BILLING CODE 3510-DR-P

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Request for Public Comment on a Commercial Availability Request Under the U.S.-Morocco Free Trade Agreement

AGENCY: Committee for the Implementation of Textile Agreements (CITA).

ACTION: Request for public comments concerning a request for modification of the U.S.-Morocco Free Trade Agreement (USMFTA) rules of origin for certain printed and piece-dyed warp knit fabrics of polyester or nylon fibers.

SUMMARY: On November 16, 2015, the Government of the United States received a request from Swimsuit Commission Corporation (SCC) to initiate consultations with the Government of Morocco under Article 4.3.3 of the USMFTA. SCC is requesting that the United States and Morocco consider revising the rules of origin for certain women's and girls' swimwear to address availability of supply of certain printed and piece-dyed warp knit fabrics of polyester or nylon fibers in the territories of the Parties. The President may proclaim a modification to the USMFTA rules of origin for textile and apparel products after reaching an agreement with the Government of Morocco on the modification. CITA hereby solicits public comments on this request, in particular with regard to whether certain printed and piece-dyed warp knit fabrics of polyester or nylon fibers classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 6004.10 containing between 3 percent and 41 percent elastomeric yarns, in which the elastomeric yarns were engineered for chlorine resistance, can be supplied by the U.S. domestic industry in commercial quantities in a timely manner. Comments must be submitted by January 6, 2016 to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Maria D'Andrea, Office of Textiles and

Apparel, U.S. Department of Commerce, (202) 482-1550.

SUPPLEMENTARY INFORMATION:

Authority: Section 203 (j)(2)(B)(i) of the United States-Morocco Free Trade Agreement Implementation Act (19 U.S.C. 3805 note) (USMFTA Implementation Act); Executive Order 11651 of March 3, 1972, as amended.

Background

Under the USMFTA, except as otherwise provided in the USMFTA, the Parties are required to progressively eliminate customs duties on originating goods in accordance with their schedules. *See* Article 2.3.2. The USMFTA provides that, on the request of either Party, the Parties shall consult to consider whether the rules of origin applicable to a particular textile or apparel good should be revised to address issues of availability of supply of fibers, yarns, or fabrics in the territories of the Parties. *See* Article 4.3.3 of the USMFTA. In the consultations, each Party must consider data presented by the other Party showing substantial production in its territory of a particular fiber, yarn, or fabric. Substantial production has been shown if domestic producers are capable of supplying commercial quantities of the fiber, yarn, or fabric in a timely manner. *See* Article 4.3.4 of the USMFTA.

The USMFTA Implementation Act provides the President with the authority to proclaim as part of the HTSUS, modifications to the USMFTA rules of origin set out in Annex 4-A of the USMFTA as are necessary to implement the USMFTA after complying with the consultation and layover requirements of Section 104 of the USMFTA Implementation Act. *See* Section 203(j)(2)(B)(i) of the USMFTA Implementation Act. Executive Order 11651 established CITA to supervise the implementation of textile trade agreements and authorizes the Chairman of CITA to take actions or recommend that appropriate officials or agencies of the United States take actions necessary to implement textile trade agreements. 37 FR 4699 (March 4, 1972).

On November 16, 2015, the Government of the United States received a request from SCC, alleging that certain printed and piece-dyed warp knit fabrics of polyester or nylon fibers classified under HTSUS subheading 6004.10 containing between 3 percent and 41 percent elastomeric yarns, in which the elastomeric yarns were engineered for chlorine resistance, cannot be supplied by the domestic or Moroccan industry in commercial

quantities in a timely manner and requesting that the United States consider whether the USMFTA rule of origin for certain women's and girls' swimwear, classified under HTSUS subheading 6112.41, should be modified to allow the use of certain non-U.S. and non-Moroccan printed and piece-dyed warp knit fabrics of polyester or nylon fiber, classified under HTSUS subheading 6004.10 containing between 3 percent and 41 percent elastomeric yarns, in which the elastomeric yarns are engineered for chlorine resistance. CITA is soliciting public comments regarding this request, particularly with respect to whether certain printed and piece-dyed warp knit fabrics of polyester or nylon fibers described above can be supplied by the U.S. domestic industry in commercial quantities in a timely manner. Comments must be received no later than January 6, 2016. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, U.S. Department of Commerce, 14th and Constitution Avenue NW., Washington, DC 20230.

CITA will protect any business confidential information that is marked business confidential from disclosure to the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3001 in the Herbert Hoover Building, 14th and Constitution Avenue NW., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.

DEPARTMENT OF DEFENSE

Department of the Air Force

Gulf Regional Airspace Strategic Initiative, Landscape Initiative Eglin Air Force Base, Florida

ACTION: Notice of Availability (NOA) Record of Decision (ROD).

SUMMARY: On November 18, 2015, the United States Air Force signed the ROD for the Gulf Regional Airspace Strategic Initiative, Landscape Initiative Eglin Air Force Base, Florida Final Environmental Impact Statement (EIS). This ROD states the Air Force decision is to select Subalternative 1. The decision means that the Air Force will request a more limited set of specific training and emitter activities from its GRASI partner agencies. The selection of Subalternative 1 reduces the amount of training, frequencies, and geographic extent of training that will be requested of partner organizations to reduce the potential for recreational conflicts identified by the public and the potential for environmental impacts. Training and emitter activities, if approved by GRASI GLI partners, would occur in Blackwater River and Tate's Hell State Forests and other select locations in Northwest Florida.

The decision was based on matters discussed in the Final EIS; inputs from the public, Native American tribes, and Federal, State and local units of government, and regulatory agencies; and other relevant factors. The Final EIS was made available to the public on June 5, 2015, through a NOA in the **Federal Register** (Volume 80, Number 108, Page 32114) with a post-filing waiting period that ended on July 6, 2015. This ROD documents only the Air Force decision on the proposed actions analyzed in the Final EIS.

Authority: This NOA is published pursuant to the regulations (40 CFR Sec. 1506.6) implementing the provisions of the National Environmental Policy Act of 1969 (42 U.S.C. 4321, *et seq.*) and the Air Force's Environmental Impact Analysis Process (32 CFR Secs. 989.21(b) and 989.24(b)(7)).

Notice To Extend Public Comment Period for the Revised Draft Environmental Impact Statement for Divert Activities and Exercises, Commonwealth of The Northern Mariana Islands

AGENCY: Department of the Air Force.

ACTION: Notification of extension of public comment period.

SUMMARY: The U.S. Air Force is issuing this notice to advise the public of an extension to the public comment period on the revised draft Environmental Impact Statement. The initial Notice of Availability was published in the **Federal Register** on October 16, 2015 (Vol. 80, No. 200/Notices/62526), and established a public comment period from October 16, 2015 through November 30, 2015. The Air Force has extended the deadline for submitting public comments to December 14, 2015. All substantive comments received by December 14, 2015 will be addressed fully considered and made a part of Final EIS and administrative record.
