V. Accelerated Approval of Proposed Rule Change as Modified by Amendment No. 1

The Commission finds good cause to approve the proposed rule change, as modified by Amendment No. 1, prior to the thirtieth day after the date of publication of notice in the **Federal Register**. Amendment No. 1 supplements the proposed rule change by, among other things, clarifying the scope of the Fund’s permitted investments and adding additional information about the availability of prices for the Shares and underlying assets. This clarifying information aided the Commission in evaluating the likelihood of effective arbitrage in the Shares. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,²⁹ to approve the proposed rule change, as modified by Amendment No. 1, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,³⁰ that the proposed rule change (SR-NYSEArca-2015-114), as modified by Amendment No. 1, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³¹

of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Price List to adopt a trading license fee for calendar year 2016. The Exchange proposes to make the rule change operative on January 4, 2016.

NYSE Rule 300(b) provides that, in each annual offering, up to 1366 trading licenses for the following calendar year will be sold annually at a price per trading license to be established each year by the Exchange pursuant to a rule filing submitted to the Securities and Exchange Commission ("Commission") and that the price per trading license will be published each year in the Exchange's price list.

The Exchange proposes to leave the current trading license fees in place for 2016: \$50,000 for the first license held by a member organization and \$15,000 for each additional license held by a member organization. Such trading license fees have been in place since March 1, 2015.³ Fees will continue to be prorated for any portion of the year that a license may be outstanding. For a trading license that is in place for 10 calendar days or less in a calendar month, proration for that month will continue to be at a flat rate of \$100 per day with no tier pricing involved. For a trading license that is in place for 11 calendar days or more in a calendar month, proration for that month will continue to be computed based on the number of days as applied to the applicable annual fee for the license.

The proposed changes are not otherwise intended to address any other problem, and the Exchange is not aware of any significant problem that the affected market participants would have in complying with the proposed changes.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with

³ See Securities Exchange Act Release No. 74407 [sic] (March 2, 2015), 80 FR 12228 (March 6, 2015) (SR-NYSE-2015-08). The trading license fee was initially set at \$40,000 in January 2009. See Securities Exchange Act Release No. 59140, 73 FR 80488 (December 31, 2008) (SR-NYSE-2008-130). In June 2011, the fee was changed to \$40,000 per license for the first two licenses and \$25,000 per license for any additional trading licenses. See Securities Exchange Act Release Nos. 64582 (June 2, 2011), 76 FR 33390 (June 8, 2011) (SR-NYSE-2011-23) and 66108 (January 5, 2012), 77 FR 1768 (January 11, 2012) (SR-NYSE-2011-71).

Section 6(b) of the Act,⁴ in general, and Section 6(b)(4) of the Act,⁵ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. The Exchange believes that the trading license fee is reasonable because it maintains the existing fee schedule, which has been in place since March 1, 2015. The Exchange also believes that the proposal to maintain the current fee schedule is equitable and not unfairly discriminatory because all similarly situated member organizations would continue to be subject to the same trading license fee structure and because access to the Exchange's market would continue to be offered on fair and non-discriminatory terms. The Exchange also believes that the proposal to maintain the current fee schedule is equitable and not unfairly discriminatory because all member organizations would continue to have the opportunity to enjoy the benefits of the fee relief with respect to additional trading licenses.

The Exchange believes that it is subject to significant competitive forces, as described below in the Exchange's statement regarding the burden on competition.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Exchange Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will keep trading license fees the same as they have been since March 1, 2015. As a result, the Exchange does not believe that the proposed rule change will place an unreasonable burden on current members because their trading license fees will remain the same. In addition, the Exchange does not believe that the proposed rule change will place an unreasonable burden on potential members because a potential member's fees will be the same as for a current member and pro-rated for licenses held for less than a year.

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive or rebate opportunities available at other venues to be more

favorable. In such an environment, the Exchange must continually adjust its fees and rebates to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. Because competitors are free to modify their own fees and credits in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited. As a result of all of these considerations, the Exchange does not believe that the proposed changes will impair the ability of member organizations or competing order execution venues to maintain their competitive standing in the financial markets.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁶ of the Act and subparagraph (f)(2) of Rule 19b-4⁷ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)⁸ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-76864; File No. SR-BATS-2015-122]

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Rules 27.1, Definitions, and 27.4, Temporary Rule Governing Phase-Out of P and P/A Orders

January 11, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 28, 2015, BATS Exchange, Inc. (the "Exchange" or "BATS") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6)(iii) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to authorize the BATS Options Market ("BATS Options") to delete its rule entitled "Temporary Rule Governing Phase-Out of P and P/A Orders" and amend any references in the rules to the Plan for the Purpose of Creating and Operating an Intermarket Linkage ("Linkage Plan").⁵

The text of the proposed rule change is available at the Exchange's Web site at www.batstrading.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) *Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

The purpose of the proposed rule change is to eliminate existing references to the Linkage Plan and also replace any references to the Linkage Plan with references to the Options Order Protection and Locked/Crossed Market Plan ("Plan") in order to clarify the current rules in effect.

On February 4, 2010, the Exchange filed the Plan, joining all other approved options exchanges in adopting the Plan.⁶ The Plan required each options exchange to adopt rules implementing various requirements specified in the Plan. The Plan replaced the former Linkage Plan. The Linkage Plan required Participating Exchanges⁷ to operate a standalone system or "Linkage" for sending order-flow between exchanges to limit trade-throughs.⁸ The Options Clearing Corporation ("OCC") operated the Linkage system (the "System").⁹ The Exchange adopted various rules in connection with the Plan to avoid trade-throughs and locked markets, among other things.¹⁰ The Exchange currently offers private routing directly to away markets.

The Exchange adopted a temporary rule entitled "Temporary Rule Governing Phase-Out of P and P/A Orders" ("Temporary Rule"),¹¹ in order to facilitate the participation of certain Participating Exchanges who may require the use of Principal Acting as Agent Orders ("P/A Orders")¹² and

⁷ The term "Participating Exchanges" refers to all options exchanges that had been approved to participate in the Linkage Plan.
