NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-2016-008]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide agencies with mandatory instructions for what to do with records when agencies no longer need them for current Government business. The instructions authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register** for records schedules in which agencies propose to destroy records not previously authorized for disposal or to reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: NARA must receive requests for copies in writing by January 22, 2016. Once NARA appraises the records, we will send you a copy of the schedule you requested. We usually prepare appraisal memoranda that contain additional information concerning the

records covered by a proposed schedule. You may also request these. If you do, we will also provide them once we have completed the appraisal. You have 30 days after we send you these requested documents in which to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Management Services (ACNR) using one of the following means:

Mail: NARA (ACNR); 8601 Adelphi Road; College Park, MD 20740-6001.

Email: request.schedule@nara.gov.

FAX: 301-837-3698.

You must cite the control number, which appears in parentheses after the name of the agency that submitted the schedule, and a mailing address. If you would like an appraisal report, please include that in your request.

FOR FURTHER INFORMATION CONTACT:

Margaret Hawkins, Director, by mail at Records Management Services (ACNR); National Archives and Records Administration; 8601 Adelphi Road; College Park, MD 20740-6001, by phone at 301-837-1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: Each year, Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval. These schedules provide for timely transfer into the National Archives of historically valuable records and authorize disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media-neutral unless otherwise specified. An item in a schedule is media-neutral when an agency may apply the disposition instructions to records regardless of the medium in which it has created or maintains the records. Items included in schedules submitted to NARA on or after December 17, 2007, are media-neutral unless the item is specifically limited to a specific medium. (See 36 CFR 1225.12(e).)

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The

Archivist grants this approval only after thorough consideration of the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value.

In addition to identifying the Federal agencies and any subdivisions requesting disposition authority, lists the organizational unit(s) accumulating the records or lists that the schedule has agency-wide applicability (in the case of schedules that cover records that may be accumulated throughout an agency); provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction); and includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it also includes information about the records. You may request additional information about the disposition process at the addresses above.

ACTION: Notice of regulatory review; request for comments.

This second decennial review of regulations began when the Board issued its first EGRPRA notice on May 22, 2014, covering the two categories of "Applications and Reporting" and "Powers and Activities."¹ The second notice followed, covering the three categories of "Agency Programs," "Capital," and "Consumer Protection," which was published on December 19, 2014.² The third notice was published on June 24, 2015, and covered the next three categories of rules: "Corporate Credit Unions," "Directors, Officers and Employees," and "Money Laundering."³ This fourth and final notice covers the remaining two categories: "Rules of Procedure" and "Safety and Soundness." SUPPLEMENTARY INFORMATION:

I. Introduction

Congress enacted EGRPRA⁴ as part of an effort to minimize unnecessary government regulation of financial institutions consistent with safety and soundness, consumer protection, and other public policy goals. Under EGRPRA, the appropriate federal banking agencies (Office of the Comptroller of the Currency, Board of Governors of the Federal Reserve System, and Federal Deposit Insurance Corporation; herein Agencies⁵) and the Federal Financial Institutions Examination Council (FFIEC) must review their regulations to identify outdated, unnecessary, or unduly burdensome requirements imposed on insured depository institutions. The Agencies are required, jointly or individually, to categorize regulations by type, such as "consumer regulations" or "safety and soundness" regulations. Once the categories have been established, the Agencies must provide notice and ask for public comment on one or more of these regulatory categories.

NCUA is not technically required to participate in the EGRPRA review process, since NCUA is not an "appropriate Federal banking agency" as specified in EGRPRA. In keeping with the spirit of the law, however, the Board has once again elected to participate in the review process. Thus, NCUA has participated along with the Agencies in the planning process, but has developed its own regulatory categories that are comparable with

⁴ Pub. L. 104-208, Div. A, Title II, § 2222, 110 Stat. 3009 (1996); codified at 12 U.S.C. 3311.

⁵ The Office of Thrift Supervision was still in existence at the time EGRPRA was enacted and was included in the listing of Agencies. Since that time, the OTS has been eliminated and its responsibilities have passed to the Agencies and the Consumer Financial Protection Bureau.
