Proposed Collection: Application for Consideration for the Media-Smart Youth Leaders Program: 0925-New, Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD), National Institutes of Health (NIH).

Need and Use of Information Collection: Media-Smart Youth: Eat, Think, and Be Active! is an interactive program designed to teach youth ages 11-13 about how media can affect their health. Developed by the NIH's Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD), the program includes 10 lessons on media analysis, nutrition, and physical activity, plus a final capstone project. The Media-Smart Youth Leaders Program is designed for teens and adults, ages 15 years and up, who are interested in bringing the Media-Smart Youth program to their

community. In return for recruiting youth participants, teaching the 10 lessons, and leading the final project, Media-Smart Youth Leaders will receive leadership experience, community service hours, and recognition from the NICHD. To help Leaders succeed, the NICHD will provide training, ongoing assistance, and a small funding amount for program expenses.

The purpose of this information collection is to solicit information from applicants about their qualifications that would make them effective Leaders, their reason for wanting to pursue this opportunity, and the details of their proposed program (including, but not limited to, location, community partner(s), and proposed budget). This information will help NICHD staff select the candidates for the program who are most likely to succeed in implementing the full curriculum and teaching youth effective lessons about nutrition, physical activity, and media.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 800.
