

school, the institution, the LEA, or by another entity.

To the extent that the institution has information about potential restrictions on the transferability of the credits that secondary students may receive under the institution's dual enrollment arrangement, the institution must disclose this information to students and their families prior to the student's participation in the dual enrollment experiment.

Participating institutions must ensure that after all Federal Pell Grants, State, local, institutional aid, or other resources have been applied to student charges, students are not responsible for any remaining institutional charges as a result of enrolling in the postsecondary program as part of the institution's dual enrollment arrangement under the experiment.

Use of Funds

Federal Pell Grants made available to students to enroll in participating institutions through this experiment must not supplant public and institutional sources of funding for an institution's dual enrollment arrangement(s). To verify and monitor this requirement, participating institutions will be required to annually submit to the Department information about the total cost of operating the dual enrollment arrangement and the sources of funding for the arrangement. The Secretary may remove an institution from the experiment if the Secretary determines that Federal Pell Grant funds have been used to supplant existing funding sources.

Waivers

Institutions selected for this experiment will be exempt from the following statutory and regulatory provisions:

- Section 484(a)(1) of the HEA and 34 CFR 668.32(b), to the extent that the statute and regulations prohibit a student who is enrolled in a public secondary school from receiving funds under the Federal Pell Grant program;
- Section 484(d) of the HEA and 34 CFR 668.32(e), to the extent that the statute and regulations require that a student have a high school diploma, or its recognized equivalent, to be eligible for Federal Pell Grant funds.

All other provisions and regulations of the title IV, HEA programs will apply to institutions participating in this experiment.
