Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, a consent agreement applicable to NAICS Association, LLC. ("NAICS").

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed order.

This matter concerns alleged false or misleading representations that NAICS made to consumers concerning its participation in the Safe Harbor privacy frameworks agreed upon by the U.S. and the European Union ("EU") and the U.S. and Switzerland (collectively, "Safe Harbor Frameworks"). The Safe Harbor Frameworks allow U.S. companies to transfer data outside the EU and Switzerland consistent with EU and Swiss law. To join the Safe Harbor Frameworks, a company must self-certify to the U.S. Department of Commerce ("Commerce") that it complies with a set of principles and related requirements that have been deemed by the European Commission and Switzerland as providing "adequate" privacy protection. These principles include notice, choice, onward transfer, security, data integrity, access, and enforcement. Commerce maintains a public Web site, www.export.gov/safeharbor, where it posts the names of companies that have self-certified to the Safe Harbor

Frameworks. The listing of companies indicates whether their self-certification is "current" or "not current." Companies are required to re-certify every year in order to retain their status as "current" members of the Safe Harbor Frameworks.

NAICS provides services to assist companies in working with or understanding NAICS ("North American Industry Classification System") and SIC ("Standard Industry Classification") system codes. According to the Commission's complaint, NAICS has set forth on its Web site, <http://www.naics.com/privacy-policy/>, privacy policies and statements about its practices, including statements related to its participation in the Safe Harbor Frameworks.

The Commission's complaint alleges that NAICS falsely represented that it was a "current" participant in the Safe Harbor Frameworks when, in fact, from February 2014 until April 2015, NAICS was not a "current" participant in the Safe Harbor Frameworks. The Commission's complaint alleges that in February 2013, NAICS submitted its self-certification to the Safe Harbor Frameworks. NAICS did not renew its self-certification in February 2014 and Commerce subsequently updated NAICS's status to "not current" on its public Web site.

Part I of the proposed order prohibits NAICS from making misrepresentations about its membership in any privacy or security program sponsored by the government or any other self-regulatory or standard-setting organization, including, but not limited to, the U.S.-EU Safe Harbor Framework and the U.S.-Swiss Safe Harbor Framework.

Parts II through VI of the proposed order are reporting and compliance provisions. Part II requires NAICS to retain documents relating to its compliance with the order for a five-year period.

Part III requires dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part IV ensures notification to the FTC of changes in corporate status. Part V mandates that NAICS submit an initial compliance report to the FTC, and make available to the FTC subsequent reports. Part VI is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order's terms in any way.

By direction of the Commission.

Donald S. Clark,
Secretary.

Analysis of Proposed Consent Order to Aid Public Comment

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, a consent agreement applicable to Forensics Consulting Solutions, LLC ("Forensics Consulting Solutions").

The proposed consent order has been placed on the public record for thirty

(30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed order.

This matter concerns alleged false or misleading representations that the company made to consumers concerning its participation in the Safe Harbor privacy Framework agreed upon by the U.S. and the European Union ("EU") ("U.S.-EU Safe Harbor Framework"). The U.S.-EU Safe Harbor Framework allows U.S. companies to transfer data outside the EU consistent with EU law. To join the U.S.-EU Safe Harbor Framework, a company must self-certify to the U.S. Department of Commerce ("Commerce") that it complies with a set of principles and related requirements that have been deemed by the European Commission as providing "adequate" privacy protection. These principles include notice, choice, onward transfer, security, data integrity, access, and enforcement. Commerce maintains a public Web site, www.export.gov/safeharbor, where it posts the names of companies that have self-certified to the Safe Harbor Framework. The listing of companies indicates whether their self-certification is "current" or "not current." Companies are required to re-certify every year in order to retain their status as current members of the Safe Harbor Framework.

Forensics Consulting Solutions describes itself as an electronic discovery consulting firm. According to the Commission's complaint, the company has set forth on its Web site, www.aboutfcs.com/security-privacy, privacy policies and statements about its practices, including statements related to its participation in the U.S.-EU Safe Harbor Framework.

The Commission's complaint alleges that Forensics Consulting Solutions falsely represented that it was a "current" participant in the U.S.-EU Safe Harbor Framework when, in fact, from August 2012 until May 2015, Forensics Consulting Solutions was not a "current" participant in the U.S.-EU Safe Harbor Framework. The Commission's complaint alleges that in August 2009, Forensics Consulting Solutions submitted its self-certification to the U.S.-EU Safe Harbor Framework and its status was listed as "current" on Commerce's Web site. Forensics Consulting Solutions did not renew its self-certification in August 2012 and

¹ In particular, the written request for confidential treatment that accompanies the comment must include the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. See FTC Rule 4.9(c), 16 CFR 4.9(c).

Commerce subsequently updated Forensics Consulting Solutions' status to "not current" on its public Web site. In May 2015, Forensics Consulting Solutions recertified with Commerce and is now a current participant in the U.S.-EU Safe Harbor Framework.

Part I of the proposed order prohibits Forensics Consulting Solutions from making misrepresentations about its membership in any privacy or security program sponsored by the government or any self-regulatory or standard-setting organization, including, but not limited to, the U.S.-EU Safe Harbor Framework.

Parts II through VI of the proposed order are reporting and compliance provisions. Part II requires Forensics Consulting Solutions to retain documents relating to its compliance with the order for a five-year period. Part III requires dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part IV ensures notification to the FTC of changes in corporate status. Part V mandates that Forensics Consulting Solutions submit an initial compliance report to the FTC, and make available to the FTC subsequent reports. Part VI is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order's terms in any way.

By direction of the Commission.

Secretary.

Proposed Project

The School-Associated Violent Death Surveillance System (SAVD)—Revision (OMB# 0920-0604, expiration 04/30/2016)—National Center for Injury Prevention and Control (NCIPC), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

School-associated violence, particularly homicides and suicides that occur in schools, has been a significant public concern for several years. Despite the important role of schools as a setting for violence research and prevention interventions, relatively little scientific or systematic work has been conducted to describe the nature and level of fatal violence associated with schools. Public health and education officials have had to rely on limited local studies and estimated numbers to describe the extent of school-associated violent death. As a result, the U.S. Department of Education (DOE) requested assistance from the Division of Violence
