**AGENCY:** Office of the Comptroller of the Currency, Treasury (OCC); Board of Governors of the Federal Reserve System (Board); and Federal Deposit Insurance Corporation (FDIC).

**ACTION:** Joint final rule; technical amendment.

**SUMMARY:** The OCC, the Board, and the FDIC (collectively, the Agencies) are amending their Community Reinvestment Act (CRA) regulations to adjust the asset-size thresholds used to define “small bank” or “small savings association” and “intermediate small bank” or “intermediate small savings association.” As required by the CRA regulations, the adjustment to the threshold amount is based on the annual percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W). The Agencies also propose to make technical edits to remove obsolete references to the Office of Thrift Supervision (OTS) and update cross-references to regulations implementing certain Federal consumer financial laws in their CRA regulations.

**DATES:** January 1, 2016.

#### SUPPLEMENTARY INFORMATION:

#### Background and Description of the Joint Final Rule

The Agencies’ CRA regulations establish CRA performance standards for small and intermediate small banks and savings associations. The CRA regulations define small and intermediate small banks and savings associations by reference to asset-size criteria expressed in dollar amounts, and they further require the Agencies to publish annual adjustments to these dollar figures based on the year-to-year change in the average of the CPI-W, not seasonally adjusted, for each twelve-month period ending in November, with rounding to the nearest million. 12 CFR 25.12(u)(2), 195.12(u)(2), 228.12(u)(2), and 345.12(u)(2). This adjustment formula was first adopted for CRA purposes by the OCC, the Board, and the FDIC on August 2, 2005, effective September 1, 2005. 70 FR 44256 (Aug. 2, 2005). The Agencies noted that the CPI-W is also used in connection with other federal laws, such as the Home Mortgage Disclosure Act. See 12 U.S.C. 2808; 12 CFR 1003.2. On March 22, 2007, and effective July 1, 2007, the former OTS, the agency then responsible for regulating savings associations, adopted an annual adjustment formula consistent with that of the other federal banking agencies in its CRA rule previously set forth at 12 CFR 563e. 72 FR 13429 (Mar. 22, 2007).

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection

Act (Dodd-Frank Act),<sup>1</sup> and effective July 21, 2011, CRA rulemaking authority for federal and state savings associations was transferred from the OTS to the OCC, and the OCC subsequently republished, at 12 CFR 195, the CRA regulations applicable to those institutions.<sup>2</sup> In addition, the Dodd-Frank Act transferred responsibility for supervision of savings and loan holding companies and their non-depository subsidiaries from the OTS to the Board and the Board subsequently amended its CRA regulation to reflect this transfer of supervisory authority.<sup>3</sup>

The threshold for small banks and small savings associations was revised most recently in December 2014, and became effective January 1, 2015 (79 FR 77852 (Dec. 29, 2014)). The current CRA regulations provide that banks and savings associations that, as of December 31 of either of the prior two calendar years, had assets of less than \$1.221 billion are small banks or small savings associations. Small banks and small savings associations with assets of at least \$305 million as of December 31 of both of the prior two calendar years and less than \$1.221 billion as of December 31 of either of the prior two calendar years are intermediate small banks or intermediate small savings associations. 12 CFR 25.12(u)(1), 195.12(u)(1), 228.12(u)(1), and 345.12(u)(1). This joint final rule revises these thresholds.

During the period ending November 2015, the CPI-W decreased by 0.42 percent. As a result, the Agencies are revising 12 CFR 25.12(u)(1), 195.12(u)(1), 228.12(u)(1), and 345.12(u)(1) to make this annual adjustment. Beginning January 1, 2016, banks and savings associations that, as of December 31 of either of the prior two calendar years, had assets of less than \$1.216 billion are small banks or small savings associations. Small banks and small savings associations with assets of at least \$304 million as of December 31 of both of the prior two calendar years and less than \$1.216 billion as of December 31 of either of the prior two calendar years are intermediate small banks or intermediate small savings associations. The Agencies also publish current and historical asset-size thresholds on the Web site of the Federal Financial Institutions Examination Council at <http://www.ffiec.gov/cra/>.

<sup>1</sup> Pub. L. 111-203, 124 Stat. 1376 (2010).

<sup>2</sup> See OCC interim final rule, 76 FR 48950 (Aug. 9, 2011).

