SUPPLEMENTARY INFORMATION:

Background

The Codex was established in 1963 by two United Nations organizations, the Food and Agriculture Organization (FAO) and the World Health Organization (WHO). Through adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by

governments, Codex seeks to protect the health of consumers and ensure that fair practices are used in trade.

The CCFA establishes or endorses permitted maximum levels for individual food additives; prepares priority lists of food additives for risk assessment by the Joint FAO/WHO Expert Committee on Food Additives (JECFA); assigns functional classes and International Numbering System (INS) numbers to individual food additives; recommends specifications of identity and purity for food additives for adoption by Codex; considers methods of analysis for the determination of additives in food; and considers and elaborates standards or codes for related subjects, such as labeling of food additives when sold as such. The CCFA is hosted by China.

Issues To Be Discussed at the Public Meeting

The following items on the agenda for the 48th Session of the CCFA will be discussed during the public meeting:

- Matters referred by the Codex Alimentarius Commission and other subsidiary bodies
- Matters of Interest arising from FAO/WHO and from the 80th Meeting of the Joint FAO/WHO Expert Committee on Food Additives (JECFA)
- Proposed draft Specifications for Identity and Purity of Food Additives arising from the 80th JECFA Meeting

 - Information on commercial use of: Potassium hydrogen sulfate (INS 515(ii)), sodium sorbates (INS 201) and calcium hydrogen sulfite (INS 227) (replies to CL 2015/9-FA Part C, point 9)
 - Discussion paper on secondary additives
 - Proposed draft revision of Section 4.1c and 5.1c of the General Standard for the Labelling of Food Additives When Sold As Such (CODEX STAN 107-1981)
 - Other Business and Future Work
- Each issue listed will be fully described in documents distributed, or to be distributed, by the Codex Secretariat prior to the meeting. Members of the public may access these documents at <http://www.codexalimentarius.org/meetings-reports/detail/en/?meeting=CCFA&session=48>.

Public Meeting

At the February 16, 2016, public meeting, draft U.S. positions on the agenda items will be described and discussed, and attendees will have the opportunity to pose questions and offer comments. Written comments may be offered at the meeting or sent to the U.S. Delegate for the 48th Session of the CCFA, Dr. Susan Carberry at the following address: ccfa@fda.hhs.gov. Written comments should state they relate to activities of the 48th Session of the CCFA.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS Web page located at: <http://www.fsis.usda.gov/federal-register>.

FSIS also will make copies of this publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public

meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders.

The Update is available on the FSIS Web page. Through the Web page, FSIS is able to provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <http://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.

Food and Nutrition Service

Request for Information: Software Vendors of State and Local Management Information Systems (MIS) and Other Technology Solutions for the National School Lunch and School Breakfast Programs

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Notice; Request for information.

SUMMARY: This is a request for information from Management Information Systems (MIS) software and hardware vendors and developers (“vendors”) to learn about the functionality of State and School Food Authority National School Lunch and School Breakfast Program (NSLP/SBP) data management information systems. It is not a request for proposal and does not commit the Government to issue a solicitation, make an award, or pay any costs associated with responding to this announcement. All submitted information shall remain with the Government and will not be returned. All responses will become part of the public record and will not be held confidential.

The United States Department of Agriculture (USDA) is seeking information that will inform future data reporting requirements for the Department's oversight and management of NSLP/SBP. The Department is aware that all States and many school districts have installed and implemented MIS or other technology solutions to improve State and local program management. To better understand the availability and implementation of these solutions, USDA is requesting information from vendors about NSLP/SBP data systems they offer and have deployed at the State and local levels.

The objectives of this request for information (RFI) are to:

1. Obtain background data to inform later research on State and School Food Authority (SFA) NSLP/SBP data management information systems.
2. Describe the functionality and capabilities of systems currently in use by State agencies and SFAs, or available to States and SFA for purchase.
3. Describe the typical costs of system development, installation, maintenance, and upgrades.
4. Identify which States and SFAs are using particular systems.

DATES: To be assured of consideration, written comments must be submitted or postmarked on or before March 14, 2016.
