SUPPLEMENTARY INFORMATION: ATA applied for an administrative determination concerning whether Federal hazardous material transportation law, 49 U.S.C. 5101 *et seq.*, preempts requirements of the New York City Fire Department for a permit to transport certain hazardous materials by motor vehicle through New York City, or for transshipment from New York City, and the fee for the permit. PHMSA published notice of ATA's application in the **Federal Register** on April 17, 2014. 79 FR 21838. On June 2, 2014, the comment period closed without any interested parties submitting comments. On April 27, 2015, we published a notice of delay in processing ATA's application in order to conduct additional fact-finding and legal analysis in response to the application. 80 FR 23328. In order to ensure PHMSA has all of the relevant information before making a determination, we sent a letter to the FDNY and requested that it submit comments as to whether Federal hazardous material transportation law preempts the New York City requirements that are the subject of this proceeding. On August 20, 2015, the FDNY submitted its comments on ATA's application. Therefore, on October 1, 2015, we published a notice announcing that we were reopening the comment period in the proceeding to provide interested parties the

opportunity to address any of the issues raised by the FDNY in its comments. 80 FR 59244. On October 21, 2015, ATA asked us for an extension of time in which to file comments, and after review of ATA's request, we have granted its request.

[Docket No. FD 35947]

Cicero Central Railroad, L.L.C.—Lease Exemption—Illinois Central Railroad Company

Cicero Central Railroad, L.L.C. (CCR),¹ a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to lease from Illinois Central Railroad Company (IC), and to operate, approximately 5,675 feet of rail line between the western edge of Cicero Avenue and the eastern edge of the Central Avenue overpass at or near Stickney, Ill.

This transaction is related to a concurrently filed verified notice of exemption in *Watco Holdings, Inc.—Continuance in Control Exemption—Cicero Central Railroad*, Docket No. FD 35948, wherein Watco Holdings, Inc. seeks Board approval under 49 CFR 1180.2(d)(2) to continue in control of CCR, upon CCR's becoming a Class III rail carrier.

CCR states that the agreement between CCR and IC does not contain any provision that prohibits CCR from interchanging traffic with a third party or limits CCR's ability to interchange with a third party.

CCR has certified that its projected annual revenues as a result of this transaction will not result in CCR's becoming a Class II or Class I rail carrier, and that its projected annual revenues as a result of this transaction will not exceed \$5 million.

This transaction may be consummated on or after November 18, 2015, the effective date of the exemption (30 days after the exemption was filed).

If the notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of

¹ CCR is a wholly owned subsidiary of Watco Holdings, Inc.

a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than November 10, 2015 (at least seven days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 35947 must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423–0001. In addition, one copy of each pleading must be served on Karl Morell, Karl Morell & Associates, 655 Fifteenth Street NW., Suite 225, Washington, DC 20005.

Board decisions and notices are available on our Web site at www.stb.dot.gov.

Decided: October 30, 2015.

By the Board, Rachel D. Campbell, Director, Office of Proceedings.

Tia Delano,

Clearance Clerk.
