

that determination based on the criteria summarized below.

1. *The taking will be incidental.* We find that take will be incidental to otherwise lawful activities, including: public or private land development projects; construction, maintenance, and/or improvement of roads, bridges, and other transportation infrastructure; and installation and/or maintenance of utility infrastructure.

2. *The applicants will, to the maximum extent practicable, minimize and mitigate the impacts of such takings.* The Applicant's have developed and are committed to implementing a wide variety of conservation measures intended to minimize and mitigate the impacts of incidental taking that may result from the Covered Activities.

3. *The applicants will develop an HCP and ensure that adequate funding for the HCP will be provided.* The Applicants have developed an HCP, which includes a detailed estimate of the costs of implementing the SEP HCP (see Chapter 11 of the HCP). The funding necessary to pay for implementing the SEP HCP will come mostly from participation fees and public funding sources.

4. *The taking will not appreciably reduce the likelihood of survival and recovery of any listed species in the wild.* As the federal action agency considering whether to issue an ITP to the Applicants, we have reviewed the proposed action under section 7 of the Act. Our biological opinion, dated November 20, 2015, concluded that issuance of the ITP will not jeopardize the continued existence of the Covered Species in the wild. No areas designated as critical habitat will be adversely modified. The biological opinion also analyzes other listed species within the planning area and concludes that the direct and indirect effect of the issuance of the ITP will not appreciably reduce the likelihood of survival and recovery of other listed species or destroy or adversely modify any designated critical habitat.

5. *The applicants agree to implement other measures that the Service requires as being necessary or appropriate for the purposes of the HCP.* We have assisted the Applicants in the development of the SEP HCP, commented on draft documents, participated in numerous meetings, and worked closely with them throughout the development of the HCP, so conservation of Covered Species would be assured and recovery would not be precluded by the Covered Activities. The SEP HCP incorporates our recommendations for minimization and

mitigation of impacts, as well as steps to monitor the effects of the HCP and ensure success. Annual monitoring, as well as coordination and reporting mechanisms, have been designed to ensure that changes in the conservation measures can be implemented if proposed measures prove ineffective (adaptive management).

We have determined that the Proposed SEP HCP Alternative best balances the protection and management of habitat for Covered Species while providing an efficient means for compliance with the Act for the Covered Species in the permit area. Considerations used in this decision include whether (1) mitigation will benefit the Covered Species, (2) adaptive management of the conservation measures will ensure that the goals and objectives of the HCP are realized, (3) conservation measures will protect and enhance habitat, (4) mitigation measures for the Covered Species will fully offset anticipated impacts to species and provide recovery opportunities, and (5) the HCP is consistent with the Covered Species' recovery plans, where they exist.

A final permit decision will be made no sooner than 30 days after the publication of this notice of availability and completion of the record of decision.

Electronic mail: Jean_Sonneman@blm.gov.

Please indicate "Attn: 1004-0029" regardless of the form of your comments.

FOR FURTHER INFORMATION CONTACT: Flora Bell, at 202–912–7347. Persons who use a telecommunication device for the deaf may call the Federal Information Relay Service at 1–800–877–8339, to leave a message for Ms. Bell. You may also review the information collection request online at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act (44 U.S.C. 3501–3521) and OMB regulations at 5 CFR part 1320 provide that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond. In order to obtain and renew an OMB control number, Federal agencies are required to seek public comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d) and 1320.12(a)).

As required at 5 CFR 1320.8(d), the BLM published a 60-day notice in the **Federal Register** on June 16, 2015 (80 FR 34453), and the comment period ended August 17, 2015. The BLM now requests comments on the following subjects:

1. Whether the collection of information is necessary for the proper functioning of the BLM, including

whether the information will have practical utility;

2. The accuracy of the BLM’s estimate of the burden of collecting the information, including the validity of the methodology and assumptions used;

3. The quality, utility and clarity of the information to be collected; and

4. How to minimize the information collection burden on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

Please send comments as directed under **ADDRESSES** and **DATES**. Please refer to OMB control number 1004–0029 in your correspondence. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The following information is provided for the information collection:

Title: Color-of-Title Application (43 CFR Subparts 2540 and 2541).

Forms:

- Form 2540–1, Color-of-Title Application;

- Form 2540–2, Color-of-Title Conveyances Affecting Color or Claim of Title; and

- Form 2540–3, Color-of-Title Tax Levy and Payment Record.

OMB Control Number: 1004–0029.

Abstract: The Color-of-Title Act (43 U.S.C. 1068, 1068a, and 1068b) provides for the issuance of a land patent to a tract of public land of up to 160 acres, where the claimant shows peaceful, adverse possession of the tract in good faith for more than 20 years, as well as sufficient improvement or cultivation of the land. The information covered in this submission enables the BLM to determine whether or not such a claimant has made a showing that is sufficient under the pertinent statutory and regulatory criteria.

Frequency of Collection: Once.

Estimated Number and Description of Respondents Annually: individuals, groups, and associations, which seek title to public land on the basis of adverse possession.

Estimated Reporting and Recordkeeping “Hour” Burden Annually: 21 hours.

Estimated Reporting and Recordkeeping “Non-Hour Cost” Burden: \$70.

The following table details the individual components and respective hour burdens of this information collection request:

A. Type of response	B. Number of responses	C. Hours per response	D. Total hours (column B × column C)
Color-of-Title Application/Individuals	5	3	15
Color-of-Title Application/Groups	1	3	3

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–549 and 731–TA–1299–1303 (Preliminary)]

Circular Welded Carbon-Quality Steel Pipe From Oman, Pakistan, the Philippines, the United Arab Emirates, and Vietnam

Determinations

On the basis of the record ¹ developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that there is a reasonable indication that

an industry in the United States is materially injured by reason of imports of circular welded carbon-quality steel pipe from Oman, Pakistan, the United Arab Emirates, and Vietnam, provided for in subheadings 7306.19.10, 7306.19.51, 7306.30.10, 7306.30.50, 7306.50.10, and 7306.50.50 of the Harmonized Tariff Schedule of the United States, that are allegedly sold in the United States at less than fair value (“LTFV”), and that are allegedly subsidized by the government of Pakistan.

The Commission also found that imports of circular welded carbon-quality steel pipe from the Philippines are negligible pursuant to section 771(24) of the Act, and its investigation with regard to imports from this country

¹ The record is defined in sec. 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).
