

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Tribal TANF Data Report, TANF Annual Report, and Reasonable Cause/Corrective Action Documentation Process- Final.

OMB No.: 0970–0215.

Description: 42 U.S.C. 612 (section 412 of the Social Security Act as

amended by Public Law 104–193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA)), mandates that federally recognized Indian Tribes with an approved Tribal TANF program collect and submit to the Secretary of the Department of Health and Human Services data on the recipients served by the Tribes’ programs. This information includes both aggregated and disaggregated data on case characteristics and individual characteristics. In addition, Tribes that are subject to a penalty are allowed to

provide reasonable cause justifications as to why a penalty should not be imposed or may develop and implement corrective compliance procedures to eliminate the source of the penalty. Finally, there is an annual report, which requires the Tribes to describe program characteristics. All of the above requirements are currently approved by OMB and the Administration for Children and Families is simply proposing to extend them without any changes.

Respondents: Indian Tribes.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Final Tribal TANF Data Report	70	4	451	126,280
Tribal TANF Annual Report	70	1	40	2,800
Tribal TANF Reasonable Cause/Corrective	70	1	60	4,200

Estimated Total Annual Burden Hours: 133,280.

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L’Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection. Email address: infocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Fax: 202–395–7285, Email: OIRA_SUBMISSION@OMB.EOP.GOV. Attn: Desk Officer for

the Administration for Children and Families.

Robert Sargis,

Reports Clearance Officer.

Submission for OMB Review; Comment Request

Title: Child Care and Development Fund Annual Aggregate Report—ACF–800.

OMB No.: 0970–0150.

Description: Description: Section 658K of the Child Care and Development Block Grant (CCDBG) Act (42 U.S.C. 9858, as amended by Pub. L. 113–186) requires that States and Territories submit annual aggregate data on the children and families receiving direct services under the Child Care and Development Fund. The implementing regulations for the statutorily required

reporting are at 45 CFR 98.70 and 98.71. Annual aggregate reports include data elements represented in the ACF–800 reflecting the scope, type, and methods of child care delivery. This provides ACF with the information necessary to make reports to Congress, address national child care needs, offer technical assistance to grantees, meet performance measures, and conduct research.

Consistent with the recent reauthorization of the CCDBG statute, ACF requests reinstatement and revision of the ACF–800 including a number of changes and clarifications to the reporting requirements and instructions. Most notably, section 658K(a)(2)(F) of the CCDBG Act now requires States to report the number of fatalities occurring among children while in the care and facility of child care providers serving CCDF children. The new data element will be required with the reporting period beginning on October 1 of 2015 (FFY 2016).

Respondents: States, the District of Columbia, and Territories including Puerto Rico, Guam, the Virgin Islands, American Samoa, and the Northern Mariana Islands.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
ACF–800	56	1	42	2,352

Estimated Total Annual Burden Hours: 2,352.

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection. Email address: infocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Email: OIRA_SUBMISSION@OMB.EOP.GOV, Attn: Desk Officer for the Administration for Children and Families.

Proposed Information Collection Activity; Comment Request

Proposed Projects: ORR, Unaccompanied Children's Program, Division of Children's Services (DCS)

Title: Information Collection and Record Keeping for the Timely Placement and Release of Unaccompanied Children (UC) in ORR Care

OMB No.:

Description:

On March 1, 2003, the Homeland Security Act of 2002, Section 462, transferred responsibilities for the care and placement of unaccompanied children from the Commissioner of the Immigration and Naturalization Service to the Director of the Office of Refugee Resettlement (ORR). ORR is also governed by the provisions established by the Flores Agreement in 1997 and the William Wilberforce Trafficking Victims Protection Reauthorization Act (TVPRA) of 2008.

The ORR Unaccompanied Children's Program provides placement, care,

custody and services for UC until they can be successfully released to a sponsor, are repatriated to their home country, or able to obtain legal status.

Through cooperative agreements and contracts, ORR funds residential care providers that provide temporary housing and other services to unaccompanied children in ORR custody. These care provider facilities are State licensed and must meet ORR requirements to ensure a high level quality of care. They provide a continuum of care for children, including placements in ORR foster care, group homes, shelter, staff secure, secure, and residential treatment centers. The care providers provide children with classroom education, health care, socialization/recreation, vocational training, mental health services, access to legal services, and case management.

Under the law, ORR and its care providers are required to:

(1) Collect information about each UC who is entrusted to the care of ORR in order to determine the most appropriate and least restrictive placement, provide adequate services, and identify qualified sponsors for the timely release of the child or youth. ORR has developed instruments to assess the child or youth and his or her needs and conditions throughout his or her stay with ORR as well as the identification and assessment of potential sponsors. These instruments allow for consistency and compliance of standards across care providers and help ORR monitor programs and identify problems and issues that need corrective action.

(2) Keep up-to-date records to ensure the child or youth's safety and security and care and to provide accountability with all Federal and State, licensing, and other standards by care providers.

(3) Notify UC of their rights and responsibilities under the law, including notice about ORR services, the fact that they have the right to apply for Special Immigrant Juvenile (SIJ) status, and their legal responsibility to attend an immigration hearing.

These tasks are mainly conducted through the ORR online database (The UC Portal), which provides a central location for case records and the documentation of other activities (for example, when a child or youth is transferred to another facility). Many of these records are "auto-populated" on the UC Portal once the original data points are completed (such as DOB, A number, date of initial placement).

The data collection described here pertains to activities involving UC and care providers from initial intakes of UC into ORR care to his or her release from

ORR care. It does not cover information collection for potential sponsors (Submitted via separate OMB request in January 2015.)

ORR has applied the following assumptions to this request:

(1) Items related to tasks that are routine and customary for care providers and others are excluded. This includes quarterly or annual financial or other reports, grant related requests from ORR Project Officers or others for monitoring performance and progress, and third party notifications to other government agencies, such as U.S. Department of Homeland Security (DHS) or U.S. Department of Justice (DOJ). (For financial and other reports, Care Providers use templates posted on http://www.acf.hhs.gov/grants/grants_resources.html#reporting)

(2) Data collection and reporting requirements do not reflect those required by State or local licensing or accreditation requirements.

(3) Acknowledgement of receipt of information or other acknowledgements via signature by either the UC or the care provider or others are not included in this information request as these are administrative in nature in order to help care providers and UC track personal belongings, DHS related documents, medical records, and other important items required by the UC following release from ORR care.

The components of this information request include:

(1) UC Portal Capacity Report: Care providers complete the sections on "In Care" and "Beds in Reserve" as well as the section recording the UC who have been discharged on a daily basis so that ORR Intakes has a complete picture of available beds for UC placements.

(2) The Further Assessment Swift Track (FAST) Placement Tool (Versions for Secure and Staff Secure placements): Initially used by ORR Intakes to determine when a UC warrants a placement in Secure or Staff Secure Care. Care providers must use the tool to update a status for UC who are placed in Secure Care at least every 30 days. (Care providers are not required to re-use tool for UC who have been placed in Staff Secure Care).

(3) Placement Authorization: Auto-generated. Requires a signature from the care provider acknowledging a particular UC placement into their facility.

(4) Notice of Placement in Secure or Staff Secure Facility: Acknowledges UC's placement in a secure or staff secure care provider facility with signature of UC and facility witness.

(5) Initial Intakes Assessment: Biographical information is auto-
