

necessitates ensuring that the new bridge and port of entry are in a commercial zone.

Environment

NEPA (42 U.S.C. 4371 *et seq.*) requires Federal agencies to integrate environmental values into their decision-making processes by requiring Federal agencies to consider the potential environmental impacts of their proposed actions. In accordance with NEPA, the Council on Environmental Quality's regulations implementing NEPA (40 CFR parts 1500–1508), FMCSA's NEPA Order 5610.1, NEPA Implementing Procedures and Policy for Considering Environmental Impacts, and other applicable requirements (March 1, 2004 (69 FR 9680)), FMCSA has prepared a draft EA to review the potential impacts of the expansion of the El Paso commercial zone. FMCSA concludes that the action of expanding the existing commercial zone will not impact endangered species, cultural resources protected under the National Historic Preservation Act, wetlands, and resources protected under Section 4(f) of the DOT Act of 1966 49 U.S.C. 303, as amended by Public Law 109–59 (Aug. 10, 2005). The impact areas that may be affected and were evaluated in the Draft EA include air quality, noise, socioeconomic, environmental justice, land use public health and safety, and hazardous materials. FMCSA anticipates that expanding the El Paso commercial zone will have certain minor impacts related principally to air emissions and land use from economic growth; however, neither of these impacts individually or collectively will cause significant impacts. In addition, the economic impact will have potentially beneficial impacts on the quality of life in terms of job creation. The Draft EA is available for inspection or copying in the Regulations.gov Web site at <http://www.regulations.gov>.

The draft EA also provides an analysis under the Clean Air Act, as amended (CAA), section 176(c) (42 U.S.C. 42 U.S.C. 7506(c)), and implementing regulations promulgated by the Environmental Protection Agency. None of the alternatives considered in the Draft EA are located in a nonattainment or maintenance area for any of the criteria pollutants; therefore, FMCSA has determined that it is not required to perform the CAA general conformity analysis.

Subject to public notice and comment, FMCSA anticipates issuing a Finding of No Significant Impact (FONSI) related to this action.

BILLING CODE 4910-60-P

DEPARTMENT OF THE TREASURY

Departmental Offices; Debt Management Advisory Committee Meeting

Notice is hereby given, pursuant to 5 U.S.C. App. 2, 10(a)(2), that a meeting will be held at the Hay-Adams Hotel, 16th Street and Pennsylvania Avenue NW., Washington, DC, on February 2, 2016 at 11:30 a.m. of the following debt management advisory committee:

Treasury Borrowing Advisory Committee of The Securities Industry and Financial Markets Association.

The agenda for the meeting provides for a charge by the Secretary of the Treasury or his designate that the Committee discuss particular issues and conduct a working session. Following the working session, the Committee will present a written report of its recommendations. The meeting will be closed to the public, pursuant to 5 U.S.C. App. 2, 10(d) and Public Law 103-202, 202(c)(1)(B) (31 U.S.C. 3121 note).

This notice shall constitute my determination, pursuant to the authority placed in heads of agencies by 5 U.S.C. App. 2, 10(d) and vested in me by Treasury Department Order No. 101-05, that the meeting will consist of discussions and debates of the issues presented to the Committee by the Secretary of the Treasury and the making of recommendations of the Committee to the Secretary, pursuant to Public Law 103-202, 202(c)(1)(B). Thus, this information is exempt from disclosure under that provision and 5 U.S.C. 552b(c)(3)(B). In addition, the meeting is concerned with information that is exempt from disclosure under 5 U.S.C. 552b(c)(9)(A). The public interest requires that such meetings be closed to the public because the Treasury Department requires frank and full advice from representatives of the financial community prior to making its final decisions on major financing operations. Historically, this advice has been offered by debt management advisory committees established by the several major segments of the financial community. When so utilized, such a committee is recognized to be an

advisory committee under 5 U.S.C. App. 2, 3.

Although the Treasury's final announcement of financing plans may not reflect the recommendations provided in reports of the Committee, premature disclosure of the Committee's deliberations and reports would be likely to lead to significant financial speculation in the securities market. Thus, this meeting falls within the exemption covered by 5 U.S.C. 552b(c)(9)(A).

Treasury staff will provide a technical briefing to the press on the day before the Committee meeting, following the release of a statement of economic conditions and financing estimates. This briefing will give the press an opportunity to ask questions about financing projections. The day after the Committee meeting, Treasury will release the minutes of the meeting, any charts that were discussed at the meeting, and the Committee's report to the Secretary.

The Office of Debt Management is responsible for maintaining records of debt management advisory committee meetings and for providing annual reports setting forth a summary of Committee activities and such other matters as may be informative to the public consistent with the policy of 5 U.S.C. 552(b). The Designated Federal Officer or other responsible agency official who may be contacted for additional information is Fred Pietrangeli, Director for Office of Debt Management (202) 622-1876.

Dated: January 8, 2016.

James Clark,

Deputy Assistant Secretary for Federal Finance.
