

margin in the final results of review is not zero or *de minimis* (i.e., less than 0.5 percent), the Department intends to calculate importer-specific assessment rates, in accordance with 19 CFR 351.212(b)(1).²⁰ Where the respondent reported reliable entered values, the Department intends to calculate importer-specific *ad valorem* assessment rates by aggregating the amount of dumping calculated for all U.S. sales to the importer and dividing this amount by the total entered value of the sales to the importer.²¹ Where the importer did not report entered values, the Department calculates an importer-specific assessment rates by dividing the amount of dumping for reviewed sales to the importer- by the total sales quantity associated with those transactions. In addition, the Department will calculate an estimated *ad valorem* importer-specific assessment rate to determine whether this rate is *de minimis*, however, the Department will direct CBP to assess importer-specific assessment rates based on the resulting per-unit rates.²² Where an importer-specific *ad valorem* is not zero or *de minimis*, the Department will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent's weighted average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.²³

On October 24, 2011, the Department announced a refinement to its assessment practice in NME antidumping duty proceedings.²⁴ Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, the Department will instruct CBP to liquidate such entries at the rate for the PRC-wide entity. Additionally, pursuant to this refinement, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's CBP

case number will be liquidated at the rate for the PRC-wide entity.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, where applicable.

Cash Deposit Requirements

The Department will instruct CBP to require a cash deposit for antidumping duties equal to the weighted-average amount by which the normal value exceeds U.S. price. The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice, as provided by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is *de minimis* (i.e., less than 0.5 percent), then the cash deposit rate will be zero for that exporter); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this proceeding; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the PRC-wide entity (i.e., 238.95 percent²⁵) and (4) for all non-PRC exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties and/or countervailing duties has

occurred, and the subsequent assessment of double antidumping duties and/or increase the amount of antidumping duties by the amount of the countervailing duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 351.221(b)(4).

Dated: December 18, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes From the Republic of Turkey: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: The Department of Commerce (the Department) preliminarily determines that countervailable subsidies are being provided to producers and exporters of heavy walled rectangular welded carbon steel pipes and tubes (HWR pipes and tubes) from the Republic of Turkey (Turkey). The period of investigation is January 1, 2014, through December 31, 2014. Interested parties are invited to comment on this preliminary determination.

DATES: Effective Date: December 28, 2015.

FOR FURTHER INFORMATION CONTACT:

Brian Smith or Reza Karamloo, Office II, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1766 or (202) 482-4470, respectively.

Alignment of Final Countervailing Duty (CVD) Determination With Final Antidumping Duty (AD) Determination

On the same day the Department initiated this CVD investigation, the Department also initiated AD investigations of HWR pipes and tubes from the Republic of Korea, Mexico, and Turkey.¹ The CVD and AD investigations cover the same merchandise. On November 23, 2015, in accordance with section 705(a)(1) of the Tariff Act of 1930, as amended (the Act), the petitioners² requested alignment of the final CVD determination of HWR pipes and tubes from Turkey with the final AD determination of HWR pipes and tubes from Turkey. Therefore, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), we are aligning the final CVD determination with the final AD determination. Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than May 2, 2016, unless postponed.

Scope of the Investigation

The products covered by this investigation are HWR pipes and tubes from Turkey. For a full description of the scope of this investigation, see Appendix I.

Scope Comments

We did not receive any comments concerning the scope of this investigation.

Methodology

The Department is conducting this CVD investigation in accordance with

section 701 of the Act. For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy (*i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient) and that the subsidy is specific.³ For a full description of the methodology underlying our preliminary conclusions, see the Preliminary Decision Memorandum.⁴

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

Preliminary Determination and Suspension of Liquidation

In accordance with section 703(d)(1)(A)(i) of the Act, we calculated a CVD rate for each individually-investigated producer/exporter of the subject merchandise. For companies not individually investigated, we calculated an “all-others” rate as described below. We preliminarily determine the countervailable subsidy rates to be:

Company	Subsidy rate (percent)
MMZ Onur Boru Profil uretim San Ve Tic. A.S.	7.69
Ozdemir Boru Profil San ve Tic. Ltd Sti.	1.35
All-Others	4.39

In accordance with sections 703(d)(1)(B) and (2) of the Act, we are directing U.S. Customs and Border Protection to suspend liquidation of all entries of HWR pipes and tubes from

Turkey that are entered, or withdrawn from warehouse, for consumption on or after the date of the publication of this notice in the **Federal Register**, and to require a cash deposit for such entries of merchandise in the amounts indicated above.

In accordance with sections 703(d) and 705(c)(5)(A) of the Act, for companies not investigated, we apply an “all-others” rate, which is normally calculated by weighting the subsidy rates of the individual companies selected as respondents by those companies’ exports of the subject merchandise to the United States.⁵ The “all-others” rate does not include zero and *de minimis* rates or any rates based solely on the facts available.

Verification

As provided in section 782(i)(1) of the Act, we intend to verify the information submitted by the respondents prior to making our final determination.

U.S. International Trade Commission

In accordance with section 703(f) of the Act, we will notify the U.S. International Trade Commission (ITC) of our determination. In addition, we are making available to the ITC all non-privileged and non-proprietary information relating to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order, without the written consent of the Assistant Secretary for Enforcement and Compliance.

