*Total Annual Burden:* 168,900 hours.

*Total Annual Cost:* No cost.

*Privacy Impact Assessment:* No impact(s).

*Nature and Extent of Confidentiality:* The Commission does not request that respondents submit confidential information to the Commission. If the Commission requests applicants to submit information that the respondents believe is confidential, respondents may request confidential treatment under 47 CFR 0.459 of the Commission's rules.

*Needs and Uses:* The Commission seeks to revise OMB 3060–0856 to conform this information collection to changes implemented in the Report and Order and Further Notice of Proposed Rulemaking (*E-Rate Modernization Order*) (WC Docket No. 13–184, FCC 14–99, 79 FR 49160, August 19, 2014).

Collection of the information on FCC Form 472 is necessary to establish the process and procedure for an eligible applicant to seek reimbursement from the E-rate program for the discounts on services paid in full to a service provider. The Universal Service Administrative Company (USAC) reviews the information collected on FCC Form 472, along with invoices from the service provider, to verify the eligibility of the services for E-rate support, approve the amount that should be reimbursed, ensure that each service provider has provided discounted services within the current funding year for which it submits an invoice to USAC, and confirm that invoices submitted from service providers for the costs of discounted eligible services do not exceed the amount that has been approved.

Collection of information on FCC Form 473 is necessary to establish that the participating service provider is eligible to participate in the E-rate program, confirm that the invoice forms submitted by the service provide are in compliance with the Federal Communications Commission's E-rate rules, and enable the service provider to certify its compliance with the E-rate rules. The FCC Form 473 is also used by USAC to assure that the dollars paid out by the universal service fund go to eligible providers.

Collection of information on FCC Form 474 is necessary to establish the process and procedure for a service provider to seek payment for the discounted costs of services it provided to billed entities for eligible services. After receiving an invoice from the service provider, together with an FCC Form 474, USAC is able to verify that the eligible and approved amounts can be paid. The FCC Form 474 is also used to ensure that each service provider has provided discounted services within the current funding year for which it submits an invoice to USAC and that invoices submitted from service providers for the costs of discounted eligible services do not exceed the amount that has been approved.

This information collection is being revised pursuant to program and rule changes in the *E-Rate Modernization Order* that require the collection of information necessary to allow USAC to make direct payments to applicants, and add service provider certifications to the FCC Form 473, the Service Provider Annual Certification Form. The information collection is also being revised to accommodate USAC's new online portal and the *E-Rate Modernization Order* requirement that the forms in this collection be filed electronically.

All of the requirements contained in this information collection are necessary for the Commission to ensure compliance by applicants and/or vendors with the requirement of the E-rate program, to protect the program from waste, fraud and abuse and to evaluate the extent to which the E-rate program is meeting the statutory objectives specified in section 254(h) of the 1996 Act, and the Commission's own performance goals established in the *E-rate Modernization Order*.
