

signal check by stopping the fan at intervals not to exceed six months.

The petitioner asserts that the proposed alternative method will guarantee no less than the same measure of protection afforded by the existing standard.

Docket Number: M-2015-018-C.

Petitioner: Macoupin Energy, LLC, P.O. Box 615, 14300 Brushy Mound Road, Carlinville, Illinois 62626.

Mine: Shay #1 Mine, MSHA I.D. No. 11-00726, located in Macoupin County, Illinois.

Regulation Affected: 30 CFR 75.1909(b)(6) (Nonpermissible diesel-powered equipment; design and performance requirements).

Modification Request: The petitioner requests an amendment to a previously granted petition for modification of January 2, 2000, for the Monterey Coal Company, Docket Number M-1999-56-C, to train operators to lower the moldboard (grader blade) in emergency conditions, which will provide an equivalent level of safety to the standard's requirement that each wheel of the grader be equipped with services brakes. The petitioner states that:

1. On January 22, 2009, Macoupin Energy, LLC acquired Monterey #1 Mine from Monterey Coal Company and renamed the mine Shay #1 Mine. The MSHA Mine I.D. (No. 11-00726) and the address remain the same. MaRyan Mining, LLC is the contracted operator of the mine.

2. The approved petition is for a Getman Grader Model No. RDG 1504S, Serial No. 6345.

3. Macoupin Energy is requesting the approved petition be amended to add a second Getman Grader Model No. RDG 1504C, Serial No. 6718. This grader is similar to the currently approved grader and would also be provided an equivalent level of safety to the standard's requirement that each wheel of the grader be equipped with service brakes by training the grader operator to lower the moldboard in emergency conditions.

4. The grader has 12.00 × 20.00 tires, which also limit the speed to 10 miles per hour.

The petitioner requests that the terms and conditions of the previously granted petition be applied to the additional grader, which the petitioner asserts will provide an equivalent level of safety as the existing standard.

Dated: September 3, 2015.

Acting Director, Office of Standards, Regulations, and Variances.

6. *Who will be required or asked to respond:* All specific licensees who manufacture or initially transfer items containing byproduct material for sale

or distribution to general licensees, or persons exempt from licensing, medical use product distributors to specific licensees, and those requesting a certificate of registration for a sealed source and/or device.

It also prescribes requirements governing holders of the specific licenses. Some of the requirements are for information which must be submitted in an application for a certificate of registration for a sealed source and/or device, records which must be kept, reports which must be submitted, and information which must be forwarded to general licensees and persons exempt from licensing.
