

Three Pilot Securities will quote in \$0.05 per share increments and will trade in \$0.05 per share increments consistent with Test Group Two, and in addition be subject to a Trade-At Prohibition, which would generally prevent price matching by a trading center that is not displaying a quotation at the price of the best protected quotation, unless an exception applies. Pilot Securities in the control group would continue to quote and trade in the pricing increments that are currently permitted.

Pursuant to the Tick Size Pilot, Participants will collect data reflecting a variety of market quality metrics with respect to the Pilot Securities and transmit such data to the Commission. The collected data will be publicly available in an aggregated form. In addition, the Participants are required to conduct, and provide the Commission with, a publicly-available impact assessment.

III. Discussion

As discussed in the Approval Order,⁵ several actions need to occur prior to the implementation of the Tick Size Pilot, including: (1) The development and testing of applicable trading and compliance systems, (2) the filing and approval of SRO rules related to the Tick Size Pilot's quoting and trading requirements, and (3) the development and implementation of the written policies and procedures by Participants and their members that are reasonably designed to comply with the applicable quoting and trading increments. In addition, the Participants must develop appropriate policies and procedures for collecting and reporting to the Commission the requisite data in connection with the Tick Size Pilot, including the filing and approval of SRO rules requiring the collection and reporting of data from certain member firms. Data is to be collected by the Participants for periods beginning six months prior to the Pilot Period.⁶ To date, the requisite SRO rule proposals have not been filed or approved by the Commission, and there has not been an opportunity for the Participants and their members to develop and test applicable trading and compliance systems.⁷

⁵ 80 FR at 27545.

⁶ See Sections IV and VII of the Tick Size Pilot at 80 FR at 27548 and 27552–53.

⁷ The Commission notes that the Participants anticipate filing model data collection rule proposals with the Commission no later than November 13, 2015. See Letter from Brendon J. Weiss, Co-Head, Government Affairs, Intercontinental Exchange/NYSE, to Brent J. Fields, Secretary, Commission, dated November 4, 2015. In

Accordingly, the Commission believes additional time is needed for the Participants and their members to complete their preparations for implementation of the Tick Size Pilot. The Commission believes that extending the implementation date by approximately five months, to October 3, 2016, is sufficient to allow for a smooth yet timely implementation of the Tick Size Pilot, including the approval of applicable SRO rules and the development and testing of new compliance systems.⁸

Therefore, the Commission believes that it is necessary and appropriate to issue an exemption to extend the date by which the Participants must implement the Tick Size Pilot until October 3, 2016. The Commission has determined that such an exemption is consistent with the public interest, the protection of investors, the maintenance of fair and orderly markets and the removal of impediments to, and perfection of the mechanisms of, a national market system.

IV. Conclusion

It is hereby ordered, pursuant to Rule 608(e) of Exchange Act,⁹ that the Participants are exempt from implementing the Tick Size Pilot until October 3, 2016.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁰

Deputy Secretary.

In addition, the Commission notes that the Participants issued technical specifications and FAQs related to the data collection requirements on October 12, 2015.

⁸ The Commission has received requests to extend the implementation date of the Tick Size Pilot or its data collection requirements for various periods. See Letter from Theodore R. Lazo, Managing Director and Associate General Counsel, SIFMA, to Stephen Luparello, Director, Division of Trading and Markets, Commission, dated August 31, 2015 (requesting the data collection period be extended until at least three months after the requisite SRO rules are approved by the Commission and related interpretive guidance is published); Letter from Mary Lou Von Kaenel, Managing Director, Financial Information Forum, to Stephen Luparello, Director, Division of Trading and Markets, Commission, dated September 24, 2015 (requesting the data collection period be extended a minimum of six months); and Letter from Brendon J. Weiss, Co-Head, Government Affairs, Intercontinental Exchange/NYSE, to Brent J. Fields, Secretary, Commission, dated November 4, 2015 (requesting the data collection period be extended until six months after the requisite SRO rules are approved, and the implementation date of the Tick Size Pilot until six months thereafter).
