

members representing environmental concerns, and two members representing Native American interests. Current members of the NPOAG ARC are as follows:

The current NPOAG consists of Heidi Williams representing general aviation; Alan Stephen, Mark Francis, and Matthew Zuccaro representing commercial air tour operators; Michael Sutton, Nicholas Miller, Mark Belles, and Dick Hingson representing environmental interests; and Leigh Kuwanwisiwma and Martin Begaye representing Native American interests. Mr. Begaye's 3-year membership expires on October 9, 2015.

Selection

In order to retain balance within the NPOAG ARC, the FAA and NPS are seeking candidates interested in filling Mr. Begaye's soon to be expiring seat. The open seat to be filled will represent Native American interests. The FAA and NPS invite persons interested in representing Native American interests on the ARC to contact Mr. Keith Lusk (contact information is written above in **FOR FURTHER INFORMATION CONTACT**). Requests to serve on the ARC must be made to Mr. Lusk in writing and postmarked or emailed on or before October 30, 2015. The request should indicate whether or not you are a member of a Native American tribe. The request should also state what expertise you would bring to the NPOAG ARC as related to issues and concerns with aircraft flights over national parks. The term of service for NPOAG ARC members is 3 years. Current members may re-apply for another term.

On June 18, 2010, President Obama signed a Presidential Memorandum directing agencies in the Executive Branch not to appoint or re-appoint federally registered lobbyists to advisory committees and other boards and commissions. Therefore, before appointing an applicant to serve on the NPOAG, the FAA and NPS will require the prospective candidate to certify that they are not a federally registered lobbyist.

Petition for Waiver of Compliance

In accordance with part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated April 25, 2015, the Historic Railroad Equipment Association (HREA) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 215—Railroad Freight Car Safety Standards and part 223—Safety Glazing Standards—Locomotives, Passenger Cars and Cabooses. FRA assigned the petition Docket Number FRA-2015-0043.

Mr. David Kloke, the principal partner in HREA, is the builder and operator of the Lincoln Funeral Car replica currently on exhibition to celebrate the 150th anniversary of the operation of the Lincoln Funeral Train in 1865. Mr. Kloke is also the builder of the Leviathan #63 and the York, reproductions of 1860s era steam locomotives that are currently in operation. The Lincoln Funeral Car is to be pulled by these locomotives at various tourist railroads to commemorate the operation of the Lincoln Funeral Train. HREA requests a waiver from 49 CFR 215.123—*Defective couplers*, 215.127—*Defective draft arrangement*, and 215.129—*Defective cushioning device* as it pertains to the use of a drawbar instead of a coupler. The Lincoln Funeral Car will be attached to the locomotives by use of a drawbar. Further, HREA requests a waiver from 49 CFR 223.3(b)(3) as it pertains to the use of tempered automobile safety glazing instead of FRA Type I glazing.
