BILLING CODE 4710–05–P

DEPARTMENT OF STATE

[Public Notice: 9240]

In the Matter of the Designation of Sajid Mohammad Badat as a Specially Designated Global Terrorist Pursuant Section 1(b) of Executive Order 13224, as Amended

In accordance with section 1(b) of Executive Order 13224 of September 23, 2001, as amended (“the Order”), I hereby determine that the individual known as Sajid Mohammad Badat, also known as other aliases and transliterations, no longer meets the criteria for designation under the Order, and therefore I hereby revoke the designation of the aforementioned individual as a Specially Designated Global Terrorist pursuant to section 1(b) of the Order.

This determination shall be published in the **Federal Register**.

Dated: August 3, 2015.

John F. Kerry,

Secretary of State.

Foreign Affairs Policy Board Charter Renewal

AGENCY: Department of State.

Charter Renewal

In accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. App., the Department of State announces the Charter of the Foreign Affairs Policy Board, established July 2011, was renewed for a two-year period. The Board is established under the general authority of the Secretary of State and the Department of State set forth in title 22 of the United States Code, in particular Section 2656 of that Title, and consistent with the Federal Advisory Committee Act, as amended (5 U.S.C., Appendix).

The Foreign Affairs Policy Board was established to provide the Secretary of State, the Deputy Secretaries of State, and the Director of Policy Planning with independent, informed advice and

opinions concerning matters of U.S. foreign policy. It is comprised of twenty-five distinguished U.S. citizens from the private sector, nongovernmental organizations, think tanks, and academia.

BILLING CODE 4710–10–P

DEPARTMENT OF STATE

[Public Notice: 9233]

Issuance of a Presidential Permit to Plains Pipeline, L.P.

AGENCY: Department of State.

ACTION: Notice of Issuance of a Presidential Permit to Plains Pipeline, L.P. to connect, operate, and maintain existing pipeline facilities at the international boundary between the United States and Canada.

SUMMARY: The Department of State issued a Presidential Permit to Plains Pipeline, L.P. on August 3, 2015 to connect, operate, and maintain existing pipeline facilities acquired by that company at the border of the United States and Canada for the transport of crude oil between the United States and Canada. The Department of State determined that issuance of this permit would serve the national interest. In making this determination and issuing the permit, the Department of State followed the procedures established under Executive Order 13337, and provided public notice and opportunity for comment.

FOR FURTHER INFORMATION CONTACT:

Office of Europe, Western Hemisphere and Africa, Bureau of Energy Resources, U.S. Department of State (ENR/EDP/EWA). 2201 C St. NW., Ste. 4843, Washington DC 20520. Attn: Deputy Director. Tel: 202–647–2041.

Dated: August 13, 2015.

R. Chris Davy,

Acting Director, Energy Resources Bureau, Energy Diplomacy (ENR/EDP/EWA), Bureau of Energy Resources, U.S. Department of State.

SUPPLEMENTARY INFORMATION:

Additional information concerning the Plains Pipeline, L.P. pipeline facilities and documents related to the Department of State’s review of the application for a Presidential Permit can be found at <http://www.state.gov/e/enr/applicant>. Following is the text of the issued permit:

PRESIDENTIAL PERMIT

AUTHORIZING PLAINS PIPELINE, L.P. TO CONNECT, OPERATE, AND MAINTAIN EXISTING PIPELINE FACILITIES AT THE INTERNATIONAL BOUNDARY BETWEEN THE UNITED STATES AND CANADA

By virtue of the authority vested in me as Under Secretary of State for Economic Growth, Energy, and the Environment, including those authorities under Executive Order 13337, 69 FR 25299 (2004), and Department of State Delegation of Authority 118–2 of January 26, 2006; having requested and received the views of members of the public and various federal agencies; I hereby grant permission, subject to the conditions herein set forth, to Plains Pipeline, L.P. (hereinafter referred to as the “permittee”), organized under the laws of the State of Texas, to connect, operate, and maintain existing pipeline facilities at the border of the United States and Canada near Raymond, Montana, for the transport of crude oil between Canada and the United States.

The term “facilities” as used in this permit means the relevant portion of the pipelines and any land, structures, installations, or equipment appurtenant thereto. The term “United States facilities” as used in this permit includes a 12¾-inch pipeline in existence at the time of this permit’s issuance and extending from the international border between the United States and Canada to the first block valve located in the United States, with the coordinates 104 42.934 W, 48 59.931 N.

This permit is subject to the following conditions:

Article 1. (1) The United States facilities herein described, and all aspects of their operation, shall be subject to all the conditions, provisions, and requirements of this permit and any amendment thereof. This permit may be terminated or amended at any time at the discretion of the Secretary of State or the Secretary’s delegate or upon proper application therefor. The permittee shall make no substantial change in the United States facilities, the location of the United States facilities, or in the operation authorized by this permit until such changes have been approved by the Secretary of State or the Secretary’s delegate.

