## OFFICE OF PERSONNEL MANAGEMENT

### 5 CFR Part 950

RIN 3206-AM68

#### Solicitation of Federal Civilian and Uniformed Service Personnel for Contributions to Private Voluntary Organizations

**AGENCY:** Office of Personnel Management.

**ACTION:** Final rule; delay of effective date.

**SUMMARY:** The United States Office of Personnel Management (OPM) is issuing a final rule to change the effective date of previously published Combined Federal Campaign regulations to January 1, 2017.

**DATES:** The effective date of the regulations published in the **Federal Register** on April 17, 2014 (79 FR 21581) is delayed until January 1, 2017.

Regarding funds contributed to the CFC during the 2016 campaign year, LFCCs and PCFOs will continue to operate, disburse funds, and submit to compliance requirements in accordance with regulations in 5 CFR part 950 as amended at 71 FR 67284, Nov. 20, 2006.

**FOR FURTHER INFORMATION CONTACT:** Mary Capule by telephone at (202) 606-2564; by FAX at (202) 606-5056; or by email at [cfc@opm.gov](mailto:cfc@opm.gov).

**SUPPLEMENTARY INFORMATION:** The U.S. Office of Personnel Management (OPM) issued a Notice of Proposed Rulemaking on August 17, 2015 to amend 5 CFR part 950 to change the effective date of the new rule from January 1, 2016 to January 1, 2017. During the comment period, OPM received two comments, including one from a Federal agency and one from a Local Federal Coordinating Committee (LFCC). These comments are addressed below.

The Department of Defense expressed its support for the amendment to allow

additional time to test new systems before they are deployed. The Greater Arkansas CFC LFCC requested clarification on the process by which a contract will be awarded to a vendor to serve as the Central Campaign Administrator and the method by which the system will be tested.

The revision involves the change of the effective date of the new CFC regulations published in the **Federal Register** on April 17, 2014. The new effective date for the CFC regulations would ensure that the tools need to put these reforms in place—including the pivotal online charity application and donor pledging systems—are thoroughly tested and fully operational before being made available to charities and donors.

On August 17, 2015 (80 FR 49173), OPM published a proposed rule with requests for public comment in the **Federal Register**. The Agency received two comments, neither of which opposed the change of date. It is therefore publishing the proposed rule as final without change.

#### Regulatory Flexibility Act

I certify that this regulation will not have a significant economic impact on a substantial number of small entities. Charitable organizations applying to the CFC have an existing, independent obligation to comply with the eligibility and public accountability standards contained in current CFC regulations. Streamlining these standards will be less burdensome.

#### Executive Orders 12866 and 13563, Regulatory Review

This rule has been reviewed by the Office of Management and Budget in accordance with Executive Orders 12866 and 13563.

#### Importation of Fresh Peppers From Ecuador Into the United States

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Final rule.

**SUMMARY:** We are amending the fruits and vegetables regulations to allow the importation of fresh peppers into the United States from Ecuador. As a condition of entry, the fruit will have to be produced in accordance with a systems approach that includes requirements for fruit fly trapping, pre-harvest inspections, production sites, and packinghouse procedures designed to exclude quarantine pests. The fruit will also be required to be imported in commercial consignments and accompanied by a phytosanitary certificate issued by the national plant protection organization of Ecuador stating that the consignment was produced and prepared for export in accordance with the requirements in the systems approach. This action allows for the importation of fresh peppers from Ecuador while continuing to provide protection against the introduction of plant pests into the United States.

**DATES:** Effective November 23, 2015.
