

substantive changes, and the Appeals Panel.

Requested Scope of Recognition: The accreditation and preaccreditation ("Candidate for Accreditation") of community and other colleges in California, Hawaii, the United States territories of Guam and American Samoa, the Republic of Palau, the Federated States of Micronesia, the Commonwealth of the Northern Marianas, and the Republic of the Marshall Islands, which have as a primary mission the granting of associate degrees, but which may also award certificates and other credentials, including bachelor's degrees, where the provision of such credentials is within the institution's mission and, if applicable, is authorized by their governmental authorities, and the accreditation of such programs offered via distance education and correspondence education at these colleges. This recognition also extends to the Committee on Substantive Change of the Commission, for decisions on substantive changes, and the Appeals Panel.

Clarification Regarding Scope of Review

Decisions letters issued in January 2014 by the senior Department official on recognition matters are posted on the Department's Web site at: <https://opeweb.ed.gov/aslweb/index.cfm>.

NWCCU and WASC ACCJC timely appealed to the Secretary from several of the findings contained in the senior Department official's January 2014 decision letters to those agencies.

1. NWCCU (Compliance Report)

The agency appealed five of the ten findings outlined in the senior Department official's January 2014 decision letter.

The agency prevailed on appeal on three of the five issues. As a consequence of the appeal, only the following five remaining findings will be considered at the December 2015 meeting for NWCCU: 34 CFR 602.15(a)(5); 602.16(a)(1)(ix); 602.20(b); 602.23(c); and 602.26(d). The Secretary's December 2014 appeal decision may be found here: <http://oha.ed.gov/secretaryindex.html>

2. WASC ACCJC (Compliance Report)

The agency appealed two of the 15 findings outlined in the senior Department official's January 2014 decision letter. The appeal remains pending. Because those two findings remain on appeal, only the other 13 findings addressed in the senior Department official's decision letter will

be considered at the December 2015 meeting for WASC ACCJC: 34 CFR 602.12(b); 602.16(a)(1)(i); 602.16(a)(1)(ii); 602.16(a)(1)(iii); 602.17(a); 602.17(f); 602.18(e); 602.19(b); 602.20(a); 602.20(b); 602.21(c); 602.25(c); and 602.26(b).

Public comments (written and oral) for NWCCU and WASC ACCJC must be confined to the criteria for recognition listed above.

3. Scope of Review at the December 2015 Meeting for Agencies Other Than NWCCU and WASC ACCJC

Public comments (written and oral) for all other agencies listed on the December agenda for consideration of compliance reports must relate to issues identified in the senior Department official's letter that requested the report.

Public comments (written and oral) for agencies listed on the December agenda for consideration for initial or renewal of recognition must relate to the agency's compliance with the Criteria for the Recognition of Accrediting Agencies [34 CFR 602], the Criteria and Procedures for Recognition of State Agencies for the Approval of Public Postsecondary Vocational Education [34 CFR 603], and the Criteria and Procedures for Recognition of State Agencies for Approval of Nurse Education, as appropriate.

Addition of Agenda Item: On Wednesday, December 16, 2015, the NACIQI will receive a briefing to continue their discussion from the June 25–26, 2015 meeting regarding how to frame the NACIQI's policy agenda to inform the agency recognition process and to develop broader perspectives about how accrediting agencies consider data about student outcomes. The briefing and attendant discussion will commence prior to the review of agencies on the agenda, and will resume after the NACIQI has completed its review of agencies.

Access to Records of the Meeting: The Department will post the official report of the meeting on the NACIQI Web site 90 days after the meeting. Pursuant to the FACA, the public may also inspect the materials at 1990 K Street NW., Washington, DC, by emailing aslrecordsmanager@ed.gov or by calling (202) 219–7067 to schedule an appointment.

Transcontinental Gas Pipe Line Company, LL; Notice of Availability of the Environmental Assessment for the Proposed Garden State Expansion Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Garden State Expansion Project, proposed by Transcontinental Gas Pipe Line Company, LLC (Transco) in the above-referenced docket. Transco requests authorization to construct and operate a new compressor station and a new meter and regulating station in Burlington County, New Jersey and construct and modify an existing compressor station and related appurtenant facilities in Mercer County, New Jersey.

The EA assesses the potential environmental effects of the construction and operation of the Garden State Expansion Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The proposed Garden State Expansion Project includes the following facilities:
