SUPPLEMENTARY INFORMATION:

Title: Importation and Transportation of Meat, Poultry, and Egg Products.

OMB Control Number: 0583–0094.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary of Agriculture (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products and Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). FSIS protects the public by verifying that meat, poultry, and egg products are safe, wholesome, not adulterated, and correctly labeled.

FSIS is planning to request a renewal of this approved information collection because it is due to expire on May 31, 2016. This information collection includes (1) foreign inspection certificates required by FSIS to export meat, poultry, and egg products to the United States (9 CFR 327.2 and 381.196); (2) documentation required by FSIS for official import establishments to pre-stamp imported product with the inspection legend before reinspection is complete (9 CFR 327.10(d) and 381.204(f)); and (3) documentation required to transport meat and poultry shipments under seal (FSIS Form 7350–1, Request and Notice of Shipment of Sealed Meat and Poultry) (9 CFR 325.5).

(1) Foreign countries that wish to export meat, poultry, and egg products to the United States must establish eligibility to do so by putting in place inspection systems are “equivalent to” the U.S. inspection system (9 CFR 327.2 and 381.196) and by annually certifying that they continue to do so. Meat, poultry, and egg products intended for importation into the U.S. must be accompanied by an inspection certificate signed by an official of the foreign government responsible for the inspection and certification of the product (9 CFR 327.4, 381.197, and 590.915).

(2) Import establishments that wish to pre-stamp imported product with the inspection legend before FSIS

inspection is complete must submit a letter to FSIS that explains and requests approval for the establishment’s pre-stamping procedure (9 CFR 327.10(d) and 381.204(f)).

(3) Unless accounted for in an establishment’s HACCP plan, meat and poultry products that do not bear the mark of inspection and that are to be shipped from one official establishment to another for further processing must be transported under USDA seal to prevent such unmarked product from entering into commerce (9 CFR 325.5). To track product shipped under seal, FSIS requires the shipping establishment to complete FSIS Form 7350–1, which identifies the type, amount, and weight of the product.

FSIS has made the following estimates on the basis of an information collection assessment.

Estimate of Burden: FSIS estimates that it takes each respondent an average of 29.6 hours per year to complete the foreign inspection certificates, pre-stamp documentation, and documentation required to transport meat and poultry shipments.

Respondents: Importers, establishments, foreign governments.

Estimated No. of Respondents: 136.

Estimated No. of Annual Responses per Respondent: 650.

Estimated Total Annual Burden on Respondents: 4,026 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 1400 Independence SW., Room 6077, South Building, Washington, DC 20250, (202) 690–6510.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS’s functions, including whether the information will have practical utility; (b) the accuracy of FSIS’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
