SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of

information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Medicare Enrollment Application—Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) Suppliers; *Use:* The primary function of the CMS 855S Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) supplier enrollment application is to gather information from a supplier that tells us who it is, whether it meets certain qualifications to be a health care supplier, where it renders its services or supplies, the identity of the owners of the enrolling entity, and information necessary to establish correct claims payment.

The goal of this revision of the CMS-855S is to simplify and clarify the current data collection and to remove obsolete and/or redundant questions. Grammar and spelling errors were corrected. Limited informational text has been added within the application form and instructions in conjunction with links to Web sites when detail is needed by the supplier. To clarify current data collection differentiations and to be in sync with accreditation coding, section 3D ("Products and Services Furnished by This Supplier") has been updated. This revision does not offer any new material data collection. CMS received one comment in response to the 60-day notice. *Form Number:* CMS-855S (OMB Control Number: 0938-1056); *Frequency:* Annually; *Affected Public:* Private sector (, Business or other for-profits and Not-for-profit institutions); *Number of Respondents:* 31,915; *Total Annual Responses:* 31,915; *Total Annual Hours:* 36,842. (For policy questions regarding this collection contact Kimberly McPhillips at 410-786-5374.)

2. *Type of Information Collection Request:* Revision of a currently

approved collection; *Title of Information Collection:* Bid Pricing Tool (BPT) for Medicare Advantage (MA) Plans and Prescription Drug Plans (PDP); *Use:* We require that Medicare Advantage organizations and Prescription Drug Plans complete the BPT as part of the annual bidding process. During this process, organizations prepare their proposed actuarial bid pricing for the upcoming contract year and submit them to us for review and approval. The purpose of the BPT is to collect the actuarial pricing information for each plan. The BPT calculates the plan's bid, enrollee premiums, and payment rates. We publish beneficiary premium information using a variety of formats (*www.medicare.gov*, the Medicare & You handbook, Summary of Benefits marketing information) for the purpose of beneficiary education and enrollment. The package has been revised subsequent to the publication of the 60-day **Federal Register** notice (September 24, 2015; 80 FR 57619). *Form Number:* CMS-10142 (OMB control number 0938-0944); *Frequency:* Yearly; *Affected Public:* Private sector (Business or other for-profits and Not-for-profit institutions); *Number of Respondents:* 555; *Total Annual Responses:* 4,995; *Total Annual Hours:* 149,850. (For policy questions regarding this collection contact Rachel Shevland at 410-786-3026).

3. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Contract Year 2017 Plan Benefit Package (PBP) Software and Formulary Submission; *Use:* We require that Medicare Advantage and Prescription Drug Plan organizations submit a completed PBP and formulary as part of the annual bidding process. During this process, organizations prepare their proposed plan benefit packages for the upcoming contract year and submit them to us for review and approval. We publish beneficiary education information using

a variety of formats. The specific education initiatives that utilize PBP and formulary data include web application tools on *www.medicare.gov* and the plan benefit insert in the Medicare & You handbook. In addition, organizations utilize the PBP data to generate their Summary of Benefits marketing information. The package has been revised subsequent to the publication of the 60-day Federal Register notice (September 24, 2015; 80 FR 57619). *Form Number:* CMS-R-262 (OMB control number 0938-0763); *Frequency:* Yearly; *Affected Public:* Private sector (business or other for-profits and not-for-profit institutions); *Number of Respondents:* 552; *Total Annual Responses:* 5,448; *Total Annual Hours:* 52,902. (For policy questions regarding this collection contact Kristy Holtje at 410-786-2209).

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Disaster Information Collection Form.

OMB No.: 0970-NEW.

Description: This is a request by the Administration for Children and Families (ACF) for a generic clearance for the Disaster Information Collection Form. An approval for a generic clearance is being requested because each of the thirteen program offices within ACF has a slightly different need for information about program impact information collection during a disaster.

ACF oversees more than 60 programs that affect the normal day to day operations of families, children, individuals and communities in the United States. Many of these programs encourage grantees or state administrators to develop emergency preparedness plans, but do not have statutory authority to require these plans be in place. ACF facilitates the inclusion of emergency preparedness planning and training efforts for ACF programs.

Presidential Policy Directive-8 (PPD-8) provides federal guidance and planning procedures under established phases—protection, preparedness, response, recovery, and mitigation. The Disaster Information Collection Forms addressed in this clearance process provide assessment of ACF programs in disaster response, and recovery.

ACF/Office of Human Services Emergency Preparedness and Response (OHSEPR) has a requirement under PPD-8, the National Response Framework, and the National Disaster Recovery Framework to report disaster impacts to ACF-supported human services programs to the HHS Secretary's Operation Center (SOC) and interagency partners. ACF/OHSEPR works in partnership with the Assistant Secretary for Preparedness and Response (ASPR), and the Federal Emergency Management Agency (FEMA) to report assessments of disaster impacted ACF programs and the status of continuity of services and recovery.

Respondents: State administrators, and/or ACF grantees.

Annual Burden Estimates: The burden cap for the Disaster Information Collection Form is estimated based on a single disaster per year. The estimate is for approximately 10 state administrators, or grantees to go through all of the applicable questions with the Regional and Central Office staff. Some ACF programs have more questions and may have more respondents.

Instrument	Number of respondents	Number of responses per respondent	Burden hours per response	Total burden hours
Disaster Information Collection Form	10	15	0.08 hours (5 minutes)	1.25 hours (75 minutes).

An estimate of the number of disasters that would warrant data collection is difficult to calculate due to the unpredictable nature of disasters. For example, in 2012, there were 95 disasters nationwide but OHSEPR did not collect data on all of them because

they had minimal effects on ACF programs.

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade SW., Washington,

DC 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection. Email address: *infocollection@acf.hhs.gov*.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30
