#### Synopsis

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), the Commission is notifying the public that it received emergency approval from OMB on December 10, 2015 for the revised information collection requirements contained in the information collection 3060-0995, Section 1.2105(c), Bidding Application and Certification Procedures; Sections 1.2105(c) and Section 1.2205, Prohibition of Certain Communications.

Under 5 CFR 1320, an agency may not conduct or sponsor a collection of information unless it displays a current, valid OMB Control Number.

No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a current, valid OMB Control Number. The OMB Control Number is 3060-0995. The foregoing document is required by the Paperwork Reduction Act of 1995, Pub. L. 104-13, October 1, 1995, and 44 U.S.C. 3507.

The total annual reporting burdens and costs for the respondents are as follows:

authority for this information collection is contained in sections 154(i), 309(j), and 1452(a)(3) of the Communications Act of 1934, as amended, 47 U.S.C. 4(i), 309(j)(5), and 1452(a)(3), and section 1.2105(c)(4) of the Commission's rules, 47 CFR 1.2105(c)(4).

*Total Annual Burden:* 50 hours.

*Total Annual Cost:* \$9,000.

*Privacy Act Impact Assessment:* No impact(s).

*Nature and Extent of Confidentiality:* The Commission will take all reasonable steps to protect the confidentiality of all Commission-held data of a reverse auction applicant consistent with the confidentiality requirements of the Spectrum Act and the Commission's rules. See 47 U.S.C. 1452(a)(3); 47 CFR 1.2206. In addition, to the extent necessary, a full power or Class A television broadcast licensee may request confidential treatment of any report of a prohibited communication submitted to the Commission that is not already being treated as confidential pursuant to section 0.459 of the Commission's rules. See 47 CFR 0.459. Forward auction applicants are entitled to request confidentiality in accordance with section 0.459 of the Commission's rules, 47 CFR 0.459.

*Needs and Uses:* In the *Broadcast Incentive Auction Report and Order*, Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions, FCC 14-50, the Commission adopted a new rule for forward auction applicants prohibiting certain communications in the context of the television broadcast incentive auction (BIA), and amended an existing rule to require forward auction applicants that make or receive a communication that is prohibited under the new rule to file a report of such a communication with the Commission. See 47 CFR 1.2105(c)(4), 1.2105(c)(6). Subsequently, as a result of amendments to various other provisions in section 1.2105(c) adopted in the *Part 1 Report and Order*, the new rule for forward auction applicants prohibiting certain communications in the context of the BIA and the amended reporting requirement for forward auction applicants were redesignated as 1.2105(c)(4) and 1.2105(c)(6), respectively, without any changes to the scope or substance of either rule. See 47 CFR 1.2105(c)(4), 1.2105(c)(6). The Commission's rules prohibiting certain communications in Commission auctions are designed to reinforce existing antitrust laws, facilitate detection of collusive conduct, and deter anticompetitive behavior, without being so strict as to discourage procompetitive arrangements between

auction participants. They also help assure participants that the auction process will be fair and objective, and not subject to collusion. The revised information collection implements the modified, BIA-specific rule in section 1.2105(c)(4) by making clear the responsibility of parties who receive information that potentially violates the rules to promptly submit a report notifying the Commission, thereby helping the Commission enforce the

prohibition on covered parties, and further assuring incentive auction participants that the auction process will be fair and competitive. The prohibited communication reporting requirement required of covered parties will enable the Commission to ensure that no bidder gains an unfair advantage over other bidders in its auctions and thus enhances the competitiveness and fairness of Commission's auctions. The information collected will be reviewed

and, if warranted, referred to the Commission's Enforcement Bureau for possible investigation and administrative action. The Commission may also refer allegations of anticompetitive auction conduct to the Department of Justice for investigation.

Federal Communications Commission.
