#### Notice of Realty Action: Application for Segregation and Conveyance of Federally Owned Mineral Interests in Mathews County, VA

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The Bureau of Land Management (BLM) is processing an application under the Federal Land Policy Management Act of October 21, 1976 (FLPMA), to convey the undivided mineral interest owned by the United States in 96.75 acres located in Mathews County, Virginia, to the surface owner, Joseph M. Perdue. Upon publication of this notice, the BLM is temporarily segregating the federally owned mineral interests in the land covered by the application from all forms of appropriation under the public land laws, including the mining laws, for up to 2 years while the BLM processes the application. If the application meets the requirements in the statute and the regulation, the BLM may convey the United States' entire interest in the minerals within the tract.

**DATES:** Interested persons may submit written comments to the BLM at the address listed below. Comments must be received no later than October 19, 2015.

**ADDRESSES:** Bureau of Land Management, Eastern States State Office, 20 M Street SE., Suite 950, Washington, DC 20003. Detailed information concerning this action is available for review at this address.

**FOR FURTHER INFORMATION CONTACT:** Charles Johnson, Land Law Examiner, by telephone at 202-912-7737, or by email at [c35johns@blm.gov](mailto:c35johns@blm.gov). Persons

who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individuals during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question for the above individuals. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The federally owned mineral interest segregated by this Notice is located in Mathews County, Virginia, in a parcel described in a deed recorded on May 6, 1990, in Deed Book 154 Page 731 in the Mathews County Circuit Court as follows:

All that certain piece, parcel or tract of land, together with the improvements thereon and the appurtenances thereunto belonging, situate, lying, and being in the Westville Magisterial District of Mathews County Virginia, containing 96.7457 acres according to the plat of survey hereinafter mentioned, be the same more or less, and bounded as follows: On the North by the land of the Commonwealth of Virginia and by Virginia State Highway Route 14; on the East by the land of the Chesapeake Corporation of Virginia; on the South by the land of Ishmael Bates Sadler, the land of Robert Dewey Sadler, the land of Alvin H. and David H. Ingram, the lands of James M. Wilson and Ellen W. Wilson and the land of James J. Walsh, Jr. and Patricia A. Walsh; and on the West by the land of Marion Cook and the land of the Commonwealth of Virginia, and being more fully and accurately described on the plat of survey made by Wayne E. Lewis (of Keller, Lewis and Assoc., P.C.), Land Surveyor, dated December 13, 1989. . . . The area described contains 96.7457 acres.

Under certain conditions, Section 209(b) of FLPMA authorizes the sale and conveyance of the federally owned mineral interests in land to the current surface owner. The applicant has deposited, as required under Section 209(b)(3)(i) of FLPMA, a sum of money determined sufficient to cover administrative costs, including but not limited to, the cost for the Mineral Potential Report. The objective is to allow consolidation of the surface and mineral interests when either one of the following conditions exist: (1) There are no known mineral values in the land; or (2) Where continued Federal ownership of the mineral interests interferes with or precludes appropriate non-mineral development and such development is a more beneficial use of the land than mineral development.

James M. Perdue, the surface owner, filed an application for the conveyance of federally owned mineral interests in the above-described tract of land. Subject to valid existing rights, on September 2, 2015 the federally owned mineral interests in the land described above are hereby segregated from all forms of appropriation under the public land laws, including the mining laws, while the application is being processed to determine if either one of the two specified conditions exists and, if so, to otherwise comply with the procedural requirements of 43 CFR part 2720. The segregation shall terminate upon: (1) Issuance of a patent or other document of conveyance as to such mineral interests; (2) Final rejection of the application; or (3) On September 5, 2017, whichever occurs first. Please submit all comments in writing to the individuals at the address listed above.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made available to the public at any time. While you can ask in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

#### Notice of Application for Withdrawal Extension and Opportunity for Public Meeting, Idaho

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The United States Forest Service (USFS) has filed an application with the Bureau of Land Management (BLM) requesting that the Assistant Secretary of the Interior for Land and Minerals Management extend the duration of Public Land Order (PLO) No. 7306 for an additional 20-year term. PLO No. 7306 withdrew 3,805.87 acres of National Forest System land from mining to protect the Howell Canyon Recreation Complex. The withdrawal created by PLO No. 7306 will expire on

January 1, 2018, unless it is extended. The land will remain open to all allowable uses other than the mining laws. This notice also gives an opportunity for the public to comment and to request a public meeting on the withdrawal extension application.

**DATES:** Comments and public meeting requests must be received by December 1, 2015.

**ADDRESSES:** Comments and meeting requests should be sent to the Idaho State Director, BLM, 1387 S. Vinnell Way, Boise, Idaho 83709.

