Application for Withdrawal and Opportunity for Public Meeting, Deep Creek Canyon and Corridor, Colorado

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The United States Forest Service (USFS) has filed an application (COC 77206) with the Bureau of Land Management (BLM) requesting the Secretary of the Interior to withdraw approximately 4,200 acres of National Forest System lands within the White River National Forest from location and entry under the United States mining laws for a period of 20 years to protect multiple outstanding features, including scenic, recreational, geologic, ecologic, wildlife, and fisheries values, in the Deep Creek canyon and corridor.

The character of the canyon and corridor is natural and essentially primitive, and the lands and free-flowing waters were found to be eligible for Wild and Scenic designation under the Wild and Scenic Rivers Act in the 2002 White River National Forest, Land and Resource Management Plan Revision. The Forest Plan decision recommended withdrawal of the canyon and corridor from location and entry under the United States mining laws.

This notice temporarily segregates the land for up to 2 years from location and entry under the United States mining laws while the application is being processed. This notice also provides the public an opportunity to comment on the application and to request a public meeting. The lands have been and will remain open to mineral and geothermal leasing, and to such forms of disposition as may be allowed by law on National Forest System lands.

DATES: Comments and public meeting requests must be received by January 14, 2016.

ADDRESSES: Comments and meeting requests should be sent to Steve Craddock, Branch of Lands and Realty, BLM Colorado State Office, 2850 Youngfield Street, Lakewood, CO 80215-7093.

FOR FURTHER INFORMATION CONTACT: Steve Craddock, BLM Colorado State Office, 303-239-3707, or Carole Huey, White River National Forest, 970-945-3219, during regular business hours 7:45 a.m. to 4:15 p.m., Monday through Friday, except holidays. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The USFS has filed an application with the BLM pursuant to the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, requesting the Secretary of the Interior to withdraw the following described National Forest System lands from location and entry under the United States mining laws (30 U.S.C. Ch. 2), but not from leasing under the mineral or geothermal leasing laws, for a period of 20 years, subject to valid existing rights:

The areas described aggregate approximately 4,200 acres in Garfield County.

The purpose of the withdrawal is to protect multiple outstanding features, including scenic, recreational, geologic, ecologic, wildlife, and fisheries values, in the Deep Creek canyon and corridor.

The use of a right-of-way, interagency or cooperative management agreement would not adequately constrain non-discretionary uses that could irrevocably destroy the area's scenic and recreational values.

No alternative sites are feasible as the described lands contain the natural resource and recreation values in need of protection.

No water rights will be needed to fulfill the purpose of the proposed withdrawal.

For a period until January 14, 2016, all persons who desire to submit comments, suggestions, or objections in connection with the withdrawal application may present their views in writing to the BLM Colorado State Office at the address listed above. Comments, including names and street addresses of respondents, will be available for public review at the BLM Colorado State Office at the above address during regular business hours 7:45 a.m. to 4:15 p.m. Monday through Friday, except Federal holidays.

Notice is also hereby given that the opportunity for a public meeting is afforded in connection with the withdrawal application. All interested parties who desire a public meeting for the purpose of being heard on the proposed withdrawal application must submit a written request to the BLM Colorado State Office at the address listed above by January 14, 2016.

If the authorized officer decides that a public meeting will be held, a notice of the time and place will be published

in the **Federal Register** and in a newspaper of general circulation in the respective areas of the proposed withdrawal at least 30 days before the scheduled date of the meeting.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Records related to the application may be examined at the White River National Forest, Supervisor's Office at 900 Grand Avenue, Glenwood Springs, Colorado 81601.

For a period until October 16, 2017, subject to valid existing rights, the lands described in this notice will be segregated from location and entry under the United States mining laws unless the application is denied or cancelled or the withdrawal is approved prior to that date. The lands will remain open to other uses within the statutory authority pertinent to National Forest System lands and subject to discretionary approval.

The application will be processed in accordance with the regulations set forth in 43 CFR part 2300.

