**Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, from the People's Republic of China: Final Results of the Antidumping Duty Administrative Review; 2013-2014**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On July 7, 2015, the Department of Commerce (the

Department) published the preliminary results of the 27th administrative review of the antidumping duty order on tapered roller bearings and parts thereof, finished and unfinished (TRBs), from the People's Republic of China (PRC).<sup>1</sup> The period of review (POR) is June 1, 2013, through May 31, 2014. Based on our analysis of the comments received, we made certain changes in the margin calculations. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margins for the reviewed firms are listed below in the section entitled "Final Results of the Review."

**DATES:** *Effective Date:* January 12, 2016.

### Background

These final results of administrative review cover four exporters of the subject merchandise, Changshan Peer Bearing Co., Ltd. and Peer Bearing Company (collectively, CPZ/SKF), Ningbo Xinglun Bearings Import & Export Co., Ltd. (Xinglun), Xinchang Kaiyuan Automotive Bearing Co., Ltd. (Kaiyuan), and Yantai CMC Bearing Co. Ltd. (Yantai CMC). The Department selected as CPZ/SKF and Yantai CMC as mandatory respondents for individual examination; however, we subsequently found that Yantai CMC does not qualify for a separate rate.<sup>2</sup> Additionally, in the *Preliminary Results*, we determined, in accordance with 19 CFR 351.401(f) to treat affiliated producers, CPZ/SKF and Shanghai General Bearing Co., Ltd. (SGBC) as a single entity (collectively, CPZ/SGBC).

On July 7, 2015, the Department published the *Preliminary Results*. In August 2015, we received case and rebuttal briefs from the Timken Company (the petitioner) and CPZ/SKF. We also received a case brief from Yantai CMC. In September 2015, the Department held a public hearing at the request of the petitioner.

The Department conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

### Scope of the Order

The merchandise covered by the Order<sup>3</sup> includes tapered roller bearings and parts thereof, finished and unfinished, from the PRC; flange, take up cartridge, and hanger units incorporating tapered roller bearings; and tapered roller housings (except pillow blocks) incorporating tapered rollers, with or without spindles, whether or not for automotive use. These products are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) item numbers 8482.20.00, 8482.91.00.50, 8482.99.15, 8482.99.45, 8483.20.40, 8483.20.80, 8483.30.80, 8483.90.20, 8483.90.30, 8483.90.80, 8708.70.6060, 8708.99.2300, 8708.99.4850, 8708.99.6890, 8708.99.8115, and 8708.99.8180. Although the HTSUS item numbers are provided for convenience and customs purposes, the written description of the scope of the Order is dispositive.<sup>4</sup>

### Separate Rates

In the *Preliminary Results*, we found that evidence provided by CPZ/SKF, Kaiyuan, and Xinglun supported finding an absence of both *de jure* and *de facto* government control, and, therefore, we preliminarily granted a separate rate to each of these companies.<sup>5</sup> We received no information since the issuance of the *Preliminary Results* that provides a basis for reconsidering these determinations. Therefore, for the final results, we continue to find that CPZ/SKF, Kaiyuan, and Xinglun are eligible for separate rates.

With respect to Yantai CMC, however, we determined in the *Preliminary Results* that this company failed to demonstrate an absence of *de facto* government control, and, thus, the Department did not grant Yantai CMC a separate rate. For these final results, we continue to find, based on record evidence, that Yantai CMC failed to demonstrate an absence of *de facto* government control. Accordingly, we