(2) The connection, operation, and maintenance of the United States facilities shall be in all material respects as described in the permittee’s December 20, 2013 application for a Presidential Permit and supplemental

letter dated October 21, 2014 (the "Application").

Article 2. The standards for, and the manner of, the operation and maintenance of the United States facilities shall be subject to inspection and approval by the representatives of appropriate federal, state, and local agencies. The permittee shall allow duly authorized officers and employees of such agencies free and unrestricted access to said United States facilities in the performance of their official duties.

Article 3. The permittee shall comply with all applicable federal, state, and local laws and regulations regarding the connection, operation, and maintenance of the United States facilities and with all applicable industrial codes. The permittee shall obtain all requisite permits from state and local government entities and relevant federal agencies.

Article 4. Connection, operation, and maintenance of the United States facilities hereunder shall be subject to the limitations, terms, and conditions issued by any competent agency of the United States Government. The permittee shall continue the operations hereby authorized and conduct maintenance in accordance with such limitations, terms, and conditions. Such limitations, terms, and conditions could address, for example, environmental protection and mitigation measures, safety requirements, export or import and customs regulations, measurement capabilities and procedures, requirements pertaining to the pipeline's capacity, and other pipeline regulations.

Article 5. Upon the termination, revocation, or surrender of this permit, and unless otherwise agreed by the Secretary of State or the Secretary's delegate, the United States facilities in the immediate vicinity of the international boundary shall be removed by and at the expense of the permittee within such time as the Secretary of State or the Secretary's delegate may specify, and upon failure of the permittee to remove, or to take such other action with respect to, this portion of the United States facilities as ordered, the Secretary of State or the Secretary's delegate may direct that possession of such United States facilities be taken and that they be removed or other action taken, at the expense of the permittee; and the permittee shall have no claim for damages by reason of such possession, removal, or other action.

Article 6. When, in the opinion of the President of the United States, the national security of the United States demands it, due notice being given by the Secretary of State or the Secretary's

delegate, the United States shall have the right to enter upon and take possession of any of the United States facilities or parts thereof; to retain possession, management, or control thereof for such length of time as may appear to the President to be necessary; and thereafter to restore possession and control to the permittee. In the event that the United States shall exercise such right, it shall pay to the permittee just and fair compensation for the use of such United States facilities upon the basis of a reasonable profit in normal conditions, and the cost of restoring said United States facilities to as good condition as existed at the time of entering and taking over the same, less the reasonable value of any improvements that may have been made by the United States.

Article 7. Any change of ownership or control of the United States facilities or any part thereof shall be immediately notified in writing to the United States Department of State, including the submission of information identifying the new owner or controlling entity. This permit shall remain in force subject to all the conditions, permissions, and requirements of this permit and any amendments thereto unless subsequently terminated or amended by the Secretary of State or the Secretary's delegate.

Article 8. (1) The permittee is responsible for acquiring any right-of-way grants or easements, permits, and other authorizations as may become necessary and appropriate.

(2) The permittee shall save harmless and indemnify the United States from any claimed or adjudged liability arising out of construction, connection, operation, or maintenance of the United States facilities, including but not limited to environmental contamination from the release or threatened release or discharge of hazardous substances and hazardous waste.

(3) The permittee shall maintain the United States facilities and every part thereof in a condition of good repair for their safe operation, and in compliance with prevailing environmental standards and regulations.

Article 9. The permittee shall take all necessary measures to prevent or mitigate adverse impacts on, or disruption of, the human environment in connection with connection, operation, and maintenance of the United States facilities. Such measures will include any mitigation and control plans that are already approved or that are approved in the future by the Department of State or other relevant federal or state agencies, and any other

measures deemed prudent by the permittee.

Article 10. The permittee shall file with the appropriate agencies of the United States Government such statements or reports under oath with respect to the United States facilities, and/or permittee's activities and operations in connection therewith as are now, or may hereafter, be required under any laws or regulations of the United States Government or its agencies. The permittee shall file electronic Export Information where required.

Article 11. The permittee shall provide information upon request to the Department of State with regard to the United States facilities. Such requests could include, for example, information concerning current conditions or anticipated changes in ownership or control, construction, connection, operation, or maintenance of the United States facilities.

IN WITNESS WHEREOF, I, the Under Secretary of State for Economic Growth, Energy, and the Environment, have hereunto set my hand this third day of August 2015 in the City of Washington, District of Columbia.

Catherine A. Novelli
Under Secretary of State for Economic Growth, Energy, and the Environment