Notice of Intent To Amend the Resource Management Plan for the White River Field Office and Prepare an Associated Environmental Assessment for Travel and Transportation Management, Colorado

AGENCY: Bureau of Land Management, Interior

ACTION: Notice.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA); and the Federal Land Policy and Management Act of 1976, as amended (FLPMA); the Bureau of Land Management (BLM) White River Field Office (WRFO), Meeker, Colorado, intends to prepare a

Resource Management Plan (RMP) amendment with an associated Environmental Assessment (EA) for the WRFO. By this notice the WRFO is announcing the beginning of the scoping process to solicit public comments and identify issues.

DATES: Comments on issues may be submitted in writing until November 16, 2015. The BLM will announce the date(s) and location(s) of any scoping meetings at least 15 days in advance through local news media, newspapers and the BLM Web site at: <http://www.blm.gov/co/st/en/fo/wrfo.html>. The BLM must receive all comments prior to the close of the 30-day scoping period or 15 days after the last public meeting, whichever is later, in order for them to be included in the analysis. We will provide additional opportunities for public participation as appropriate.

ADDRESSES: You may submit comments on issues and planning criteria related to the WRFO's Travel and Transportation Management RMP amendment/EA by any of the following methods:

- *Web site:* <http://www.blm.gov/co/st/en/fo/wrfo.html>.
- *Email:* blm_co_wrfo_tmp@blm.gov.
- *Fax:* 970–989–3805.
- *Mail:* BLM, White River Field Office, 220 East Market St., Meeker, CO 81641.

Documents pertinent to this proposal may be examined at the White River FO.

FOR FURTHER INFORMATION CONTACT:

Heather Sauls, Planning and Environmental Coordinator; telephone 970–878–3855; address White River FO (see address above); email hsauls@blm.gov. Contact Ms. Sauls to have your name added to our mailing list. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, seven days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: This document provides notice that the WRFO, Meeker, Colorado, intends to prepare an RMP amendment with an associated EA for the White River Planning Area, announces the beginning of the scoping process, and seeks public input on issues and planning criteria. The RMP amendment will address comprehensive transportation and travel management planning and will amend the 1997 WRFO RMP. At a minimum, the RMP amendment will consider designation of all public lands within

the planning area as “open areas” for off-road vehicle use, “limited areas” for off-road vehicle use, or “closed areas” to off-road vehicle use. The RMP amendment will also consider whether to further restrict other modes of transport (e.g., mechanized and non-motorized) through area allocations and allowable use decisions. The BLM will also address whether or not exceptions should be granted within closed or limited areas and provide general direction for how to address resource conflicts during future implementation-level planning. The planning area is located in Rio Blanco, Moffat and Garfield counties, Colorado, and encompasses approximately 1.5 million acres of public land.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the planning process. BLM personnel; Federal, State and local agencies; and other stakeholders identified the following preliminary issues for the RMP amendment area:

- Is there a recreational need for an open area?
- Are there areas that should be managed with seasonal closures on motorized vehicle use to allow for non-motorized hunting experiences?
- Should the White River FO provide exceptions for off-road motorized travel in limited areas for the purposes of camping, firewood gathering, or retrieval of downed big game?
- Should the WRFO provide exceptions for physically challenged individuals to travel off-road?
- Should the WRFO limit motorized over-the-snow travel by vehicle type, season, snow-depth, or other conditions?
- Should Pike Ridge be managed as closed to motorized vehicles?
- Should travel on existing energy and mineral development access roads be restricted to authorized use?
- Should right-of-way exclusion areas also be managed as closed areas?
- What types of uses are appropriate (e.g., motorized, mechanized, horseback) within right-of-way avoidance and exclusion areas?
- Should the WRFO implement seasonal or permanent road or trail closures in Greater Sage-Grouse habitat?
- Should construction of new roads be allowed within lands with wilderness characteristics?
- What types of uses are appropriate (e.g., motorized, mechanized, horseback) within lands with wilderness characteristics?
