**Notice of Lodging of Proposed Settlement Agreement Under the Clean Water Act**

Notice is hereby given that, for a period of 30 days, the United States will receive public comments on a proposed Settlement Agreement and Final Judgment on Consent ("Settlement Agreement") in *United States v. ATP Oil & Gas Corp. et al.* (Civil Action No. 2:13-cv-0262), which was lodged with the United States District Court for the Eastern District of Louisiana on November 19, 2015.

The Complaint in this case was filed against ATP Oil & Gas Corporation ("ATP") and ATP Infrastructure Partners, LP ("ATP-IP") in February 2013. The Complaint seeks civil penalties and injunctive relief under the Clean Water Act ("CWA") and injunctive relief under the Outer Continental Shelf Lands Act ("OCSLA") related to unauthorized discharges of oil and chemicals from an oil platform, the ATP Innovator, into the Gulf of Mexico. ATP is going through a Chapter 7 bankruptcy proceeding and is no longer operating.

Under the proposed Settlement Agreement, ATP agrees to a final civil penalty judgment of \$38 million for multiple alleged violations of the Clean Water Act. The penalty judgment will be treated as an allowed unsecured claim in ATP's bankruptcy proceeding. A prior settlement approved by the district court in May 2015 resolved the claims against ATP-IP and secured penalties as well as OCSLA and CWA injunctive relief related to the safe future operation of the ATP Innovator in U.S. waters.
