## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2015-0452; FRL-9933-46]

### Product Cancellation Order for Certain Pesticide Registrations

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's order for the cancellations, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1 of Unit II., pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a July 28, 2015 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 2 of Unit II. to voluntarily cancel these product registrations. In the July 28, 2015 notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency did not receive any comments on the notice. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

**DATES:** The cancellations are effective September 18, 2015.

**FOR FURTHER INFORMATION CONTACT:** Donna Kamarei, Antimicrobials Division (7510P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 347-0443; email address: [kamarei.donna@epa.gov](mailto:kamarei.donna@epa.gov).

### III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received no comments in response to the July 28, 2015 **Federal Register** notice announcing the Agency's receipt of the requests for voluntary cancellations of products listed in Table 1 of Unit II.

### IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations of the registrations identified in Table 1 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit II. are canceled. The effective date of the cancellations that are the subject of this notice is September 18, 2015. Any distribution, sale, or use of existing stocks of the products identified in

Table 1 of Unit II. in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI. will be a violation of FIFRA.

### V. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of July 28, 2015 [(80 FR 44953) (FRL-9930-15)]. The

comment period closed on August 27, 2015.

### VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

*B. For Products 10324-00002, 10324-00121, and 10324-00135*

The registrant has requested to the Agency via letter to sell existing stocks for an 18-month period for products 10324-00002, 10324-00121, and 10324-00135. Because the Agency has identified no significant potential risk concerns associated with these pesticide

products, upon cancellation of products 10324-00002, 10324-00121, and 10324-00135, EPA anticipates allowing the registrant to sell and distribute existing stocks of these products until March 20, 2017. Thereafter, the registrant is prohibited from selling or distributing these products listed in Table 1, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal. Persons other than the registrants may sell, distribute, or use existing stocks of products 10324-00002, 10324-00121, and 10324-00135 until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

*B. For All Other Products Identified in Table 1 of Unit II*

The registrants may continue to sell and distribute existing stocks of all other products listed in Table 1 of Unit II. until September 19, 2016, which is 1-year after the publication of the Cancellation Order in the **Federal Register**. Thereafter, the registrants are prohibited from selling or distributing all other products listed in Table 1, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal. Persons other than the registrants may sell, distribute, or use existing stocks of all other products listed in Table 1 of Unit II. until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

**Proposed Information Collection Request; Comment Request; EPA Strategic Plan Information on Source Water Protection**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The U.S. Environmental Protection Agency (EPA) is planning to submit an information collection

request (ICR), "EPA Strategic Plan Information on Source Water Protection" (EPA ICR No. 1816.06, OMB Control No. 2040-0197) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*). Before doing so, EPA is soliciting public comments on specific aspects of the proposed information collection as described in this renewal notice. This is a proposed extension of the existing ICR, which is approved through December 31, 2015. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

**DATES:** Comments must be submitted on or before November 17, 2015.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA-HQ-OW-2004-0013, on-line using [www.regulations.gov](http://www.regulations.gov) (our preferred method), by email to the OW Docket at [OW-Docket@epa.gov](mailto:OW-Docket@epa.gov) or by mail to the Water Docket, Environmental Protection Agency, EPA Docket Center (EPA/DC), Mail Code: 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanities, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

**SUPPLEMENTARY INFORMATION:**

Supporting documents that explain in detail the information that EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at <http://www.regulations.gov> or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to: (i) Evaluate whether the proposed

collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical or other technological collection techniques or other forms of information technology. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

**Abstract:** EPA is collecting, on a voluntary basis, data from the states on their progress toward substantial implementation of protection strategies for all community water systems (CWSs). The information to be collected will help states and EPA understand the progress toward the Agency's goal of increasing the number of CWSs (and the populations they serve) with minimized risk to public health through development and implementation of source water protection strategies for source water areas. In April of 2015, the National Water Program published guidance for meeting the water-related goals in the FY 2014-2018 EPA Strategic Plan. In keeping with this guidance, EPA specifically tracks the percentage of all CWSs that are implementing source water protection and the percentage of the total population which is served by those systems.

**Form Numbers:** None.

**Respondents/affected entities:** 51.

**Respondent's obligation to respond:** Voluntary.

**Frequency of response:** Annual.

**Total estimated burden:** 342 hours.

Burden is defined at 5 CFR 1320.03(b).

**Total estimated cost:** \$14,853 (per year).

**Changes in Estimates:** There is a decrease in the total estimated burden of 1,026 hours and a decrease in the total estimated cost of \$130,416 from the existing ICR. This decrease is because source water protection programs are maturing. State databases are fully developed and tracking is routine compared to the burden and costs