<sup>3</sup> See Board interim final rule, 76 FR 56508 (Sept. 13, 2011).

In addition, the Agencies are making technical edits to 12 CFR 25.42, 228.42, and 345.42 to remove obsolete references to the “Office of Thrift Supervision” and to 12 CFR 563e in the CRA rules. As explained above, Title III of the Dodd-Frank Act transferred the powers, authorities, rights, and duties of the OTS to the Agencies. Specifically, among other changes, Title III abolished the OTS; transferred rulemaking and supervisory authority over savings and loan holding companies and supervisory authority over their non-depository subsidiaries to the Board; transferred rulemaking authority over federal savings associations and state savings associations, and supervisory authority over federal savings associations, to the OCC; and transferred supervisory authority over state savings associations to the FDIC.<sup>4</sup>

Further, the Agencies are updating references to certain regulations implementing Federal consumer financial laws in the CRA regulations, as Title X of the Dodd-Frank Act transferred rulemaking authority for a number of Federal consumer financial laws, including the Home Mortgage Disclosure Act (HMDA) and the Truth in Lending Act (TILA), to the Consumer Financial Protection Bureau (CFPB), effective July 21, 2011. The CFPB subsequently published an interim final rule to establish its own Regulation C to implement HMDA,<sup>5</sup> and also published an interim final rule to establish its own Regulation Z to implement TILA.<sup>6</sup> Accordingly, the Agencies are updating the citations in the CRA regulations<sup>7</sup> to reference the CFPB’s Regulation C and Regulation Z, located at 12 CFR 1003 and 12 CFR 1026, respectively.

#### **Administrative Procedure Act and Effective Date**

Under 5 U.S.C. 553(b)(B) of the Administrative Procedure Act (APA), an agency may, for good cause, find (and incorporate the finding and a brief statement of reasons therefore in the rules issued) that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest.

The amendments to the regulations to adjust the asset-size thresholds for small

and intermediate small banks and savings associations result from the application of a formula established by a provision in the respective CRA regulations that the Agencies previously published for comment. *See* 70 FR 12148 (Mar. 11, 2005), 70 FR 44256 (Aug. 2, 2005), 71 FR 67826 (Nov. 24, 2006), and 72 FR 13429 (Mar. 22, 2007). Sections 25.12(u)(1), 195.12(u)(1), 228.12(u)(1), and 345.12(u)(1) are amended by adjusting the asset-size thresholds as provided for in §§ 25.12(u)(2), 195.12(u)(2), 228.12(u)(2), and 345.12(u)(2).

Accordingly, the Agencies’ rules provide no discretion as to the computation or timing of the revisions to the asset-size criteria. Furthermore, deleting the obsolete references to the “Office of Thrift Supervision” and its CRA regulation and updating cross-references to reflect the transfer of rulemaking authority for many Federal consumer financial laws to the CFPB are technical and non-substantive revisions. For these reasons, the Agencies have determined that publishing a notice of proposed rulemaking and providing opportunity for public comment are unnecessary.

The effective date of this joint final rule is January 1, 2016. Under 5 U.S.C. 553(d)(3) of the APA, the required publication or service of a substantive rule shall be made not less than 30 days before its effective date, except, among other things, as provided by the agency for good cause found and published with the rule. Because this rule adjusts asset-size thresholds consistent with the procedural requirements of the CRA rules, the Agencies conclude that it is not substantive within the meaning of the APA’s delayed effective date provision. Moreover, the Agencies find that there is good cause for dispensing with the delayed effective date requirement, even if it applied, because their current rules already provide notice that the small and intermediate small asset-size thresholds will be adjusted as of December 31 based on twelve-month data as of the end of November each year. In addition, the technical edits to remove obsolete references to the “Office of Thrift Supervision” and its CRA rule in the Agencies’ CRA rules and update citations to certain regulations are not substantive within the meaning of the APA’s delayed effective date provision.

#### **Regulatory Flexibility Act**

The Regulatory Flexibility Act (RFA) does not apply to a rulemaking when a general notice of proposed rulemaking is not required. 5 U.S.C. 603 and 604. As noted previously, the Agencies have

determined that it is unnecessary to publish a general notice of proposed rulemaking for this joint final rule. Accordingly, the RFA’s requirements relating to an initial and final regulatory flexibility analysis do not apply.

