

0537–2015–0002, 1 item, 1 temporary item). Raw commercial imagery not used in an agency product.

6. Department of Health and Human Services, Indian Health Service (DAA–0513–2015–0009, 2 items, 2 temporary items). Case files for reviewing grant research protocols and records of meetings of the Institutional Review Board.

7. Department of Justice, Bureau of Alcohol, Tobacco, Firearms, and Explosives (DAA–0436–2015–0001, 1 item, 1 temporary item). Internal communication log files.

8. Department of Justice, Federal Bureau of Investigation (DAA–0065–2015–0004, 1 item, 1 temporary item). Master files of an electronic information system used to track requests for information from facial comparison search requests.

9. Department of Justice, Office of Legislative Affairs (DAA–0060–2013–0010, 2 items, 1 temporary item). Copies of bills, reports, testimony, and other correspondence supporting the Department's communications on proposed legislation. Proposed for permanent retention are final position statements.

10. Department of the Navy, United States Marine Corps (DAA–0127–2015–0007, 3 items, 3 temporary items). Master files of an electronic information system used to track and manage drill requirements for the Marine Corps Reserve.

11. Department of the Treasury, Internal Revenue Service (DAA–0058–2015–0003, 6 items, 6 temporary items). Tax practitioner enrollment records including case files, applications, correspondence, and related materials.

12. Commodity Futures Trading Commission, Division of Enforcement (DAA–0180–2015–0003, 1 item, 1 temporary item). Summary information of closed cases.

13. Executive Office of the President, Office of Management and Budget (DAA–0051–2015–0014, 2 items, 2 temporary items). Records of the Office of Information and Regulatory Affairs including documentation related to routine regulatory review and the Paperwork Reduction Act.

14. Federal Communications Commission, Wireline Competition Bureau (DAA–0173–2015–0004, 1 item, 1 temporary item). Filings of proposed changes in depreciation rates from local exchange carriers.

15. Federal Communications Commission, Wireline Competition Bureau (DAA–0173–2015–0007, 1 item, 1 temporary item). Annual survey data of fixed voice and broadband service

rates offered to consumers in urban areas.

16. National Archives and Records Administration, Research Services (N2–208–15–1, 5 items, 5 temporary items). Records of the Office of War Information which are fragmentary, duplicative, or low-level in nature. These records were accessioned to the National Archives but lack sufficient historical value to warrant continued preservation.

17. Peace Corps, Office of Strategic Partnerships (DAA–0490–2014–0002, 3 items, 3 temporary items). Records of the Office of Gifts and Grants Management including donor files, marketing materials, and working files.

18. Peace Corps, Agency-wide (DAA–0490–2015–0004, 1 item, 1 temporary item). Documentation related to personal service contracts for workers at overseas posts.

19. United States Commission on International Religious Freedom, Agency-wide (N1–148–15–2, 20 items, 4 temporary items). Records include general program correspondence; Web site content, design, management, and technical operations files; and routine and uncaptioned photographs. Proposed for permanent retention are files documenting the commission's establishment, organization, directives, charters, and policy documents; records of the chairman, commissioners, and executive director; and other records such as reports to Congress, meeting files, publications, news releases, photographs, historically significant litigation case files, and records related to public meetings.

Dated: October 5, 2015.

## NATIONAL SCIENCE FOUNDATION

### Agency Information Collection Activities: Comment Request

**AGENCY:** National Science Foundation.

**ACTION:** Submission for OMB review; comment request.

**SUMMARY:** The National Science Foundation (NSF) has submitted the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. This is the second notice for public comment; the first was published in the **Federal Register** at 80 FR 43801, and no comments were received. NSF is forwarding the proposed renewal

submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice. The full submission may be found at: <http://www.reginfo.gov/public/do/PRAMain>.

**Comments:** Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; or (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Office of Information and Regulatory Affairs of OMB, Attention: Desk Officer for National Science Foundation, 725 17th Street NW., Room 10235, Washington, DC 20503, and to Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 1265, Arlington, Virginia 22230 or send email to [splimpto@nsf.gov](mailto:splimpto@nsf.gov). Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling 703–292–7556.

**ADDRESSES:** Written comments regarding the information collection and requests for copies of the proposed information collection request should be addressed to Suzanne Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Blvd., Rm. 1265, Arlington, VA 22230, or by email to [splimpto@nsf.gov](mailto:splimpto@nsf.gov).

**FOR FURTHER INFORMATION CONTACT:** Suzanne Plimpton on (703) 292–7556 or send email to [splimpto@nsf.gov](mailto:splimpto@nsf.gov). Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

NSF may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

**SUPPLEMENTARY INFORMATION:**

*Title of Collection:* Monitoring for the National Science Foundation's Math and Science Partnership (MSP) Program.  
*OMB Control No.:* 3145-0199.

