

percentage of revenue by class of customer (for selected industries) on a quarterly basis. In addition, the QSS provides the only current quarterly measure of total expenses from tax-exempt firms in industries that have a large not-for-profit component. All respondent data are received by mail, facsimile, telephone, or Internet reporting.

The total revenue estimates produced from the QSS provide current trends of economic activity in the service industry in the United States from service providers with paid employees.

In addition to revenue, we also collect total expenses from tax-exempt firms in industries that have a large not-for-profit component. Expenses provide a better measure of the economic activity of these firms. Expense estimates produced by the QSS, in addition to inpatient days and discharges for the hospital industry, are used by the Centers for Medicare and Medicaid Services (CMS) to project and study hospital regulation, Medicare payment adequacy, and other related projects. For select industries in the Arts, entertainment, and recreation sector, the survey produces estimates of admissions revenue.

We will continue to publish no later than 75 days after the end of each calendar quarter.

Reliable measures of economic activity are essential to an objective assessment of the need for, and impact of, a wide range of public policy decisions. The QSS supports these measures by providing the latest estimates of service industry output on a quarterly basis.

Currently, the U.S. Census Bureau collects, tabulates, and publishes estimates to provide, with measurable reliability, statistics on domestic service total revenue, total expenses, and percentage of revenue by class of customer for select service providers. In addition, the QSS produces estimates for inpatient days and discharges for hospitals. In the future, QSS may produce breakdowns of revenue from financial firms. This depends on the quality and amount of data received as well as its reliability and accuracy.

The BEA is the primary Federal user of QSS results. The BEA utilizes the QSS estimates to make improvements to the national accounts for service industries. In the National Income and Product Accounts (NIPA), the QSS estimates allow more accurate estimates of both Personal Consumption Expenditures (PCE) and private fixed investment. For example, recently published revisions to the quarterly NIPA estimates resulted from the incorporation of new source data from

the QSS. Revenue estimates from the QSS are also used to produce estimates of gross output by industry that allow BEA to produce a much earlier release of the gross domestic product by industry estimates.

Estimates produced from the QSS are used by the BEA as a component of quarterly GDP estimates. The estimates also provide the Federal Reserve Board (FRB) and Council of Economic Advisors (CEA) with timely information on current economic performance. All estimates collected from this survey are used extensively by various government agencies and departments on economic policy decisions; private businesses; trade organizations; professional associations; academia; and other various business research and analysis organizations.

The CMS uses the QSS estimates to develop hospital spending estimates in the National Accounts. In addition, the QSS estimates improve their ability to analyze hospital spending trends. The CMS also uses the estimates in its healthcare indicator analysis publication; ten-year health spending forecast estimates; and studies in hospital regulation and Medicare policy, procedures, and trends.

The Medicare Payment Advisory Commission (MedPac) utilizes the QSS estimates to assess payment adequacy in the current Medicare program.

The FRB and the CEA use the QSS information to better assess current economic performance. In addition, other government agencies, businesses, and investors use the QSS estimates for market research, industry growth, business planning and forecasting.

Foreign-Trade Zone 225—Springfield, Missouri; Application for Expansion (New Magnet Site) Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the City of Springfield Airport Board, grantee of Foreign-Trade Zone 225, requesting authority to expand its zone under the alternative site framework (ASF) adopted by the Board (15 CFR Sec. 400.2(c)) to include a new magnet site in Neosho, Missouri. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on August 10, 2015.

FTZ 225 was established by the Board on August 1, 1997 (Board Order 911, 62 FR 43143, 8/12/1997) and reorganized and expanded under the alternative site framework on September 30, 2011 (Board Order 1782, 76 FR 63285, 10/12/

2011). The zone currently has a service area that includes the Counties of Barry, Barton, Cedar, Christian, Dade, Dallas, Douglas, Greene, Hickory, Howell (partial), Jasper, Laclède, Lawrence, McDonald, Newton, Ozark, Polk, Stone, Taney, Texas (partial), Vernon, Webster and Wright. The zone consists of the following sites: *Site 1* (2,363 acres)—Springfield-Branson National Airport Complex, five miles northwest of downtown, Springfield; *Site 2* (88.77 acres, sunset 9/30/2017)—Jarden Consumer Solutions, 303 Nelson Avenue, Neosho; and, *Site 3* (55 acres, sunset 5/31/2016)—General Dynamics Ordnance and Tactical Systems, 4174 County Road 180, Carthage.

The applicant is now requesting authority to expand its zone to include an additional magnet site: *Proposed Site 4* (297.97 acres)—Neosho Industrial Park located in Neosho (Newton County). The application indicates that the proposed site is adjacent to the Springfield Customs and Border Protection port of entry.

In accordance with the Board's regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 13, 2015. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to October 28, 2015.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.