#### **Paperwork Reduction Act of 1995**

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506; 5 CFR 1320), the Agencies reviewed this final rule. No collections of information pursuant to the Paperwork Reduction Act are contained in the final rule.

#### **Unfunded Mandates Reform Act of 1995**

Section 202 of the Unfunded Mandates Reform Act of 1995 (Unfunded Mandates Act), 2 U.S.C. 1532, requires the OCC to prepare a budgetary impact statement before promulgating any final rule for which a general notice of proposed rulemaking was published. As discussed above, the OCC has determined that the publication of a general notice of proposed rulemaking is unnecessary. Accordingly, this joint final rule is not subject to section 202 of the Unfunded Mandates Act.

#### Airworthiness Directives; Bombardier, Inc. Airplanes

**AGENCY:** Federal Aviation Administration (FAA), Department of Transportation (DOT).

**ACTION:** Final rule.

**SUMMARY:** We are superseding Airworthiness Directive (AD) 2011–07–10 for certain Bombardier, Inc. Model BD–100–1A10 (Challenger 300) airplanes. AD 2011–07–10 required revising the Airworthiness Limitations section of the Instructions for Continued Airworthiness; doing detailed visual inspections; removing discrepant material; cleaning the surfaces of the valves, the plug of the sensing port, and the cabin pressure-sensing port plug; securing the insulation; installing a new safety valve, and replacing certain cabin pressure-sensing port plugs. This new AD retains all requirements of AD 2011–07–10, and requires a detailed visual inspection of both safety valves and the surrounding area for foreign material, room temperature vulcanizing (RTV) silicone, contamination, foam on the bulkhead structure, tape or insulation, and loose material; and corrective actions if necessary. This AD was prompted by reports of in-flight loss of cabin pressurization that was attributed to partial blockage of a safety valve cabin pressure-sensing port in conjunction with a failed safety valve manometric capsule. We are issuing this AD to detect and correct blockage of a safety valve cabin pressure-sensing port, which could result in loss of cabin pressure.

**DATES:** This AD becomes effective February 2, 2016.

The Director of the Federal Register approved the incorporation by reference of a certain publication listed in this AD as of February 2, 2016.

The Director of the Federal Register approved the incorporation by reference of certain other publications listed in this AD as of May 5, 2011 (76 FR 17758, March 31, 2011).

#### SUPPLEMENTARY INFORMATION:

##### Discussion

We issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 to supersede AD 2011–07–10, Amendment 39–16647 (76 FR 17758, March 31, 2011). AD 2011–07–10 applied to certain Bombardier, Inc. Model BD–100–1A10 (Challenger 300) airplanes. The NPRM published in the *Federal Register* on April 15, 2015 (80 FR 20181) (“the NPRM”).

Transport Canada Civil Aviation (TCCA), which is the aviation authority for Canada, has issued Canadian Airworthiness Directive CF–2010–06R1, dated August 8, 2013 (referred to after this as the Mandatory Continuing Airworthiness Information, or “the MCAI”), to correct an unsafe condition for certain Bombardier, Inc. Model BD–100–1A10 (Challenger 300) airplanes. The MCAI states:

Investigation of a high altitude loss of cabin pressurization on a BD–100–1A10 aeroplane determined that it was caused by a partial blockage of a safety valve cabin pressure-sensing port, in conjunction with a dormant failure/leakage of the safety valve manometric capsule. The blockage, caused by accumulation of lint/dust on the grid of the port plug, did not allow sufficient airflow through the cabin pressure-sensing port to compensate for the rate of leakage from the manometric capsule, resulting in the opening of the safety valve. It was also determined that failure of the manometric capsule alone would not result in the opening of the safety valve.

The original issue of this [Canadian] AD mandated a revision of the maintenance schedule, the cleaning of the safety valves, the removal of material from the area surrounding the safety valves and the modification of the safety valves with a gridless cabin pressure-sensing port plug.

Since the original issue of this [Canadian] AD, there have been two additional reported events of in-flight loss of cabin pressurization that were attributed to partial blockage of a safety valve cabin pressure-sensing port in conjunction with a failed safety valve manometric capsule.

Bombardier Aerospace has determined that aeroplanes with a particular interior installation require improved instructions to
