(2) Sponsors must collect annual reports from their exchange teachers detailing the cross-cultural activity component of their exchange program. The annual report does not have to be in a specific format, but must include the exchange teacher's full name and the program sponsor's name. The report section about the cross-cultural activity component must contain the following information:

- (i) The date(s) of each activity;
- (ii) The location of each activity;
- (iii) The audience for and participants in each activity;
- (iv) A general overview of each activity, including the topic; and
- (v) The estimated impact of each activity.

(i) *Location of the exchange.* Exchange teachers must participate in exchange visitor programs at the accredited primary or secondary schools listed on their Forms DS-2019 or at location(s) where the institutions are involved in official school activities (e.g., school field trips, teacher development programs);

(j) *Duration of participation.* Exchange teachers may be authorized to participate in the Exchange Visitor Program for the length of time necessary to complete the program, which may not exceed three years unless a specific extension of one or two years is authorized by the Department as set forth in paragraph (k) of this section.

(k) *Program extensions.* (1) Sponsors may request from the Department an extension of an exchange teacher's exchange by either one or two years, but not by a semester or by other fractions of academic years.

(2) The sponsor's request for extension must include:

(i) A letter of reference on official letterhead written by the host school or host school district administrator responsible for overseeing the exchange teacher that describes the exchange teacher's performance during the previous three years of the exchange and how the host school has benefited from the exchange teacher's presence; and

(ii) a document describing how the exchange teacher over the previous three years has engaged his or her classroom, the wider host school or host school district, or community through the cross-cultural activity component, if these activities are not already detailed in the exchange teacher's annual reports.

(3) Sponsors must submit their extension request and supporting documentation for the extension to the Department no later than three months prior to the beginning of the desired extension period for the exchange teacher.

(4) Sponsor requests for extension must include proof of payment of the required non-refundable extension fee as set forth in § 62.17.

(5) The Department, at its discretion, may authorize a sponsor to extend an exchange teacher's participation for either one or two additional years beyond the initial three-year exchange period. Sponsors must comply with all Department guidance on creating an extension record for the teacher within SEVIS.

(6) Sponsors that applied for a two-year extension on behalf of a host school and its exchange teacher and received permission from the Department only for a one-year extension may apply again to extend the program of that host school's exchange teacher for one additional year by following the procedures set forth in paragraphs (k)(2)–(4) of this section. The sponsor should include with such additional extension request a copy of the prior extension request submitted to enable the initial one-year extension.

(l) *Repeat participation.* Foreign nationals who have successfully completed teacher exchange programs are eligible to participate in additional teacher exchange programs, provided that they have resided outside the United States for at least two years following the successful completion of their most recent teacher exchange program and continue to meet the eligibility requirements set forth in paragraph (d) of this section.

DATES: This final rule is effective February 29, 2016.

SUPPLEMENTARY INFORMATION:

I. Background for Our Final Action

The background for today's final rule is discussed in detail in our June 19, 2015 proposal (see 80 FR 35295). The comment period was open for 30 days and we received no comments.

II. Final Rule

EPA is approving the SIP revisions submitted by Utah on January 28, 2010, September 16, 2010, June 18, 2013 and August 29, 2014. We are approving the January 28, 2010 revisions to R307-405-2, with the exception of the proposed change to the incorporation by reference date, and approving all of the revisions to R307-102. We are approving the June 18, 2013 SIP revisions, with the exception of the non-substantive change to re-number R307-410-5(1)(d) to R307-410-5(1)(c)(i)(C). The August 29, 2014 submittal's newly amended rule supersedes and replaces all previous versions of submittals of R307-101-3, *General Requirements, Version of Code of Federal Regulations Incorporated by Reference*. EPA is approving the August 29, 2014 revisions. Previous submittals were received on January 28, 2010, September 16, 2010, April 26, 2012 and November 4, 2013. No further EPA action is required on those earlier submittals.

III. Incorporation by Reference

In this rule, the EPA is including in a final EPA rule regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is proposing to incorporate by reference the Utah Division of Air Quality rules regarding rules, general requirements, and test methods discussed in the June 19, 2015 proposal (FR 35295). The EPA has made, and will continue to make, these documents generally available electronically through www.regulations.gov and/or in hard copy at the appropriate EPA office (see the **ADDRESSES** section of this preamble for more information).

IV. Statutory and Executive Orders Review

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable federal regulations 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state actions, provided that they meet the criteria of the Clean Air Act. Accordingly, this final action merely approves some state law as meeting federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact in a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**.

This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by March 29, 2016. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)
