

Division of Injury Compensation Programs, Room 08N146B, 5600 Fishers Lane, Rockville, Maryland 20857, email at aherzog@hrsa.gov, or phone at 301-443-6634. We intend to post written comments and transcripts to regulations.gov as soon as practicable. The public can join the meeting by:

1. (In Person) Persons interested in attending the meeting in person are encouraged to submit a written notification to: Annie Herzog, Division of Injury Compensation Programs, Healthcare Systems Bureau (HSB), Health Resources and Services Administration (HRSA), 5600 Fishers Lane, Room 08N146B, Rockville, Maryland 20857 or email: aherzog@hrsa.gov. Since this meeting is held in a federal government building, attendees will need to go through a security check to enter the building and participate in the meeting. This written notification is encouraged so that a list of attendees can be provided to make entry through security quicker. Persons may attend in person without providing written notification, but their entry into the building may be delayed due to security checks and the requirement to be escorted to the meeting by a federal government employee. To request an escort to the meeting after entering the building, call Annie Herzog at 301-443-6634. The meeting will be held at 5600 Fishers Lane, Conference Room 08SWH01, Rockville, Maryland 20857. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the contact person listed above at least 10 days prior to the meeting.

2. (Audio Portion) Calling the conference phone number 888-455-9673 and providing the following information:

Leaders Name: Dr. A. Melissa Houston.

Password: 4185364.

3. (Visual Portion) Connecting to the ACCV Adobe Connect Pro Meeting using the following URL: <https://hrsa.connectsolutions.com/accv/> (copy and paste the link into your browser if it does not work directly, and enter as a guest). Participants should call and connect 15 minutes prior to the meeting in order for logistics to be set up. SUPPLEMENTARY INFORMATION:

I. Meeting Details

Members of the public may attend and make a statement during the advisory committee meetings. For a better chance to speak at the meetings, please contact the individual listed under **FOR FURTHER INFORMATION CONTACT** by January 15, 2016.

II. Committee Background

The LPAC is a statutorily created committee that advises PHMSA on proposed safety standards, risks assessments, and safety policies for hazardous liquid pipelines (49 U.S.C. 60115). The committee’s activities are subject to the Federal Advisory Committee Act (Pub. L. 92–463, 5 U.S.C. App. 1). The committee consists of 15 members—with membership evenly divided among the federal and state government, the regulated industry, and the public. The committee advises PHMSA on technical feasibility, practicability, and cost-effectiveness of

each proposed pipeline safety standard. PHMSA staff may also provide an update on several regulatory and policy initiatives if time allows.

III. Preliminary Agenda

The agenda will include the committee’s discussion and vote on the proposed rule, “Pipeline Safety: Safety of Hazardous Liquid Pipelines,” published in the **Federal Register** on October 13, 2015, (80 FR 61610) and on the associated regulatory analysis.

The proposed rule includes critical safety improvements for hazardous liquid pipelines and seeks to strengthen the way they are operated, inspected and maintained in the United States.

In this proposed rule, PHMSA addresses effective measures that hazardous liquid operators can take to improve the protection of high consequence areas and other vulnerable areas along their hazardous liquid onshore pipelines. In summary, the proposed rule addresses the following areas:

- Requirements for gravity lines.
- Reporting requirements for gathering lines.
- Inspections of pipelines following extreme weather events.
- Periodic assessments of pipelines not subject to integrity management.
- Pipeline repair criteria.
- Expanded use of leak detection systems.
- Increased use of in-line inspection tools.
- Clarifying other requirements.

Issued in Washington, DC, on January 4, 2016, under authority delegated in 49 CFR 1.97.
Alan K. Mayberry,
Deputy Associate Administrator for Policy and Programs.
