

enforcement, call or email Petty Officer Randolph Pahilanga, Waterways Management, U.S. Coast Guard Sector San Diego, CA; telephone (619) 278-7656, email [D11MarineEventsSD@uscg.mil](mailto:D11MarineEventsSD@uscg.mil).

**SUPPLEMENTARY INFORMATION:** The Coast Guard will enforce the special local regulations in 33 CFR 100.1101 in support of the Hanohano Ocean Challenge (Item 16 on Table 1 of 33 CFR 100.1101) in Mission Bay in San Diego, CA from 6 a.m. to 2 p.m. on Saturday, January 23, 2016.

Under the provisions of 33 CFR 100.1101, persons and vessels are prohibited from entering into, transiting through, or anchoring within this regulated area unless authorized by the Captain of the Port, or his designated representative. Spectator vessels may safely transit outside the regulated area, but may not anchor, block, loiter, or impede the transit of participants or official patrol vessels. The Coast Guard may be assisted by other Federal, State, or local law enforcement agencies in patrol and notification of this regulation.

This document is issued under authority of 33 CFR 100.1101 and 5 U.S.C. 552(a). In addition to this document in the **Federal Register**, the Coast Guard will provide the maritime community with advance notification of this enforcement period via the Local Notice to Mariners and local advertising by the event sponsor.

If the Captain of the Port Sector San Diego or his designated representative determines that the regulated area need not be enforced for the full duration stated on this document, he or she may use a Broadcast Notice to Mariners or other communications coordinated with the event sponsor to grant general permission to enter the regulated area.

Dated: January 4, 2016.

**J.S. Spaner,**

*Captain, U.S. Coast Guard, Captain of the Port, San Diego.*

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[EPA-R08-OAR-2015-0493; FRL-9941-46-Region 8]

### Approval and Promulgation of Air Quality Implementation Plans; Colorado; Revisions to Common Provisions and Regulation Number 3; Correction

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is approving State Implementation Plan (SIP) revisions submitted by the State of Colorado on March 31, 2010, May 16, 2012 and May 13, 2013. The revisions are to Colorado Air Quality Control Commission (Commission) Regulation Number 3, Parts A, B and D and Common Provisions Regulation. The revisions include administrative changes to permitting requirements for stationary sources, updates to the fine particulate matter less than 2.5 microns in diameter (PM<sub>2.5</sub>) implementation rule related to the federal New Source Review (NSR) Program, changes to address previous revisions to Air Pollutant Emission Notice (APEN) regulations that EPA disapproved or provided comments on, revisions to definitions, and minor editorial changes. Also in this action, EPA is correcting a final rule pertaining to Colorado's SIP published on April 24, 2014. In our April 24, 2014 action, regulatory text and corresponding "incorporation by reference" (IBR) materials were inadvertently excluded for greenhouse gas permitting revisions to the Common Provisions Regulation and minor editorial changes to the Common Provisions Regulation and Parts A, B and D of Regulation Number 3 (adopted October 10, 2010). This action is being taken under section 110 of the Clean Air Act (CAA).

**DATES:** This rule is effective on February 24, 2016.

**ADDRESSES:** EPA has established a docket for this action under Docket ID No. EPA-R08-OAR-2015-0493. All documents in the docket are listed on the [www.regulations.gov](http://www.regulations.gov) Web site. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are

available either electronically through [www.regulations.gov](http://www.regulations.gov) or in hard copy at the Air Program, Environmental Protection Agency (EPA), Region 8, 1595 Wynkoop Street, Denver, Colorado 80202-1129. EPA requests that if at all possible, you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view the hard copy of the docket. You may view the hard copy of the docket Monday through Friday, 8:00 a.m. to 4:00 p.m., excluding federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Jaslyn Dobrahner, Air Program, U.S. Environmental Protection Agency (EPA), Region 8, Mail Code 8P-AR, 1595 Wynkoop Street, Denver, Colorado 80202-1129, (303) 312-6252, [dobrahner.jaslyn@epa.gov](mailto:dobrahner.jaslyn@epa.gov).

### SUPPLEMENTARY INFORMATION:

#### I. Background

In our notice of proposed rulemaking published on September 14, 2015 (80 FR 55055), EPA proposed to either approve or take no action on revisions to Common Provisions Regulation and Regulation Number 3, Parts A, B and D submitted by the State of Colorado on March 31, 2010, May 16, 2012 and May 13, 2013. In this rulemaking, we are taking final action on revisions to Common Provisions Regulation which include adding compounds to the definition of "negligibly reactive volatile compounds" (NRVOC), clarifying NRVOC and volatile organic compound (VOC) testing methodologies within the definition of "volatile organic compound," and revising the definition of "incinerator" along with minor editorial changes. We are also taking final action on revisions to Regulation Number 3, Parts A, B and D which include revisions to State permitting requirements for stationary sources to incorporate changes to the federal NSR Program related to PM<sub>2.5</sub>, revisions to address past rule revisions that were disapproved or commented on by EPA, administrative revisions to permitting requirements for stationary sources in Colorado, and deferral of the permitting requirements for biogenic sources of carbon dioxide emissions to ensure consistency with federal greenhouse gas permitting requirements. The revisions also make several miscellaneous changes along with minor editorial changes. The reasons for our approval and taking no action are provided in detail in the proposed rule (80 FR 55055, September 14, 2015).

