SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000 (the Act) was enacted on April 5, 2000, as Public Law 106-181, and subsequently amended in the FAA Modernization and Reform Act of 2012. The Act required the establishment of the advisory group within 1 year after its enactment. The NPOAG was established in March 2001. The advisory group is comprised of a balanced group of representatives of general aviation, commercial air tour operations, environmental concerns, and Native American tribes. The Administrator of the FAA and the Director of NPS (or their designees) serve as ex officio members of the group. Representatives of the Administrator and Director serve alternating 1-year terms as chairman of the advisory group.

In accordance with the Act, the advisory group provides "advice, information, and recommendations" to the Administrator and the Director—

(1) On the implementation of this title [the Act] and the amendments made by this title;

(2) On commonly accepted quiet aircraft technology for use in commercial air tour operations over a national park or tribal lands, which will receive preferential treatment in a given air tour management plan;

(3) On other measures that might be taken to accommodate the interests of visitors to national parks; and

(4) At the request of the Administrator and the Director, safety, environmental, and other issues related to commercial air tour operations over a national park or tribal lands."

Membership

The current NPOAG ARC is made up of one member representing general aviation, three members representing the commercial air tour industry, four members representing environmental concerns, and two members representing Native American interests. Current members of the NPOAG ARC are as follows:

Melissa Rudinger representing general aviation; Alan Stephen, Matt Zuccaro, and Mark Francis representing commercial air tour operators; Michael Sutton, Nicholas Miller, Mark Belles, and Dick Hingson representing environmental interests; and Leigh Kuwanwisiwma representing Native American tribes with one seat open.

Selection

The person selected to fill the open seat representing Native American interests is Martin Begaye. Mr. Begaye's 3-year term will begin on the day of the **Federal Register** notice publication.

Issued in Hawthorne, CA, on November 4, 2015.

Keith Lusk,

Program Manager, Special Programs Staff, Western-Pacific Region.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2015-0114]

Petition for Waiver of Compliance

In accordance with part 211 of Title 49 of Code of Federal Regulations (CFR), this document provides the public notice that by a document dated September 29, 2015, the Graham-White Company (Graham-White) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR 231.27. FRA assigned the petition Docket Number FRA-2015-0114.

Graham-White manufactures electric locomotive parking brakes. The Graham White design provides transmission of torque from the hand wheel into the input shaft of the brake through a key that engages the hand wheel hub and the input shaft. Title 49 CFR 231.27(a)(2) requires the hand brake wheel be affixed to the input shaft using a square taper fit not less than seven-eighths of an inch square. A Graham-White technical analysis report demonstrates that the company's design provides the same degree of safety or a greater degree of safety than that specified in 49 CFR 231.27. Graham-White is requesting relief from the hand brake shaft square taper fit regulation, as stipulated in 49 CFR 231 Plate A, to allow the key and shaft design currently in service on Graham-White electric parking hand brakes.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.
