DATES: Comments must be received on or before September 25, 2015.

ADDRESSES: Comments on this application may be mailed or delivered to the following address:

Authority, 700 Airport Road, Suite 204, Montoursville, Pennsylvania 17754.

and at the FAA Harrisburg Airports District Office:

FOR FURTHER INFORMATION CONTACT:

The request to lease property may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to change Airport Property from aeronautical use to non-aeronautical use at the Williamsport Regional Airport under the provisions of section 47125(a) of title 49 U.S.C. On August 12, 2015, the FAA determined that the request to lease airport property for non-aeronautical purpose at the Williamsport Regional Airport (IPT), Montoursville, Pennsylvania, submitted by the Williamsport Municipal Airport Authority (Authority) met the procedural requirements.

The following is a brief overview of the request:

The Authority requests the change in use to lease approximately 35.43 acres of airport property to Hanson Aggregates Pennsylvania LLC, of Allentown, Pennsylvania to mine for sand and gravel. The land was acquired without Federal participation. The undeveloped property is located in the Borough of Montoursville, Lycoming County, Pennsylvania, immediately north of the Susquehanna River and adjacent to and south of the Williamsport Regional Airport. Hanson is proposing to lease the property for a period of twenty (20) years with an optional 5-year extension, for purposes of mining sand and gravel. As shown on the Airport Layout Plan, the property does not serve an aeronautical purpose and is not needed for future airport development. In lieu of a Fair Market Value (FMV) lease, Hanson will pay the Authority a royalty of \$0.25 per ton for the first year of the lease, with a yearly escalator based on the Bureau of Labor Statistics Producers Price Index (PPI) for sand and gravel. The anticipated tonnage to be mined within this area is approximately 4,000,000 tons. Also, Hanson also will convey 7.07 acres of property to the Authority at no cost, for use by the Authority for aeronautical purposes. Finally, Hanson will release the Authority's obligations from a mining permit on 16.403 acres of property
