**SUPPLEMENTARY INFORMATION:**

*Background.*—The Department of Commerce issued antidumping duty orders on imports of “heavy” and “light” iron construction castings from Canada on March 5, 1986 (51 FR 7600) and from Brazil and China on May 9, 1986 (51 FR 17220). On May 15, 1986, Commerce issued a countervailing duty order on imports of “heavy” iron construction castings from Brazil (51 FR 17786). On September 23, 1998, Commerce issued the final results of a changed circumstance review concerning iron construction castings

from Canada, in which the antidumping duty order with respect to “light” castings was revoked (63 FR 50881). Following full first five-year reviews by Commerce and the Commission, effective November 12, 1999, Commerce issued a continuation of the countervailing duty order on “heavy” iron construction castings from Brazil, a continuation of the antidumping duty order on “heavy” iron construction castings from Canada, and a continuation of the antidumping duty orders on “heavy” and “light” iron construction castings from Brazil and China (64 FR 61590–61592). Following expedited second five-year reviews by Commerce and the Commission, effective June 29, 2005, Commerce issued a second continuation of the subject orders (70 FR 27326). Following expedited third five-year reviews by Commerce and the Commission, effective November 19, 2010, Commerce issued a third continuation of the subject orders (75 FR 70900). The Commission is now conducting fourth reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR parts 201, Subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission’s determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

*Definitions.*—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The *Subject Countries* in these reviews are Brazil, Canada, and China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations, its full first five-year review determinations, and its expedited second and third five-year review determinations concerning iron construction castings from Brazil,

Canada, and China, the Commission found two separate *Domestic Like Products*: “heavy” and “light” iron construction castings.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations, its full first five-year review determinations, and its expedited second and third five-year review determinations, the Commission found two *Domestic Industries*: (1) All domestic producers of “heavy” iron construction castings and (2) all domestic producers of “light” iron construction castings.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

*Participation in the proceeding and public service list.*—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission’s rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission’s designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the

[Investigation Nos. 701-TA-464 and 731-TA-1160 (Review)]

### Prestressed Concrete Steel Wire Strand From China

#### Determination

On the basis of the record<sup>1</sup> developed in the subject five-year reviews, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930, that revocation of the countervailing and antidumping duty orders on prestressed concrete steel wire strand from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

#### Background

The Commission, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)), instituted these reviews on May 1, 2015 (80 FR 24976) and determined on August 4, 2015 that it would conduct expedited reviews (80 FR 50026, August 18, 2015).

The Commission made these determinations pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on September 28, 2015. The views of the Commission are contained in USITC Publication 4569 (September 2015), entitled *Prestressed Concrete Steel Wire Strand from China: Investigation Nos. 701-TA-464 and 731-TA-1160 (Review)*.

<sup>1</sup> The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).
