AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Receipt of petition.

SUMMARY: Nitto Tire U.S.A., Inc. (Nitto), has determined that certain Nitto NT05 passenger car tires manufactured between December 14, 2014 and August 1, 2015, do not fully comply with paragraph S5.5(e) of Federal Motor Vehicle Safety Standard (FMVSS) No. 139, *New Pneumatic Radial Tires for Light Vehicles*. SUPPLEMENTARY INFORMATION:**I. Overview**

Pursuant to 49 U.S.C. 30118(d) and 30120(h) (see implementing rule at 49 CFR part 556), Nitto submitted a petition for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Nitto's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

II. Tires Involved

Affected are approximately 1,059 Nitto NT05 size 295/35ZR18 99W passenger car tires manufactured between December 14, 2014 and August 1, 2015.

III. Noncompliance

Nitto explains that the noncompliance is that the sidewall markings on the subject tires do not include the correct generic name for the plies in the tread and sidewall area of the tires as required by paragraph S5.5(e) of FMVSS No. 139. Specifically, the subject tires are marked with “Tread 2 Steel 2 Rayon 1 Nylon; Sidewall 3 Rayon.” The correct marking should be “Tread 2 Steel 2 Polyester 1 Nylon; Sidewall 3 Polyester.”

IV. Rule Text

Paragraph S5.5(e) of FMVSS No. 139 requires in pertinent part:

S5.5 *Tire markings.* Except as specified in paragraphs (a) through (i) of S5.5, each tire must be marked on each sidewall with the information specified in S5.5(a) through (d) and on one sidewall with the information specified in S5.5(e) through (i) according to the phase-in schedule specified in S7 of this standard. . . .

(e) The generic name of each cord material used in the plies (both sidewall and tread area) of the tire; . . .

V. Summary of Nitto's Analyses

Nitto stated its belief that the subject noncompliance is inconsequential to motor vehicle safety for the following reasons:

(1) Nitto believes that in the Safety Act Congress acknowledged that there are cases where a vehicle or equipment may fail to comply with a safety standard, but that the impact on motor vehicle safety is so slight that an exemption from the notice and remedy requirements of the Safety Act is justified.

(2) Nitto states that the subject tires meet all other performance and regulatory requirements of FMVSS No. 139.

(3) Nitto has not received any complaints, claims, or warranty adjustments related to this noncompliance.

(4) Nitto believes that NHTSA has previously granted inconsequential noncompliance petitions for noncompliances that it believes are similar to the subject noncompliance.

Nitto has additionally informed NHTSA that it has corrected the noncompliance so that future production of the subject tires will comply with all applicable labeling requirements of FMVSS No. 139.

In summation, Nitto believes that the described noncompliance of the subject tires is inconsequential to motor vehicle safety, and that its petition, to exempt Nitto from providing recall notification of noncompliance as required by 49 U.S.C. 30118 and remedying the recall noncompliance as required by 49 U.S.C. 30120 should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to

the subject tires that Nitto no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve equipment distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant tires under their control after Nitto notified them that the subject noncompliance existed.

Authority: 49 U.S.C. 30118, 30120; Delegations of authority at 49 CFR 1.95 and 501.8.
