and in the **Federal Register** not later than 90 days after such change.

VA publishes wait-times for the scheduling of appointments in each VA facility for primary care, specialty care, and mental health services twice each month. VA also publishes a **Federal Register** Notice every 90 days to notify the public of the availability of this wait-time data. This wait-time data uses the Veteran's preferred date or the clinically appropriate date for scheduling an appointment.

The wait-time data report, which also includes data at the Community-Based Outpatient Clinic level for all VA facilities, can be found using the following link: <http://www.va.gov/health/access-audit.asp>.
