When ordering documents from BCPI, please provide the appropriate FCC document number, for example, DA 15-1398.

In the notice, the Bureau extends the comment deadline for a public notice seeking comment on the appropriate methodology for determining the protected interference contours for existing 3650-3700 MHz wireless broadband licensees during a fixed transition period. Interested parties will now have until December 28, 2015 to file comments and until January 12, 2016 to file reply comments.

On December 7, 2015, the Wireless Innovation Forum (WinnForum) filed a request to extend the comment and reply comment deadline for the *3650-3700 MHz Band Protection Contours Public Notice* from December 10, 2015 until December 28, 2015 for comments and from December 28, 2015 to January 12, 2016 for reply comments. WinnForum states that the forum's Spectrum Sharing Committee established a Task Group, comprised of both Part 90 incumbent licensees and potential Part 96 entities, to address the questions raised in the *3650-3700 MHz Band Protection Contours Public Notice*. WinnForum explains that the Task Group has reached general agreement on specific aspects for Part 90 protections but they will not be able to ballot comments prior to the comment filing deadline.

As set forth in section 1.46(a) of the Commission's rules, "it is the policy of the Commission that extensions of time shall not be routinely granted." However, in this case, we believe it is in the public interest to grant an extension to promote industry consensus and allow all interested to include their comments on the record at the comment deadline, as the WinnForum represents future Part 96 users and representatives of existing 3650-3700 MHz licensees. This will ensure that Commission has a complete record and all parties can fully address the complicated issues raised in the *3650-3700 MHz Band Protection Contours Public Notice*. A limited extension will not negatively affect existing operators or delay deployment of new systems in the 3650-3700 MHz band.

This proceeding has been designated as a "permit-but-disclose" proceeding in accordance with the Commission's *ex parte* rules. Persons making *ex parte* presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentation must (1) list all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter's written comments, memoranda or other filings in the proceeding, the presenter

may provide citations to that data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where the data or arguments can be found) *in lieu* of summarizing them in the memorandum. Documents shown or given to Commission staff during *ex parte* meetings are deemed to be written *ex parte* presentations and must be filed consistent with § 1.1206(b) of the Commission's rules. In proceedings governed by § 1.49(f) or for which the Commission has made available a method of electronic filing, written *ex parte* presentations and memoranda summarizing oral *ex parte* presentations and all attachments to those documents must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native format (e.g., .doc, .xml, .ppt, searchable .pdf). Participants in this proceeding should familiarize themselves with the Commission's *ex parte* rules.

Federal Communications Commission.

Katherine M. Harris,

Deputy Chief, Mobility Division, Wireless Telecommunications Bureau.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information

collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by January 27, 2016.

FOR FURTHER INFORMATION CONTACT: Reports Clearance Office at (410) 786-1326.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes

the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension of a currently approved collection;

Title of Information Collection: Hospital Wage Index Occupational Mix Survey and Supporting Regulations in 42 CFR, Section 412.64; *Use:* Section 304(c) of Public Law 106-554 amended section 1886(d) (3) (E) of the Social Security Act to require CMS to collect data every three years on the occupational mix of employees for each short-term, acute care hospital participating in the Medicare program, in order to construct an occupational mix adjustment to the wage index, for application beginning October 1, 2004 (the FY 2005 wage index). The purpose of the occupational mix adjustment is to control for the effect of hospitals' employment choices on the wage index. For example, hospitals may choose to employ different combinations of registered nurses, licensed practical nurses, nursing aides, and medical assistants for the purpose of providing nursing care to their patients. The varying labor costs associated with these choices reflect hospital management decisions rather than geographic differences in the costs of labor. The FY 2016 survey will provide for the collection of hospital-specific wages and hours data for calendar year 2016 (that is, payroll periods ending between January 1, 2016 and December 31, 2016). The 2016 Medicare occupational mix survey will be applied beginning with the FY 2019 wage index. *Form Number:* CMS-10079 (OMB control number: 0938-0907); *Frequency:* Yearly; *Affected Public:* Private sector (Business or other for-profits and Not-for-profit institutions), State, Local and Tribal Governments; *Number of Respondents:* 3,400; *Total Annual Responses:* 3,400; *Total Annual Hours:* 1,632,000. (For policy questions regarding this collection contact Noel Manlove at 410-786-5161.)

2. *Type of Information Collection Request:* New collection (Request for a new OMB control number); *Title of Information Collection:* Home Health Face-to-Face Encounter Clinical Templates; *Use:* The Centers for Medicare & Medicaid Services (CMS) is requesting the Office of Management and Budget (OMB) approval of the collection of data required to support the eligibility of Medicare home health services. Home health services are covered under the Hospital Insurance (Part A) and Supplemental Medical Insurance (Part B) benefits of the Medicare program. It consists of part-time, medically necessary skilled care
