SUPPLEMENTARY INFORMATION:

I. Abstract and Request for Comments

NCUA is requesting comments on the reinstatement of 3133-0141 Organization and Operations of Federal Credit Unions Loan Participation information collection. NCUA's regulation, 12 CFR 701.22 outlines loan participation requirements. Loan participations pose inherent risk to the NCUSIF due to the interconnectedness between participants. Section 741.225 extends the requirements of Section 701.22 of NCUA's regulations to Federally Insured State Chartered Credit Unions (FISCUs), noting there are strong indications of potential risk to the NCUSIF from FISCUs' loan participation activity. Section 701.22 includes three collection requirements (1) maintenance of a written policy, (2) requirements on the purchasing credit union to have a written loan participation agreement, (3) options to apply for waivers from concentration limits.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

NCUA requests that you send your comments on the information collection requirements under Part 701 to the locations listed in the addresses section. Your comments should address: (a) The necessity of the information collection for the proper performance of NCUA, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the

methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents such as through the use of automated collection techniques or other forms of information technology. It is NCUA's policy to make all comments available to the public for review.
