**SUPPLEMENTARY INFORMATION:** An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for the Commission’s regulations were published on December 30, 1981. See 46 FR 63035 (Dec. 30, 1981). *Title:* Rules Relating to Review of National Futures Association Decisions in Disciplinary, Membership Denial, Registration, and Member Responsibility Actions (OMB Control No. 3038-0043). This is a request for extension of a currently approved information collection.

*Abstract:* 17 CFR part 171 rules require a registered futures association to provide fair and orderly procedures for membership and disciplinary actions. The Commission’s review of decisions of registered futures associations in disciplinary, membership denial, registration, and member responsibility actions is governed by Section 17(h)(2) of the Commodity Exchange Act, 7 U.S.C. 21(h)(2). The rules establish procedures and standards for Commission review of such actions, and the reporting requirements included in the procedural rules are either directly required by Section 17 of the Act or are necessary to the type of appellate review role Congress intended the Commission to undertake when it adopted that provision.

*Burden Statement:* The respondent burden for this collection is estimated to

average 1 hour per response. This estimate includes the time needed to transmit decisions of disciplinary, membership denial, registration, and member responsibility actions to the Commission for review. The estimated burden of 1 hour is determined by the following:

*Respondents/Affected Entities:*

Individuals or entities filing appeals from disciplinary and membership decisions by National Futures Association.

*Estimated number of respondents:* 1.

*Estimated total annual burden on respondents:* 3 hours.

*Frequency of collection:* On occasion.

There are no capital costs or operating and maintenance costs associated with this collection.

**Authority:** 44 U.S.C. 3501 *et seq.*

Dated: December 18, 2015.

**Robert N. Sidman,**

*Deputy Secretary of the Commission.*

The proposed sale will contribute to the foreign policy and national security of the United States by providing Argentina with air mobility capabilities to support various missions, including humanitarian assistance and peacekeeping. This potential sale will provide additional opportunities for bilateral engagements and further strengthen the bilateral relationship between the United States and Argentina.

The Government of Argentina intends to use these aircraft for search and rescue operations, humanitarian assistance and disaster relief, peacekeeping support, scientific operations in the Antarctic, and other missions. The proposed sale will improve Argentina's standardization of operational procedures, logistics, and associated maintenance and augment its current inventory of U.S.-origin utility helicopters. Argentina will have no difficulty absorbing these helicopters into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Bell Helicopter Textron Inc., in Fort Worth, Texas. There are no known offset agreements proposed in connection with this potential sale.

A sole source has been requested for the original equipment manufacturer, Bell Helicopter Textron, Fort Worth, Texas.

There will be no adverse impact on United States defense readiness as a result of this proposed sale.