In this action, EPA is also taking final action to correct a final rule published in the **Federal Register** on April 24, 2014 (79 FR 22772). In this rule, we

inadvertently did not include regulatory text and corresponding IBR materials for our approvals to (1) greenhouse gas permitting revisions to Common Provisions Regulation, and (2) minor editorial changes to the Common Provisions Regulation and Parts A, B and D of Regulation Number 3 (adopted October 10, 2010).

**II. Response to Comments**

We received one comment on our proposed rule.

*Comment:* The State of Colorado requested EPA approve provisions that we proposed to exclude from the IBR material related to tertiary butyl acetate within the State’s Common Provisions Regulation. The State concludes that these provisions are consistent with federal requirements when read in conjunction with Regulation Number 3, Part A, Appendix B, which has been approved by EPA.

*Response:* Under a final rule promulgated on November 29, 2004 (69

FR 69298), tertiary butyl acetate is excluded from the definition of VOC for purposes of VOC emissions limitations and VOC content requirements, but continues to be defined as a VOC for purposes of all recordkeeping, emissions reporting and inventory requirements which apply to VOCs. We agree with the State that the federal reporting requirements for tertiary butyl acetate are met through the State’s inclusion of tertiary butyl acetate in Appendix B of the Commission’s Regulation Number 3, Part A which ensures that this compound would be reported to the State as a distinct class, separate from other VOCs. Therefore, we are approving within Common Provisions Regulation the words “Tertiary Butyl Acetate (2-Butanone)” in the definition “NRVOCs” and the last sentence in the definition of “VOC” stating the photochemical dispersion modeling requirement for tertiary butyl acetate.

**III. Final Action**

For the reasons expressed in the proposed rule, EPA is approving revisions to sections I.A., I.B., I.C., I.D., I.E., I.F., I.G., II.B., II.C., II.E.2. and II.H of the State’s Common Provisions Regulation from the March 31, 2010 submittal as shown in Table 1 below. We are also approving revisions to Parts A, B and D of the State’s Regulation Number 3 from the May 16, 2012 and May 13, 2013 submittals (Table 1), except for those revisions we are not taking action on as represented in Table 2 below. Finally, EPA is correcting regulatory text and IBR published in the **Federal Register** on April 24, 2014 (79 FR 22772).

A comprehensive summary of the revisions in Colorado’s Common Provisions Regulation and Regulation Number 3 Parts A, B and D organized by EPA’s action, reason for “no action” and submittal date are provided in Table 1 and Table 2 below.

TABLE 1—LIST OF COLORADO REVISIONS THAT EPA IS APPROVING

**IV. Incorporation by Reference**

In this rule, the EPA is including regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is incorporating by reference Colorado Air Quality Control Commission regulations discussed in section III, *Final Action* of this preamble. The EPA has made, and will continue to make, these documents generally available electronically through [www.regulations.gov](http://www.regulations.gov) and/or in hard copy at the appropriate EPA office (see the **ADDRESSES** section of this preamble for more information).

**V. Statutory and Executive Orders Review**

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable federal regulations (42 U.S.C. 7410(k), 40 CFR 52.02(a)). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this final action

merely approves some state law as meeting federal requirements; this final action does not impose additional requirements beyond those imposed by state law. For that reason, this final action:

- Is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, Oct. 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, Aug. 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
  - Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
  - Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and,
  - Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, Feb. 16, 1994).
- The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as

specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by March 25, 2016. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does

it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See CAA section 307(b)(2).)

**List of Subjects in 40 CFR Part 52**

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Greenhouse gases, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

**Authority:** 42 U.S.C. 7401 *et seq.*

Dated: December 21, 2015.

**Shaun L. McGrath,**  
*Regional Administrator, Region 8.*

40 CFR part 52 is amended to read as follows:

**PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS**

■ 1. The authority citation for Part 52 continues to read as follows:

**Authority:** 42 U.S.C. 7401 *et seq.*

**Subpart G—Colorado**

■ 2. Section 52.320(c), the Table is amended:

- a. Under “5 CCR 1001–02 Common Provision Regulation” by revising entries “I” and “II”;
- b. Under “5 CCR 1001–05, Regulation Number 3, Part A, Concerning General Provisions Applicable to Reporting and Permitting” by revising entries “I”, “II”, “V”, “VI”, “VIII”, and “Appendix B”;
- c. Under “5 CCR 1001–05, Regulation Number 3, Part B, Concerning Construction Permits” by revising entries “II” and “III”; and
- d. Under “5 CCR 1001–05, Regulation Number 3, Part D, Concerning Major Stationary Source New Source Review and Prevention of Significant Deterioration” by revising entries “I”, “II”, “III”, “V”, “VI”, “X”, “XIII”, “XIV”, and “XV”

The revisions read as follows:

**§ 52.320 Identification of plan.**

 BILLING CODE 6560–50–P

**FEDERAL COMMUNICATIONS COMMISSION**  
**47 CFR Part 8**  
**[GN Docket No. 14–28; DA 15–1425]**  
**Protecting and Promoting the Open Internet**  
**AGENCY:** Federal Communications Commission.  
**ACTION:** Final rule.

**SUMMARY:** The Commission, via the Consumer and Governmental Affairs Bureau (CGB or Bureau) temporarily extends an exemption for smaller broadband Internet access service providers from compliance with certain enhancements to the exiting transparency rule that governs the content and format of disclosures made by providers. The exemption is available to providers with 100,000 or fewer broadband connections as per the provider’s most recent Form 477,
