Notice of Lodging of Proposed Consent Decree Under the Clean Air Act and Clean Water Act

On December 2, 2015, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of Hawaii in the lawsuit entitled *United States v. Aloha Petroleum, Ltd.*, Civil Action No. CV 15-00498 HG-BMK.

The United States' Complaint asserts claims against Aloha under Section 113(b) of the Clean Air Act ("CAA"), 42 U.S.C. 7413(b) and section 311(b) of the Clean Water Act ("CWA"), 33 U.S.C. 1321(b). Aloha operates a bulk gasoline terminal in Hilo, Hawaii (the "Terminal"). The Terminal receives petroleum products via pipelines connected to the local marine port and stores the products in large tanks prior to transfer into tank trucks at the Terminal's loading rack. The Complaint alleges that Aloha failed to install a vapor collection system, limit emissions, and conduct a performance test, as required by 40 CFR part 60, subpart XX. Under the CWA, the Complaint alleges that Aloha failed to construct a secondary containment structure that is sufficiently impervious to contain oil, or to hold oil until cleanup can occur. 40 CFR 112.7(c), 112.8(c)(2).

Under the Consent Decree, Aloha will pay a civil penalty of \$650,000, will "permanently close" the Terminal as defined in 40 CFR 112.2, and certify that it has ceased operating the loading racks

there. Aloha will also install improved containment liners at five of its other facilities.