In accordance with section 705(b)(2) of the Act, if our final determination is affirmative, the ITC will make its final determination within 45 days after the Department makes its final determination.

Disclosure and Public Comment

The Department intends to disclose to interested parties the calculations performed in connection with this preliminary determination within five days of its public announcement.⁶ Interested parties may submit case briefs, rebuttal briefs, and hearing requests.⁷ For a schedule of the

⁷ See 19 CFR 351.309(c)–(d), 19 CFR 351.310(c).

deadlines for filing case briefs, rebuttal briefs, and hearing requests, *see* the Preliminary Decision Memorandum.

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act and 19 CFR 351.205(c).

Dated: December 18, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The products covered by this investigation are certain heavy walled rectangular welded steel pipes and tubes of rectangular (including square) cross section, having a nominal wall thickness of not less than 4 mm. The merchandise includes, but is not limited to, the American Society for Testing and Materials (ASTM) A-500, grade B specifications, or comparable domestic or foreign specifications.

Included products are those in which: (1) Iron predominates, by weight, over each of the other contained elements; (2) the carbon content is 2 percent or less, by weight; and (3) none of the elements below exceeds the quantity, by weight, respectively indicated:

- 2.50 percent of manganese, or
- 3.30 percent of silicon, or
- 1.50 percent of copper, or
- 1.50 percent of aluminum, or
- 1.25 percent of chromium, or
- 0.30 percent of cobalt, or
- 0.40 percent of lead, or
- 2.0 percent of nickel, or
- 0.30 percent of tungsten, or
- 0.80 percent of molybdenum, or
- 0.10 percent of niobium (also called columbium), or
- 0.30 percent of vanadium, or
- 0.30 percent of zirconium.

The subject merchandise is currently provided for in item 7306.61.1000 of the Harmonized Tariff Schedule of the United States (HTSUS). Subject merchandise may also enter under HTSUS 7306.61.3000. While the HTSUS subheadings and ASTM specification are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

Melamine From the People's Republic of China: Antidumping Duty and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: Based on affirmative final determinations by the Department of Commerce ("Department") and the International Trade Commission ("ITC"), the Department is issuing antidumping duty ("AD") and countervailing duty ("CVD") orders on melamine from the People's Republic of China ("PRC").

DATES: *Effective Date:* December 28, 2015.

FOR FURTHER INFORMATION CONTACT:

James Terpstra at (202) 482-3965 or Brendan Quinn at (202) 482-5848, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On November 6, 2015, the Department published its final affirmative determination of sales at less than fair value ("LTFV") and its final affirmative determination that countervailable subsidies are being provided to producers and exporters of melamine from the PRC.¹ On December 18, 2015, the ITC notified the Department of its final affirmative determination pursuant to section 735(b)(1)(A)(i) of the Tariff Act of 1930, as amended ("the Act"), that an industry in the United States is materially injured by reason of LTFV imports and subsidized imports of melamine from the PRC.²

Scope of the Orders

The merchandise subject to these orders is melamine (Chemical Abstracts Service ("CAS") registry number 108-78-01, molecular formula C₃H₆N₆).³

¹ See *Melamine From the People's Republic of China: Final Determination of Sales at Less Than Fair Value*, 80 FR 68851 (November 6, 2015) ("AD Final Determination"). See also *Melamine From the People's Republic of China: Final Affirmative Countervailing Duty Determination*, 80 FR 68847 (November 6, 2015).

² See ITC Notification Letter to the Deputy Assistant Secretary for Enforcement and Compliance referencing ITC Investigation Nos. 701-TA-526-527 and 731-TA-1262-1263 (December 18, 2015) ("ITC Notification").

³ Melamine is also known as 2,4,6-triamino-s-triazine; 1,3,5-Triazine-2,4,6-triamine;

Melamine is a crystalline powder or granule typically (but not exclusively) used to manufacture melamine formaldehyde resins. All melamine is covered by the scope of these orders irrespective of purity, particle size, or physical form. Melamine that has been blended with other products is included within this scope when such blends include constituent parts that have been intermingled, but that have not been chemically reacted with each other to produce a different product. For such blends, only the melamine component of the mixture is covered by the scope of these orders. Melamine that is otherwise subject to these orders is not excluded when commingled with melamine from sources not subject to this investigation. Only the subject component of such commingled products is covered by the scope of these orders.

The subject merchandise is provided for in subheading 2933.61.0000 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

Antidumping Duty Order

In accordance with sections 735(b)(1)(A)(i) and 735(d) of the Act, the ITC has notified the Department of its final determination in this investigation, in which it found that imports of melamine from the PRC are materially injuring a U.S. industry. Therefore, in accordance with section 735(c)(2) of the Act, we are publishing this antidumping duty order.

As a result of the ITC's final determination, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection ("CBP") to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, for all relevant entries of melamine from the PRC. These antidumping duties will be assessed on unliquidated entries from the PRC entered, or withdrawn from warehouse, for consumption on or after June 18, 2015, the date on which the Department published the *AD Preliminary Determination*,⁴ but will

Cyanurotriamide; Cyanurotriamine; Cyanuramide; and by various brand names.

⁴ See *Melamine from the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value*, 80 FR 34891 (June 18, 2015) ("AD Preliminary Determination").
