

action, which would force Duke Energy to take actions that would involve unloading the DSCs from the horizontal storage modules, transporting them to the cask handling area, opening, rewelding, and retesting the welds, and transporting the DSCs back to the HSMs. Denial of the exemption would result in an increase in radiological exposure to workers, a small potential for radioactive releases to the environment due to radioactive material handling accidents, and increased costs to the licensee. Therefore, the NRC staff has determined that approving the proposed action has a lesser environmental impact than denying the proposed action.

Agencies and Persons Consulted

The EA associated with this exemption request was sent to the appropriate official of the South Carolina Department of Health and Environmental Control (SCDHEC) by email dated January 22, 2015 (ADAMS Accession No. ML15055A604). The state response was received by email dated February 23, 2015 (ADAMS Accession No. ML15055A620). The email states that the SCDHEC has no comments. The NRC staff has determined that a consultation under Section 7 of the Endangered Species Act is not required, because the proposed action will not affect listed species or critical habitat. The NRC staff has also determined that the proposed action is not a type of activity that has the potential to impact historic properties, because the proposed action would occur only within the established Oconee site boundary. Therefore, no consultation is required under Section 106 of the National Historic Preservation Act.

III. Finding of No Significant Impact

The environmental impacts of the proposed action have been reviewed in accordance with the requirements set forth in 10 CFR part 51, "Environmental Protection Regulations for Domestic Licensing and Related Regulatory Functions." Based upon the previously mentioned EA, the Commission finds that the proposed action of granting an exemption from the requirements of 10 CFR 72.212(a)(2), 10 CFR 72.212(b)(3), 10 CFR 72.212(b)(5)(i), 10 CFR 72.214, the portion of 10 CFR 72.212(b)(11) that states the licensee shall comply with the terms, conditions, and specifications of the CoC, in order to allow Duke Energy to maintain DSCs numbers 93, 94, 100, 105, and 106 in their current position at the ISFSI associated with the operation of Oconee, Units 1, 2, and 3, will not significantly impact the quality of the human environment. Accordingly, the

Commission has determined that an environmental impact statement for the proposed exemption is not warranted and that a finding of no significant impact is appropriate.

OFFICE OF SPECIAL COUNSEL

Survey Renewal for FY 2015—Request for Comment

AGENCY: Office of Special Counsel.

ACTION: Second notice for public comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), and implementing regulations at 5 CFR part 1320, the U.S. Office of Special Counsel (OSC), plans to request approval from the Office of Management and Budget (OMB) for use of a previously approved information collection consisting of an electronic survey form. The current OMB approval for the OSC Survey expires 10/31/15. We are submitting the electronic survey for renewal, based on its pending expiration. There are several changes being submitted with this request for renewal of the use of the OSC survey. Current and former Federal employees, employee representatives, other Federal agencies, state and local government employees, and the general public are invited to comment on this for the second time. Comments are invited on: (a) Whether the proposed collection consisting of our survey is necessary for the proper performance of OSC functions, including whether the information will have practical utility; (b) the accuracy of OSC's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Comments should be received by October 5, 2015.

FOR FURTHER INFORMATION CONTACT: Karl Kammann, Chief Financial Officer, at the address shown above; by facsimile at (202) 254-3711.

SUPPLEMENTARY INFORMATION: OSC is an independent agency responsible for, among other things, (1) investigation of allegations of prohibited personnel practices defined by law at 5 U.S.C. 2302(b), protection of whistleblowers, and certain other illegal employment practices under titles 5 and 38 of the U.S. Code, affecting current or former Federal employees or applicants for employment, and covered state and local government employees; and (2) the interpretation and enforcement of Hatch Act provisions on political activity in chapters 15 and 73 of title 5 of the U.S. Code.

Title of Collection: Office of Special Counsel (OSC) Annual Survey; OMB Control Number 3255-0003, Expiration 10/31/2015.

OSC is required to conduct an annual survey of individuals who seek its assistance. Section 13 of Public Law 103-424 (1994), codified at 5 U.S.C. 1212 note, states, in part: "[T]he survey shall—(1) Determine if the individual seeking assistance was fully apprised of their rights; (2) determine whether the individual was successful either at the Office of Special Counsel or the Merit Systems Protection Board; and (3) determine if the individual, whether successful or not, was satisfied with the treatment received from the Office of Special Counsel."

The same section also provides that survey results are to be published in OSC's annual reports to Congress. Copies of prior years' annual reports are available on OSC's Web site, at <https://osc.gov/Pages/Resources-ReportsAndInfo.aspx> or by calling OSC at (202) 254-3600. The survey form for the collection of information is available by calling OSC at (202) 254-3600. Type of Information Collection Request: Approval of previously approved collection of information that expires on 10/31/2015, with some revisions. The Disclosure Unit was added for the first time to the electronic survey of individuals with cases resolved in FY 2014. The second major change is that the survey is hosted by Survey Monkey, (<https://www.surveymonkey.com>) rather than being an in-house supported IT tool. A future enhancement will add an additional question to the survey about the user's experience with our new OSC Form 14 Wizard and electronic complaint form, which is currently in development.

Affected public: Current and former Federal employees, applicants for Federal employment, state and local government employees, and their representatives, and the general public.

Respondent's Obligation: Voluntary.

Estimated Annual Number of Survey Form Respondents: 320.

Frequency of Survey form use: Annual.

Estimated Average Amount of Time for a Person to Respond to survey: 12 minutes.

Estimated Annual Survey Burden: 109 hours.

This survey form is used to survey current and former Federal employees and applicants for Federal employment who have submitted allegations of possible prohibited personnel practices or other prohibited activity for investigation and possible prosecution by OSC, and whose matter has been closed or otherwise resolved during the prior fiscal year, on their experience with OSC. Specifically, the survey asks questions relating to whether the respondent was: (1) Apprised of his or her rights; (2) successful at the OSC or at the Merit Systems Protection Board; and (3) satisfied with the treatment received at the OSC.

Dated: August 25th, 2015.

Special Counsel.
