### Coast Guard

#### 33 CFR Part 117

[Docket No. USCG-2015-0423]

RIN 1625-AA09

#### Drawbridge Operation Regulation; Rancocas Creek, Centerton, NJ

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

**SUMMARY:** The Coast Guard is changing the regulation that governs the operation of the SR#38 Bridge in Centerton (Burlington County Route 635) over Rancocas Creek, mile 7.8, at Mt. Laurel, Westampton and Willingboro Townships in Burlington County, NJ. The new rule will change the current regulation and allow the bridge to remain in the closed position for the passage of vessels. There have been no requests for openings since the early 1990's. This rule also reflects a name change.

**DATES:** This rule is effective October 26, 2015.

**ADDRESSES:** Documents mentioned in this preamble are part of docket USCG-2015-0423. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Mr. Jim Rousseau, Fifth Coast Guard District Bridge Administration Division, Coast Guard; telephone 757-398-6557, email: [james.l.rousseau2@uscg.mil](mailto:james.l.rousseau2@uscg.mil).

CFR Code of Federal Regulations  
DHS Department of Homeland Security  
FR Federal Register  
NPRM Notice of Proposed Rulemaking  
§ Section Symbol  
U.S.C. United States Code

### A. Regulatory History and Information

On July 6, 2015, we published a notice of proposed rulemaking (NPRM) entitled, "Drawbridge Operation Regulation; Rancocas Creek, Centerton, NJ" in the **Federal Register** (80 FR 38417). We received no comments on the proposed rule. No public meeting was requested, and none was held.

### B. Basis and Purpose

The current operating schedule for the SR#38 bridge is set out in 33 CFR 117.745(b) which allows the SR#38 Bridge to operate as follows: From April 1 through October 31 open on signal from 7 a.m. to 11 p.m. From November 1 through March 31 from 7 a.m. to 11 p.m. open on signal if at least 24 hours notice is given. Year round from 11 p.m. to 7 a.m. need not open for the passage of vessels.

The bridge owner, County of Burlington, NJ requested a change in the operation regulation for the SR#38 Bridge, mile 7.8, across Rancocas Creek in Mt. Laurel, NJ and that its name is changed to what it is known locally. The County of Burlington provided information to the Coast Guard about the lack of any openings of the draw spans dating back to the early 1990's. The bridge is currently closed to navigation and vehicular traffic due to emergency repairs and emergency inspections since May 2015. The last requested opening was in the early 1990's as an emergency request. There have been monthly openings as per maintenance requirements. The Coast Guard will allow the above mentioned Bridge to remain in the closed to navigation position in accordance with 33 CFR 117.39. In the closed to navigation position, the bridge need not open for the passage of vessels.

In the closed-to-navigation position, the SR#38 Bridge has vertical clearances of six feet above mean high water. Vessels which can safely transit under the bridge in the closed to navigation position can do so at any time.

### C. Discussion of Comments, Changes and the Final Rule

In order to align the operating schedule of the SR#38 bridge with observed marine traffic the proposed change amended the regulation by adding a paragraph (c) to state "that the bridge need not open." The lack of requests for vessel openings of the drawbridge for over 20 years illustrates that the vessels that use this waterway can safely navigate while the bridge is in the closed-to-navigation position. The current regulation also incorrectly identifies the bridge as the SR#38

Bridge. The proposed change would change the name to the Centerton County Route 635 Bridge. All language in existing paragraph (b) would remain the same except for the removal of the SR#38 bridge reference.

While the proposed rule allowed the bridge to remain closed to navigation, it did not alleviate the bridge owner of his responsibility under 33 CFR 117.7.

The Coast Guard received no comments in response to the notice of proposed rulemaking. As a result, no changes have been made to this final rule.

### D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes or executive orders.

#### 1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. Based on County of Burlington bridge tender logs, there will not be any vessels impacted by this proposed change. No bridge openings have been requested in over 20 years.

#### 2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601-612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rule. This rule would affect the following entities, some of which might be small entities: owners and operators of vessels intending to transit in that portion of Rancocas Creek that cannot transit under the Centerton Bridge during mean high water. Due to the fact that there have been no requests for openings in nearly 20 years, this final rule will not have a significant economic impact on a substantial number of small entities. The Coast

Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

### 3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this final rule. If the rule affects your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

### 4. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

### 5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

### 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without

jeopardizing the safety or security of people, places or vessels.

### 7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

### 8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

### 9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

### 10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that might disproportionately affect children.

### 11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

### 12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

### 13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

### 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have concluded that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule simply promulgates the operating regulations or procedures for drawbridges. This rule is categorically excluded, under figure 2–1, paragraph (32)(e), of the Instruction.

Under figure 2–1, paragraph (32)(e), of the Instruction, an environmental analysis checklist and a categorical exclusion determination are not required for this rule.

### List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

### PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

**Authority:** 33 U.S.C. 499; 33 CFR 1.05–1; Department of Homeland Security Delegation No. 0170.1.

■ 2. In § 117.745, revise paragraph (b) introductory text and add paragraph (c) to read as follows:

#### § 117.745 Rancocas Creek.

\* \* \* \* \*

(b) The drawspan for the Riverside-Delanco/SR#543 Drawbridge, mile 1.3 at Riverside must operate as follows:

\* \* \*

(c) The draw of the Centerton County Route 635 Bridge, mile 7.8, at Mt. Laurel, need not open for the passage of vessels.

Dated: September 15, 2015.