**1. Abstract**

• This document has been prepared to support the clearance of data collection instruments to be used in the evaluation of the Math and Science Partnership (MSP) program. The goals for the program are to (1) ensure that all K–12 students have access to, are prepared for, and are encouraged to participate and succeed in challenging curricula and advanced mathematics and science courses; (2) enhance the quality, quantity, and diversity of the K–12 mathematics and science teacher workforce; and (3) develop evidence-based outcomes that contribute to our understanding of how students effectively learn the knowledge, skills and ways of thinking inherent in mathematics, computer science, engineering, and/or the natural sciences. The motivational force for realizing these goals is the formation of partnerships between institutions of higher education (IHEs) and K–12 school districts. The role of IHE content faculty is the cornerstone of this intervention. In fact, it is the rigorous involvement of science, mathematics, and engineering faculty—and the expectation that both IHEs and K–12 school systems will be transformed—that distinguishes MSP from other education reform efforts.

• The components of the overall MSP portfolio include active projects whose initial awards were made in prior MSP competitions: (1) Comprehensive Partnerships that implement change in mathematics and/or science educational practices in both higher education institutions and in schools and school districts, resulting in improved student achievement across the K–12 continuum; (2) Targeted Partnerships that focus on improved K–12 student achievement in a narrower grade range or disciplinary focus within mathematics or science; (3) Institute Partnerships: Teacher Institutes for the 21st Century that focus on the development of mathematics and science teachers as school—and district-based intellectual leaders and master teachers; (4) Research, Evaluation and Technical Assistance (RETA) projects that build and enhance large-scale research and evaluation capacity for all MSP awardees and provide them with tools and assistance in the implementation and evaluation of their

work; (5) MSP-Start Partnerships are for awardees new to the MSP program, especially from minority-serving institutions, community colleges and primarily undergraduate institutions, to support the necessary data analysis, project design, evaluation and team building activities needed to develop a full MSP Targeted or Institute Partnership; and (6) Phase II Partnerships for prior MSP Partnership awardees focus on specific innovation areas of their work where evidence of significant positive impact is clearly documented and where an investment of additional resources and time would produce more robust findings and results.

The MSP monitoring information system, comprised of eight web-based surveys, collects a common core of data about each component of MSP. The Web application for MSP has been developed with a modular design that incorporates templates and self-contained code modules for rapid development and ease of modification. A downloadable version will also be available for respondents who prefer a paper version that they can mail or fax to the external contractor.

*Use of the information:* This information is required for effective program planning, administration, communication, program and project monitoring and evaluation, and for measuring attainment of NSF's program, project and strategic goals; the Deficit Reduction Act of 2005 (Pub. L. 109-171) which established the Academic Competitiveness (ACC). The MSP program is also directly aligned with two of NSF's long-term investment categories: (1) Transform the Frontiers and (2) Innovate for Society.

**2. Expected Respondents**

The expected respondents are principal investigators of all Targeted and Institute partnership projects; STEM and education faculty members and administrators who participated in MSP; school districts and IHEs that are partners in an MSP project; and teachers participating in Institute Partnerships.

**3. Burden on the Public**

*Number of Respondents:* 1936.

*Burden of the Public:* The estimated total annual response burden for this collection is 17,727 hours.

This figure is based upon the previous 3 years of collecting information under this clearance and anticipated collections. The average annual reporting burden is estimated to be between less than 1 and 50 hours per respondent depending on whether a respondent is a direct participant who is

self-reporting or representing a project and reporting on behalf of many project participants. The majority of respondents (60%) are estimated to require fewer than two hours to complete the survey. The burden on the public is negligible because the study is limited to project participants that have received funding from the MSP Program.

Dated: October 8, 2015.

**NUCLEAR REGULATORY COMMISSION**

[NRC-2014-0255]

**Security Exemptions/License Amendment Requests for Decommissioning Nuclear Power Plants**

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Interim staff guidance; issuance.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) is issuing Interim Staff Guidance (ISG) NSIR/DSP-ISG-03, "Review of Security Exemptions/License Amendment Requests for Decommissioning Nuclear Power Plants," dated September 28, 2015. This document provides guidance for NRC staff to ensure clear and consistent reviews of a licensee's request for licensing actions and amendments, the use of alternative measures, and requests for exemption from security regulations for nuclear power reactors after permanent cessation of plant operations.

**DATES:** This ISG is effective on November 16, 2015.

**ADDRESSES:** Please refer to Docket ID NRC-2014-0255 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

• *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC-2014-0255. Address questions about NRC dockets to Carol Gallagher; telephone: 301-415-3463; email: [Carol.Gallagher@nrc.gov](mailto:Carol.Gallagher@nrc.gov). For technical questions, contact the individuals listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

• *NRC's Agencywide Documents Access and Management System*
