

proposed rule change contributes to OCC's objective to have governance arrangements that are clear and transparent that: (i) fulfill the public interest requirements, (ii) support the objectives of OCC's owners and participants; and, (iii) promote the effectiveness of OCC's risk management procedures, consistent with Rule 17Ad-22(d)(8), as the TC Charter further delineates governance responsibilities for Board-level committees, because the TC Charter is made available to the public on OCC's Web site and the TC Charter provides for a dedicated Board-level committee that would reduce IT related risk at OCC.⁵ Finally, the proposed rule change is not inconsistent with the existing rules of OCC, including any other rules proposed to be amended.

(B) Clearing Agency's Statement on Burden on Competition

OCC does not believe that the proposed rule change would impose any burden on competition.⁶ OCC's adoption of the TC Charter would not unfairly inhibit access to OCC's services or disadvantage or favor any particular user in relationship to another user because it relates to the governance structure of OCC, which affects all users, and does not relate directly to any particular service or particular use of OCC's facilities.

For the foregoing reasons, OCC believes that the proposed rule change is in the public interest, would be consistent with the requirements of the Act applicable to clearing agencies and would not impose a burden on competition.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments on the proposed rule change were not and are not intended to be solicited with respect to the proposed rule change and none have been received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) by order approve or disapprove the proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

The proposal shall not take effect until all regulatory actions required with respect to the proposal are completed.

Extension:

Rule 17g-4; SEC File No. 270-566, OMB Control No. 3235-0627.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 17g-4 (17 CFR 240.17g-4) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act"). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

The Credit Rating Agency Reform Act of 2006 added a new section 15E, "Registration of Nationally Recognized Statistical Rating Organizations,"¹ to the Exchange Act. Pursuant to the authority granted under section 15E of the Exchange Act, the Commission adopted Rule 17g-4, which requires that a nationally recognized statistical rating organization ("NRSRO") establish, maintain, and enforce written policies and procedures to prevent the misuse of material nonpublic information, including policies and procedures reasonably designed to prevent: (a) The inappropriate dissemination of material nonpublic information obtained in connection with the performance of credit rating services; (b) a person within the NRSRO from trading on material nonpublic information; and (c)

⁵ 17 CFR 240.17Ad-22(d)(8).

⁷ 17 CFR 200.30-3(a)(12).

the inappropriate dissemination of a pending credit rating action.²

There are 10 credit rating agencies registered with the Commission as NRSROs under section 15E of the Exchange Act, which have already established the policies and procedures required by Rule 17g-4. Based on staff experience, an NRSRO is estimated to spend an average of approximately 10 hours per year reviewing its policies and procedures regarding material nonpublic information and updating them (if necessary), resulting in an average industry-wide annual hour burden of approximately 100 hours.³

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

The Commission may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

Please direct your written comments to: Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F St. NE., Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.
