Consistent with the Department's assessment practice in non-market economy ("NME") cases,<sup>8</sup> where a respondent has no entries during the period of review, it is appropriate not to rescind the review in part in this circumstance but, rather, to complete the review with respect to that respondent and issue appropriate instructions to CBP based on the final results of the review.<sup>9</sup> Therefore, the Department finds that it is appropriate not to rescind the review in these circumstances, but rather to complete the review with respect to PAL and issue appropriate instructions to CBP based on the final results of the review.<sup>10</sup>

### Analysis of Comments Received

All issues raised in the case brief and the rebuttal brief filed in this review are addressed in the Issues and Decision Memorandum.<sup>11</sup> The issue parties raised and to which we responded in the Issues and Decision Memorandum follows as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically *via* Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS"). ACCESS is available to registered users at <http://access.trade.gov> and in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://www.trade.gov/enforcement/>. The signed Issues and Decision Memorandum and the

electronic version of the Issues and Decision Memorandum are identical in content.

### Final Results of Review

Because record evidence indicates that PAL, the only company under review, had no reviewable transactions during the POR, and consistent with our assessment practice, it is appropriate not to rescind the review.<sup>12</sup> Therefore, for these final results, we have completed the review with respect to PAL and continue to find that it had no reviewable transactions during the POR. We note that PAL does not have an individual rate, or a separate rate, and has never been reviewed in any other prior segment. Thus, PAL is considered part of the PRC-wide entity, and the PRC-wide entity rate is 128.94 percent.

### Assessment Rates

Because the single company under review was found to have no reviewable transactions, we have not calculated any assessment (or cash deposit) rates in this review. The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review.

### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For previously investigated or reviewed PRC and non-PRC exporters that received a separate rate in a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (2) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity, which is 128.94 percent;<sup>13</sup> and (3) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter.

These deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

### Notification to Interested Parties

These final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: August 7, 2015.

#### Hand Trucks and Certain Parts Thereof From the People's Republic of China: Continuation of Antidumping Duty Order

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** *Effective date:* August 19, 2015.

**SUMMARY:** As a result of the determinations by the Department of Commerce (the Department) and the International Trade Commission (ITC) that revocation of the antidumping duty order on hand trucks and certain parts thereof (hand trucks) from the People's Republic of China (PRC) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation for this antidumping duty order.

**Contact Information:** Jacqueline Arrowsmith, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-5255.

#### SUPPLEMENTARY INFORMATION:

##### Background

On March 2, 2015, the Department initiated this sunset review on the antidumping duty order on hand trucks from the PRC, pursuant to section 751(c) and 752 of the Tariff Act of 1930, as amended (the Act).<sup>1</sup> As a result of the review, the Department found that revocation of the antidumping order

would likely lead to a continuation or recurrence of dumping, and therefore, notified the ITC of the magnitude of the dumping margins likely to prevail were the order to be revoked.<sup>2</sup> On August 5, 2015, the ITC published its determination pursuant to section 751(c) and 752 of the Act that revocation of the antidumping duty order of hand trucks from the PRC would lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>3</sup>

#### Scope of the Order for Hand Trucks

The merchandise subject to this antidumping duty order consists of hand trucks manufactured from any material, whether assembled or unassembled, complete or incomplete, suitable for any use, and certain parts thereof, namely the vertical frame, the handling area and the projecting edges or toe plate, and any combination thereof.

A complete or fully assembled hand truck is a hand-propelled barrow consisting of a vertically disposed frame having a handle or more than one handle at or near the upper section of the vertical frame; at least two wheels at or near the lower section of the vertical frame; and a horizontal projecting edge or edges, or toe plate, perpendicular or angled to the vertical frame, at or near the lower section of the vertical frame. The projecting edge or edges, or toe plate, slides under a load for purposes of lifting and/or moving the load.

That the vertical frame can be converted from a vertical setting to a horizontal setting, then operated in that horizontal setting as a platform, is not a basis for exclusion of the hand truck from the scope of this petition. That the vertical frame, handling area, wheels, projecting edges or other parts of the hand truck can be collapsed or folded is