**FOR FURTHER INFORMATION CONTACT:** Jeff Cartwright, BLM Idaho State Office 208-373-3885 or Sherry Stokes-Wood, Lands, USFS Intermountain Regional Office 801-625-5800. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact either of the above individuals. The FIRS is available 24 hours a day, 7 days a week. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The USFS has filed an application requesting that the Secretary of the Interior extend the withdrawal created by PLO No. 7306 for an additional 20-year term, subject to valid existing rights. PLO No. 7306 (63 FR 109 (1998)) withdrew 3,805.87 acres of National Forest System Land in the Sawtooth National Forest, Cassia County, Idaho from location and entry under the United States mining laws, but not from the general land laws or leasing under the mineral leasing laws. The purpose of the requested withdrawal extension is to continue to protect the Howell Canyon Recreation Complex investments made by the USFS and its permittees, and to preserve a Research Natural Area.

The use of a right-of-way, interagency agreement, or cooperative agreement would not adequately protect the land from nondiscretionary uses, which could result in a permanent loss of significant values and capital investments.

There are no suitable alternative sites with equal or greater benefit to the government.

The USFS would not need to acquire water rights to fulfill the purpose of the requested withdrawal extension.

Records related to the application may be examined by contacting Jeff Cartwright at the above address or by phone number.

For a period until December 1, 2015, all persons who wish to submit comments, suggestions, or objections in connection with the withdrawal extension application may present their

views in writing to the BLM State Director at the **ADDRESS** indicated above.

Comments, including names and street addresses of respondents, will be available for public review during regular business hours. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the withdrawal extension application. All interested persons who desire a public meeting for the purpose of being heard on the withdrawal extension application must submit a written request to the BLM State Director at the **ADDRESS** indicated above by December 1, 2015. Upon determination by the authorized officer that a public meeting will be held, a notice of the time and place will be published in the **Federal Register** and a newspaper having a general circulation in the vicinity of the land at least 30 days before the scheduled date of the meeting.

The application will be processed in accordance with the regulations set forth in 43 CFR 2310.4.

**James M. Fincher,**

*Chief, Branch of Lands, Minerals and Water Rights, Resource Services.*

### Bureau of Safety and Environmental Enforcement

[Docket ID BSEE-2015-0005; OMB Control Number 1014-0024; 15XE1700DX EEEE500000 EX1SF0000.DAQ000]

### Information Collection Activities: Plans and Information; Submitted for Office of Management and Budget (OMB) Review; Comment Request

**ACTION:** 30-Day Notice.

**SUMMARY:** To comply with the Paperwork Reduction Act of 1995 (PRA), the Bureau of Safety and Environmental Enforcement (BSEE) is notifying the public that we have submitted to OMB an information collection request (ICR) to renew approval of the paperwork requirements

in the regulations under subpart B, *Plans and Information*. This notice also provides the public a second opportunity to comment on the revised paperwork burden of these regulatory requirements.

**DATES:** You must submit comments by October 2, 2015.

**ADDRESSES:** Submit comments by either fax (202) 395-5806 or email (*OIRA\_Submission@omb.eop.gov*) directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (1014-0024). Please provide a copy of your comments to BSEE by any of the means below.

- Electronically go to <http://www.regulations.gov>. In the Search box, enter BSEE-2015-0005 then click search. Follow the instructions to submit public comments and view all related materials. We will post all comments.

- Email [cheryl.blundon@bsee.gov](mailto:cheryl.blundon@bsee.gov), fax (703) 787-1546, or mail or hand-carry comments to the Department of the Interior; Bureau of Safety and Environmental Enforcement; Regulations and Standards Branch; ATTN: Cheryl Blundon; 45600 Woodland Road, Sterling, VA 20166. Please reference ICR 1014-0024 in your comment and include your name and return address.

**FOR FURTHER INFORMATION CONTACT:** Cheryl Blundon, Regulations and Standards Branch, (703) 787-1607, to request additional information about this ICR. To see a copy of the entire ICR submitted to OMB, go to <http://www.reginfo.gov> (select Information Collection Review, Currently Under Review).

### SUPPLEMENTARY INFORMATION:

*Title:* 30 CFR 250, Subpart B, *Plans and Information*.

*OMB Control Number:* 1014-0024.

*Abstract:* The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1334), authorizes the Secretary of the Interior to prescribe rules and regulations necessary for the administration of the leasing provisions of that act related to mineral resources on the OCS. Such rules and regulations will apply to all operations conducted under a lease, right-of-use and easement, or unit. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and
